Kemp's 20th Century Manure Spreader.

A CROP-MAKER and A LABOR-SAVER.

J. M. LeMoine, Director. Government Agricultural School, Compton Model Farm, Compton, Que., Aug. 19, 1903.
Mr. J. L. Thornton, Barnston, Que.:
Dear Sir,—Some years ago I used two of the Kemp Manure Spreaders which gave me the greatest satisfaction. I found the manure was well pulverized and evenly spread on the land. The result was an even crop. I have no hesitation in strongly recommending your Spreaders as one of the best labor-saving machines of the day. I consider that they are indispensable to good farming at present.
Yours truly, JOHN M. LEMOINE, Director.

Metal ceilings and wall decorations render the interior of your building fire-proof. They also add a beauty and attractiveness which wood and plaster fail to give.
