WITNESSES SWEAR MRS. CURREY WAS ALWAYS GOOD MOTHER; MR. CURREY'S WIFE DECEASED SENSATIONAL

Special to The Standard.
Fredericton, N. B., July 8.—The Currey divorce case was continued this afternoon. Mr. Teed concluded his cross-examination of Mrs. Currey shortly after three o'clock, having occupied some three hours. His examination was most searching and thorough. Mr. Skinner re-examined the witness but occupied but a short time, owing to Mrs. Currey's counsel having several witnesses present who desired to leave by tonight's train. The conclusion of the evidence on Mrs. Currey's side of the case, which consists of the reading of the evidence taken at the former trial was postponed until the witnesses were called and examined.

Thomas Merriman, sworn, said that he acted as butcher for Magee's & Son, grocers, St. John, and his store was situated opposite the Currey residence on Charlotte street. On one occasion he said he heard Mr. Currey talking very loudly in his house. He did not know the circumstances which led up to it. Mr. Currey seemed to be in a cross but beyond this he could say nothing regarding the disturbance. On one occasion he heard Mrs. Currey crying loudly at her residence, which led up to the door of his shop and the next thing he saw was Mrs. Currey lying across the door steps crying loudly. Mr. Currey stood in the doorway in his shirt sleeves, the evidence returned in to the house and Mrs. Currey returned into the house and Mrs. Currey got up and went down stairs. The next thing he saw was Mr. Currey coming out of the house with coat and hat on and a cigar in his mouth. He joined Mr. Flood with whom he walked down street as if nothing had happened.

Mrs. Knight on the Stand
Mrs. Maria Knight was next called. She said she resided on King street East and had been an intimate friend of Mrs. Currey for eight years. Mrs. Currey had been an attendant and worker in the church. They had an association in connection with the church, which had been organized by the present Bishop Richardson. This association met every Wednesday afternoon. Mrs. Currey was a member, a regular attendant and took much interest in the work. Mrs. Knight said she had visited the Currey home on several occasions. She knew her well, and thought that Mrs. Currey was a good mother, the children well cared for and the house kept in good condition. She was called by the mother of the youngest child, about 3-years of age. Mrs. Currey came to her house one day crying and appeared in a most troubled condition. She looked most unhappy and wretched. They had a conversation in which Mrs. Currey eventually told her what the trouble was. In consequence of what she said she showed marks on her shoulder were marks of fingers. There were also marks on the shoulder blade and the neck. She thought that Mrs. Currey was quick and impulsive, but she had never seen her lose her temper or ill-treat any one. One winter she was connected with Mrs. Currey in Seaman's Mission work and for two years she had been associated with Mrs. Currey in an association called "The Round Table Literary Club." In all works of which the witness had been associated with Mrs. Currey, she had nothing but the greatest praise to bestow on behalf of Mrs. Currey. Mr. Skinner briefly cross-examined the witness but nothing new was brought out.

Former Servant Testifies.
Ethel Lulliketter, the next witness, said that she was formerly Ethel Grey. On the 11th of May 1905, she hired as nurse girl to Mrs. Currey. After living in the city with her a few days she went with Mrs. Currey and the younger children to Woodman's Point, the elder children remained in St. John to go to school. The girl Victoria Short, had charge of the children in the city. Mr. Currey would come to the Point in the evenings and the eldest children would spend Sunday there.

When Mrs. Currey continued his testimony this morning there were many interruptions. Mr. Teed claiming that the witness talked too much in answer to the questions put. Mr. Currey said that his wife used on several occasions to come home late at night and when he asked her where she had been and who came home with her she would answer in a loud voice "none of your damn business." The witness then read the evidence wherein he claims that Mrs. Currey was altogether too intimate with the servants and in support of his testimony gave a number of instances. He also stated that Mrs. Currey complained to his wife of her familiarity with other people. On one occasion, on a trip from St. John to Eastport she sat on deck with a man who was not her partner, a decent woman to associate with. The witness was very angry and he went to his wife and said, "you must leave this man's company at once, I will leave you, because he is a blackguard." She paid no attention to him. When they arrived at Eastport the witness fully intended to leave his wife but she came to him and begged for mercy. The only thing that prevented him from carrying out his intention was for the sake of the children. There were three then. Mr. Currey repeated in detail the evidence given in the former trial as to the children and declared Mrs. Currey went about St. John and tried to injure him among his clients and fellow lawyers, a thing which she abhorred. The witness finished his direct evidence at 11 o'clock and Mr. Teed then began the cross-examination. During the trial Mr. Hanington received a telegram announcing that Mrs. Currey's house at Westfield with all its contents had been destroyed by fire last night. Mrs. Currey, who was in court was greatly overcome. Everything she said in the world she cried, we in that house. His Honor expressed sympathy and the court took recess for a few minutes. Mrs. Currey said the house was vacant as she has all her family here. The court re-assembling Mr. Teed continued his cross-examination, being very strict and thorough.

Special to The Standard.
Camp Sussex, July 8.—The weather today has been the best for drill purposes since the troops came into camp. A cool breeze from the north made it very comfortable for the men. General Dryden finished his inspection today at noon and left for Newcastle on the C. P. R. express where he will inspect the Newcastle field battery. General Dryden spoke in the highest terms of the general efficiency of all arms in camp here. This forenoon the infantry brigade was formed up and put through different movements of brigade drill under Lieut. Col. Vince. As camp draws to a close the drills become more picturesque. The party sheets are about completed and signed. The official cheques for the various commands will be issued tomorrow afternoon.

Preparing to Break Up.
Preparations are already under way for the breaking up of camp. Marching orders were issued today. Transport requisitions will be issued tomorrow. The officers of the 74th Regiment met here their annual mess meeting last night. Lieut. Col. Fairweather, president, was in the chair. The financial condition of the mess was found to be excellent. Several improvements were recommended for next year. A tactical scheme for all arms of the service camp will be carried out tomorrow. This is better known as "the sham fight." Much credit is due Major Massey, C. A. S. C. O., for his kindness in sending army service corps teams to gather up wood for the camp fire and to Captains Wetmore and Golding for organizing the entertainment which consisted of hand music, dancing, readings, and athletic feats. The selections of the 74th band were particularly praiseworthy, also the selections by Piper MacLaren. All troops west of Sussex will leave for home tomorrow and on the following day troops for east of Sussex will entrain.

Camp Orders
Camp orders by Colonel Geo. Rolt White, commanding are:—
Field officer of day tomorrow, Captain Sumner 7th Reg.; next for duty, Captain Thomas, 71st Regiment, Medical officer of the day tomorrow, Maj. Weaver, No. 6 field ambulance, A. M. The 71st Regiment will furnish the camp guard, platoon and band for duty tomorrow. The following officers will act as umpires during the tactical manoeuvres on the 9th inst.: Officer commanding Brown force, Lieut. Col. Mersereau; officer commanding White force, Lieut. Col. Fairweather. Umpire in chief, Col. Geo. Rolt White, camp commandant.
Umpires, Brown Force—Lt. Col. Vince, Lt. Col. Oglivie, Major Massey, Major McAvity, Capt. Jacques, Capt. Power.
Umpires, White Force—Lt. Col. Campbell, Lt. Col. Wedderburn, Maj. L. B. Anderson, Lt. Col. MacLaren, Major Fiset, Capt. Wood.
All orders issued by O. C. White and Brown forces respectively, whether issued in camp or in the field will be in writing with a duplicate copy for the umpire in chief. Umpires will record their observations in tabular form, give the hour and place. This report to be signed and handed in to the umpire in chief, at close of the manoeuvres.
Officers commanding the respective forces will be responsible that no trespass is committed on private property during the manoeuvres.
Twenty rounds of blank ammunition per carbine and rifle will be issued. O. C. units are held responsible that each N. C. O. and man under their respective commands, is thoroughly searched before the above mentioned is issued. Any ball ammunition found in the ball bags, pouches or elsewhere is to be taken into store immediately.

RAILWAY BLOWN UP, SHERIFF ASSAULTED, BUILDINGS RIDDED WITH BULLETS BY STRIKERS

Special to The Standard.
Montreal, July 8.—The following were some of the outstanding incidents occurring in the strike during the night and today: The blowing up of the S and L track at Caledonia, the burning of a shack and the stoning of a train at No. 6, the assault of the sheriff at No. 4 and the mauling of Manager Maxwell of No. 11.

Property Burned
Strikers stormed the gates at Dominion No. 6, last night, burned some property of the Dominion Coal Company and poured volleys of shots into the buildings of the plant. The fence around the mine was almost completely demolished and the force of constables there had all it could do to prevent the rioters from getting at the machinery.

Troops Needed.
On the first Sunday morning of the present strike the troops were urgently needed as conclusively proven by the attack on No. 6 and there is wonder today that no one was killed in the melee. Another feature which has ever been a characteristic of the American strike is witnessed here for the first time. Heretofore, the women of Nova Scotia abstained from taking part in demonstrations of violence in the hour of strike, but yesterday and today found quite a number of them both at Dominion No. 1, and No. 3, throwing themselves in the very forefront of the aggressors.

Railway Track Blown Up.
The Sydney and Louisbourg Railway track near Caledonia Junction was blown up this morning. A charge of blasting powder had evidently been inserted under the rails. The damage, however, was only slight and repairs were effected shortly. Those responsible for the outrage have not, so far, been detected. Fortunately no train was near when the track was broken and the object of the miscreants was frustrated.
