A Sure Corrective of Flatulency.—When the undigested food lies in the stomach it throws off gases, causing pain and oppression in the stomachic region. The belching or eructation of these gases is offensive, and the only way to prevent them is to restore the stomach to proper action. Parmelee's Vegetable Pills will do this. Simple directions go with each packet and a course of them taken systematically is certain to effect a cure.

CAIRO

A public meeting was held in the town hall on the 9th instant in the interests of temperance, when this township was organized for the approaching campaign, and a determined effort is being put forth to carry prohibition to a successful issue.

On Friday evening at the home of W. J. Davis, our popular reeve, the members of the council and officers of the corporation assembled to manifest their regard for him. Burgess, councillor, was appointed chairman and Harvey Annett was called upon and read a suitable address, complimentary to Mr. Davis for his success in administering the affairs of the township and rendering his home so happy and comfortable. A commodious and up-to-date secretary's desk was presented on behalf of the members and officials of the township. Mr. Davis was taken by surprise but soon recovered himself and thanked those present for the address and beautiful and convenient article presented. WHAT IS A CURE?

IS IT A TEMPORARY OR PERMANENT CONDITION?

Let us get down to brass tacks. Is there any such thing as a cure? You may eradicate every trace of disease from your system and be restored to your former state of health—but you haven't attained a cure. Why? Because as long as disease germs are prevalent in the universe you may be afflicted again.

Take for example: a man has a terrible headache for days. It has driven him almost insane, sapping his energies and making him incapable of working. He tries doctors, takes prescriptions, and finally finds a preparation that makes him fit again. Immediately he says, "I'm cured."

Six months later his head begins to ache. What does he say? "Here's my old headache back again, that medicine was a fake!"—or does he say, "Another attack! We'll soon knock that out!" and commences the use of the remedy that relieved him before.

This happens in many cases of Rheumatism, Lumbago, Neuritis, Neuralgia, E Rheumatic Capsules remedy these diseases. They are 99% effective by actual record.

Use T. R. C.'s whenever you have rheumatic trouble.
