20 BARS, DULCE in prime order. For sale by HASTERS & PATTERSON, 19 South Mark et Wharf.

FINNISH HERRING, J. H. P. PUDINGTON & CO.

Journal would lend any of the present representatives.

Our Government has very properly sent a telegraphic protest against amendments that have been proposed to shipping bills now before the Imperial House of Commons. This protest

should be followed by a demand for the exemption of Canada from the operation of any new bill to which she does not expressly give her assent.

At Madam Junction, on Saturday, a young man named Geo. W. Bonnell, of Fredericton, a brakeman on the N. B. & C. Railway, had his foot so badly bruised by the cars that amputation was rendered necessary. He was adjusting the alarm line, the train being in motion, and the line got entangled about his waist, and when jumping from one car to another it caused him to fall to the ground between the wheels.

Want of harmony is still the bane of the St. Stephen School Board. At the meeting of the Town Council, Mr. Waterbury resigned his position as Chairman of the School Com., after learning that certain members appointed by the Council, had accepted office. He stated his reason for doing so, that after what had passed at the last meeting of Council it would be beneath his dignity and manhood to serve in that capacity. He has given an honest report, on a previous occasion, of the condition of Trustees Books and other matters, would do so again, and such a course might be construed into a desire on his part for re-entrance. After a spat between the Mayor and Mr. Waterbury, the resignation was accepted.

Nova Scotia News. Halifax must be pleasantly rural. One of the papers tells us that flocks of wild geese daily fly back and forth across the bay (on the coast) the woods are full of robins, squirrels, rabbits, and other game, and the air is filled with the sound of the whistling and the chirping of the birds.

The Governor of Nova Scotia has presented to C. Lawrence, late master of the brig "Lily," of Hantsport, a gold watch, awarded to him by the Board of Trade, and lately continued to pay \$85,000 assured debts. The firm has offered to compromise an \$40 cents on the dollar. The firm has a milling establishment at Margaree Bay, loss \$7000 by this fire. Other losses are \$100,000 by the John Miller & Co. victuallers, for \$120,000; J. D. Tucker & Co. general agents, for \$100,000; and the DeWolff family, for \$100,000.

At Woodbridge, Ont., on the 9th, Kate Blake was found guilty by the coroner's jury of killing her illegitimate child by cutting its vital windpipes. The body was found some time after it was buried, and the coroner's jury found her guilty of manslaughter. She was sentenced to the penitentiary for one year.

A special train from Kansas City says that on Friday of last week, a man named John Miller & Co. victuallers, for \$120,000; J. D. Tucker & Co. general agents, for \$100,000; and the DeWolff family, for \$100,000.

Portland Town Council has a meeting Tuesday afternoon. A meeting of the Common Council called for to-morrow afternoon. City sneak thieves have at last been caught. They were seen in the morning.

The Spelling Matches have reached our city schools and will form a feature in the examinations next week. The Bishop has confirmed sixty persons in Trinity church and seventy in the Stone church. The rite is being administered in St. Jude's, on Saturday.

Another alarm of fire was caused this morning by a spark lighting on the roof of Messrs. Fairbanks & Co. picture shop, Germain street. The engines were not required.

The Chief of Police denies that he has an entrance to his house through the Stone Church grounds. He passed through the alley between the Institute and the church and through a gate belonging to the former building.

The St. John and Mutual Base Ball Clubs hold a meeting this evening to re-organize and amalgamate under the name of Mutual for the coming summer campaign. The Shamrocks and the Association meet to-night at the Irish Friendly room.

A barrel of shavings in the attic of a house in Duke street, owned by Mr. James McSorley, caught fire yesterday afternoon and caused considerable damage. The house was occupied by several tenants. A shed on fire at Seven Cove caused another alarm last evening.

The society at the Portland Temperance Hall last night was attended by about eighty couples, who spent a very enjoyable evening. The tables were well supplied and waited upon by the fair ladies of the band.

At Woodbridge, Ont., on the 9th, Kate Blake was found guilty by the coroner's jury of killing her illegitimate child by cutting its vital windpipes. The body was found some time after it was buried, and the coroner's jury found her guilty of manslaughter. She was sentenced to the penitentiary for one year.

Shipping Notes. Drift wreck.—The brig Ellen P. Stewart, at New York from Cardenas, reports having in lat. 36.10, lon. 75, (no date), passed a portion of the deck of a vessel of about 250 tons, apparently but a short time in the water.

Scissors.—The Government steamer Lady Head left Halifax yesterday for her usual visit to Sable Island. The schooner Mary Pickard, which sailed hence for Boston on the 11th inst., went ashore at Ram's Head on the 13th. She was towed off the same night, leaky with rudder gone and keel damaged, and taken into Boston.

Point Lepreau, April 15, 9 a. m.—Wind E, light, clear; stmr. New Brunswick in sight outward.

Dr. Arnold requests us to state, that he will give attendance and medicine free to all the poor of the Province, at the Victoria Hotel, from 2 till 4 o'clock every day, during his stay in St. John, which will be until October next. Im

The Fall Fire Investigation. The Police Magistrate attended at the Jail yesterday afternoon to hold the preliminary examination in the case of William Brown and Jas. Vaughan charged with setting fire to the Jail on the 11th of February. Several witnesses were examined in relation to the condition of that part of the building where the fire was discovered and the evidence was that it could not have caught from the chimney.

Deputy Sheriff Rankin, Turkey Clark, and John Vaughan were also examined respecting the discovery of the fire and were all of opinion that it had been set by the prisoners, who had heated a poker red hot and ignited the laths of the ceiling. A barred lath, with a hole about the size of the poker was shown, but Vaughan protested that this was manufactured evidence brought forward to condemn him. This prisoner constantly denied the truth of the statement, and at the close of the examination made a statement, after the usual caution by the Magistrate. His story was that on the night of the fire he was in the cell of Princess street, and noticed that the wind blew directly on the Jail. He saw several large sparks borne through the air fall in the jail yard. After a while he heard a smothered fire in the cell and gave the alarm. His story appeared to be that the sparks from the Princess street fire had fallen on the roof of the Jail and caused the fire.

Mr. Brown, who appeared to be the most dangerous of the two, is kept confined, for fear of committing further damage.

A British officer, writing from Teheran, Persia, to the London Times, remarks: "A Calcutta Pill, manufactured by an American Chemist (Dr. J. C. Ayle, of Lowell, Mass.), has cured the Shah of a Liver Complaint that threatened his life. This simple fact, as might be expected, rendered the Americans immensely popular in Persia. The Shah, who is a man of great energy and a devoted follower of his religion, has been cured of a disease which he had contracted in his youth, and which he had long considered incurable. He is now in the best of health, and his recovery has been attributed to the merits of the Calcutta Pill. The Shah is a man of great energy and a devoted follower of his religion, and his recovery has been attributed to the merits of the Calcutta Pill. The Shah is a man of great energy and a devoted follower of his religion, and his recovery has been attributed to the merits of the Calcutta Pill.

Another Attempt at Arson. Messrs. Till and Albert Chittick were passing along Duke street between 8 and 9 last evening, when they observed the reflection of a light on the wall of a building. They were attracted to the light, and saw a man in a dark coat, who was lighting a pipe. The man was seen to enter the building, and the light was extinguished. The man was seen to enter the building, and the light was extinguished. The man was seen to enter the building, and the light was extinguished.

Enormous.—No medicine that has ever been introduced into these Provinces enjoys the enormous sale that Father's German Sufferings. The reason is obvious, because of the grand fact notorious throughout the United States and the Dominion of Canada, that it cures every kind of disease catarrh, when all other remedies fail.

A Cold Bath. Among the arrivals by the Western train last evening was a drove of Canadian cattle. In removing these from the cars an indignity was done to the keeper and shipping of the wharf, which was the subject of a complaint to the Police Magistrate. The man in question was seen to enter the building, and the light was extinguished. The man was seen to enter the building, and the light was extinguished.

Famous.—R. Butterick & Co.'s catalogue for Spring, also the weekly Metropolitan, monthly Delinquent and quarterly Review to be had at the agency, 68 Germain street.

A Clean Institution. The visitors at the Jail yesterday could not fail to be favorably impressed by the admirable condition in which the institution was found. The floors were as clean as water could make them, the walls refreshingly white, and everything apparently in first-class order. In the lavatory the brass work of the water taps was polished so as to look like gold, and everything was so suggestive of cleanliness that it is no wonder so many "simple drunks" are glad to "go up" for brief periods. Jack Driscoll, who is at present an inmate of the Jail, is an inveterate assistant to Mr. Rankin, being active, willing, neat and scrupulously economical with the stores entrusted to his care. His term expires on Saturday, but he allows very little of his time to be wasted at liberty and will probably soon return. Jack's only failing is drink. His honesty has never been called in question, and he has never been charged with any serious crime.

Stock at Auction. Mr. Hamilton sold at auction to day 8 shares of Bank of New Brunswick stock to Mr. Alex. Jardine for \$90. A New Pier Bond was sold at \$5 to Mr. Oliver Stone and a \$1700 Water Debiture to Mr. H. O. Stockton at \$9.

Off the Track. A train of platform and box cars left the Intercolonial station early yesterday afternoon on reaching Boundary Creek, near Salisbury, eight of the cars were thrown from the track by a broken rail. Word was sent to the station here and an engine went up the line last night, returning with the cars this morning. No serious damage was sustained.

The Sugar Question. Mr. Donville has applied to His Worship for permission to erect a platform on the Market Square, from which to address the citizens on Saturday next. He claims that the recent action of the Government in making a reduction to suit Redpath's Refinery, Montreal, will materially injure here in the importation of sugar from the West Indies.

When Hazlett's house was searched yesterday, no stolen property was found, but it is expected that some important evidence will be added this week, and so far the case against the prisoners looks strong.

The Police appear to have worked up the case with considerable energy.

More Thieves Captured.—Attempted Suicide. On the 13th of February last a writing desk was stolen from the house of Mr. J. Harrison, Bridge Road, under circumstances which pointed out a lad named Wm. H. Hazlett as the thief. Mr. Harrison and family were absent in Europe and the house was in charge of Mrs. Margaret Shanks, to whom the desk and contents belonged. The articles stolen consisted of three brooms,
