Canada's notification of provisional application of Agreement deposited at Geneva, November 7, 1980.
Canada's Instrument of Ratification deposited at New York, December 15, 1981.
Enters into force definitively, April 15, 1982.

Final Acts of the World Administrative Radio Conference, Geneva, 1979.
Done at Geneva, November 19, 1979.
Signed by Canada, subject to approval, November 19, 1979.
Canada's Instrument of Approval deposited at Geneva, April 27, 1982.
The following Reservations by the Government of Canada were deposited April 27, 1982.

Mobile satellites operating in the UHF band: In developing its mobile-satellite systems under Radio Regulation 641 Canada agrees that such systems should be coordinated and notified according to Articles 11, 12, 13 and 14. However, once such satellites are placed in operation, Canada considers that these systems operate with a primary status for the duration of their operational life.

HF broadcasting: Canada considers that the problem of severe congestion of the bands allocated to the broadcasting service at HF below 9 MHz was not resolved by the World Administrative Radi Conference (Geneva, 1979). A proposal by Canada for the addition of 100 kHz of spectrum between 7,300 and 7,400 kHz for this service on a world-wide basis, which would have helped to solve the problem, was rejected at the Conference by a narrow margin. For this reason, Canada reserves the right, in approving the Final Acts, to satisfy certain of its broadcasting requirements in the band segment 7,300-7,400 kHz. Insofar as possible Canada, of course, will respect the rights of administrations operating in accordance with the Final Acts of the World Administrative Radio Conference (Geneva, 1979).

Sixth International Tin Agreement.
Concluded at Geneva, June 26, 1981.
Signed by Canada at New York, April 29, 1982.
Canada's notification of provisional application deposited at New York, May 11, 1982.

1979 International Convention on Maritime Search and Rescue.
Done at Hamburg, April 25, 1979.
