

MILBURN'S LAXA-LIVER PILLS

Stimulate the Sluggish Liver.

Clean the coated tongue, sweeten the breath, clear away all waste and poisonous material from the system in Nature's easy manner, and prevent as well as cure Constipation, Sick Headache, Biliousness, Heartburn, Catarrh of the Stomach, Sour Stomach, Water Brash, and all troubles arising from a disordered state of the Stomach, Liver or Bowels.

Mrs. J. C. Westberg, Swan River, Man., writes: "I suffered for years, more than tongue can tell, from liver trouble. I tried several kinds of medicine, but could get no relief until I got Milburn's Laxa-Liver Pills. I cannot praise them too highly for what they have done for me."

Price 25 cents a vial, or 5 for \$1.00, at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

ELECTRO BALM CURES ECZEMA

Also Piles, Burns, Scalds, Sores, Chapped Hands and Face. Write for sample and booklet of testimonials. 50c. a box at all dealers, or THE ELECTRIC BEAN CHEMICAL CO. LIMITED, Ottawa.

POPULAR LODGE SOUTHDOWNS AND BERKSHIRES—For sale: A high-class show flock of Southdowns, also shearing rams and ewes, and ram and ewe lambs. Berkshires of both sexes and all ages; right good ones. An honest representation in my medicine. **SHERSON LEMON, Kettlesby P. O., Ont., Assara Station.**

"They talk about a woman's sphere as though it had a limit. There's not a place on earth or heaven. There's not a task to mankind given, There's not a blessing or a woe. There's not a whisper, yes or no. There's not a life, there's not a birth, That has a feather's weight of worth Without a woman in it."

CURE MEN AND WOMEN ALIKE

**What Dodd's Kidney Pills
Did for One Family.**

Cured Chas. Bell of Rheumatism and His Wife of Inflammation of the Kidneys—Mrs. Bell's Statement.

North Range, Digby Co., N. S., March 7.—(Special.)—That Dodd's Kidney Pills cure the Kidney ills of men and women alike is shown in the cases of Mr. and Mrs. Chas. Bell, of this place. A short time ago Dodd's Kidney Pills cured Mr. Bell of Rheumatism, from which he had suffered for ten years. This led Mrs. Bell to try them for inflammation of the Kidneys, and she makes the following statement:

"I was troubled with inflammation of the Kidneys for twenty-four years. Some few years ago I got worse, and was laid up for a long time. When I was able to be up again, the doctor told me I must on no account do any work. I suffered from Dropsy, and my feet would swell so I could not wear my shoes.

"My husband benefited so much from taking Dodd's Kidney Pills, I decided to give them a trial, and though I have taken only three boxes, I am well, and can wear my shoes and do nearly all my own housework. I cannot say too much for Dodd's Kidney Pills."

Dodd's Kidney Pills make weak Kidneys strong, and sick Kidneys well.

QUESTIONS AND ANSWERS. Miscellaneous.

FATHER'S RIGHT TO CHILD'S EARNINGS.

1. Can a father take a son's earnings from him until the son is of age?
2. Son has been working for me, but the father always drew his whole pay; does the law uphold him in this?

B. W. R.

Ans.—1 and 2. Since the son is not living with, nor being maintained by the father, the latter has no right in law to receive his wages. Payment to the father would, however, probably be a valid discharge of the employer's indebtedness, if it was made with the son's knowledge and consent.

KILLING SEEDS IN MANURE—OESTRUM IN FRESH COW—BLUESTONE FOR MUSTARD.

1. Will piling manure in large heaps, and leaving it until fall, destroy mustard and sow-thistle seeds?
2. How long after freshening will a cow run before coming in heat again?
3. Has spraying with bluestone proven an effective way of destroying mustard? If so, what does a sprayer cost, where can it be procured, and what are the proportions of bluestone used?

G. R. P.

Ans.—1. In the main portion of the pile of manure which heats, weed seeds will doubtless be killed, but in the lower layer and around the edges, some will escape. There will be a very considerable waste of manure.

2. Cows generally come in heat after calving in about two months, though sometimes not so soon, and, on the other hand, in some cases, they have come in in seven days.

3. Mustard has been very effectively controlled by thorough spraying at the proper stage with bluestone, 10 pounds to 40 gallons of water. The cost of an outfit varies, according to equipment, from \$30 for a hand pump, to as high as \$135 for a traction or power sprayer, used for mustard or potatoes. The latter has as many as twelve nozzles, and will spray a strip 20 feet wide across the field. The hand pump, mounted on a cart, will cover about 10½ feet.

FEEDING SOW.

I read all I come across about feeding swine, and was much interested in a letter on "The value of Clover leaves," by G. M. C., in "The Farmer's Advocate" of February 3rd. I wish to submit for advice this bill-of-far, which I am trying. The animal is a brood sow, seventeen months old, to farrow late in May. Last August, when eleven months old, she farrowed thirteen pigs, and raised them all. The bill-of-fare is as follows: First meal, prepared overnight, given about 8 o'clock in the morning, 4 lbs. turnips sliced, put over the fire in dishwater and brought to a boil. The pail is half filled with chaff from the barn floors; in that 1 pound middlings, and the whole scalded with the boiling turnips and water, salted. When well mixed, cover with 1½ pints of wheat bran. When to be fed, fill pail with hot water. At noon she gets 6 pounds sugar beets and mangels, raw; 1 gallon separator milk or buttermilk; 1 pound middlings, and ½ pound wheat bran, fed dry. When she grumbles, I give her a drink of cool water, if she wants it.

Have another ½ pail of chaff ready, with two pounds middlings, to be scalded with four pounds sliced turnips, salted, covered with bran, and let stand. At 6 o'clock, give this, with two pounds raw beets. This satisfies her. We shall have more milk when two calves are made into veal. How much milk is it best to give her? The only condiment she seems to need is ashes, which she eats with relish. A. B.

Ans.—You are taking more trouble than necessary, and are probably feeding the sow rather too well. If disposed to continue the present method, would advise reducing the meal allowance by a half, or more, not too abruptly, of course. When the skim milk or buttermilk is plentiful, two gallons a day could be fed, but it might be used more profitably for young pigs or calves, if any were available to feed.

PROVE IT!

Don't take our word for it. Ask us to prove to you that the **SELKIRK STIFF-STAY FENCE** is Heavier, Stiffer, Stronger, More Secure and Serviceable than any fence you have ever seen. It is the Best and Most Economical Fence to Buy, and consequently to Sell.
