

The Health of the Hair

is indicated by its condition. When the natural secretions decrease, when the hair becomes dry, splits at the ends and comes out in combing; when the gloss disappears and the hair becomes gray or faded, the ill health of the hair is indicated. The success of AYER'S HAIR VIGOR is due to the fact that it restores the hair-producing organs to their natural vigor. It encourages and promotes the secretions of the hair follicles, and thus gray or faded hair regains its original color, new growth begins, and lost lustre is restored.

"I have used

Ayer's Hair Vigor

for fifteen years. It causes the hair to keep its natural color and is a positive cure for baldness. - T. H. WELLS, M.D., Westport, Pa.

"Fit-Reform" coats are moulded into the shape of chest, shoulders and collar, by hand stitching, with needle and thread.

Cheap "Custom made," and all other "Ready made" clothing is merely pressed into a semblance of this form, with a hot flat iron.

One, being linen stayed throughout, taped at the edges and worked into concavity by silk stitching, keeps its shape while the cloth lasts.

The other loses its form the first day it is worn.

There is a little difference in the cost, but an enormous difference in the wear and appearance of these two kinds.
