HAVING more stock than we care to carry over winter, we are prepared to make exceptional inducements to those wanting Percheron Stallions or Mares, or Jersey Cattle. We have imported only those animals whose breeding would seem to guarantee the best results, and whose individual excellence would justify our opinion. In breeding we have followed strictly the best lines, and are confident that in inspection of our stock you will find that we have succeeded more than usually well and can now show an accumulation of first class animals unexcelled by any in proportion of GOOD ones to total number. We have stallions for sale ranging from one to seven years old, but would call especial attention to those from five to seven years. A portion of them have been bred and raised on the island of Guernsey, and their importation. The latter number are of the first class, a few of them in appearance through their breeding is as good as the best, and we guarantee of the best result from their use. This is in fact the true of the market. We have a full sized bull and a number of cows of fashionable strain that we wish to dispose of. We will make prices on these animals that will secure speedy sale. The good ones at reasonable figures, much lower than we think the same quality in the home elsewhere, and those of lesser merit, but whose breeding is all right, at prices very low. We also have a few good work horses, and so low that any one having a few acres to breed and wishing to improve their stock can afford to purchase. Terms will be made to suit. The prices ought to insure cash sales but we will extend any reasonable credit to responsible parties. Mr. R. Kerr will not take his Hackneys to Toronto, as was his intention, but will settle on his farm at Burnside, and breed that class of horses.

Mr. Lister, of Marchmont Farm, recently sold to the Solway Stock Farm, of Shoal Lake, the following heifers:—Fame 3rd, Princess, Luan 9th, Pansy 2nd and Rosa Penketh. Mr. Lister has gone east to replenish his stock of pure-bred Shorthorns.

As previously announced in the FARMER'S ADVOCATE the eighth semi-annual sale of the Wyton Stock Breeders' Association (Scotchbreds) occurred at Wyton, Middlesex Co., and proved very successful. Nine bulls and seven heifers, all stock of the Holstein breed, were sold at an average of about \$67. During 1890 the Association has sold, for breeding purposes in all over forty head, realizing good prices.

Mr. David McGregor, of this city, and his son Robert, of Rapid City, brought from Ontario recently, four fine young Clydesdale stallions from Western Ontario. Two of them, Bruce (983) and Bounding Prince (7515), from Messrs. Sorby, of Guelph, Ont., and two others, whose names and numbers were not available, from parties in Middlesex county. After a few days rest here they will be sent on to Calgary, where they have been sold.

Mr. James A. Mullen, of the Model Farm, Cypress River, writes us, that he has been at numerous shows this fall, and has seen nothing to approach the mammoth calf, Farmer's Pride, to which we have occasionally referred, either for beauty or size. This wonderful calf weighs now, November 20th, 1,100 lbs., being now about ten months old. Mr. Mullen reports all his stock doing well, and the young stock from Cairnbrogie of the Dean, as something grand. Cairnbrogie of the Dean has won two prizes and a special this fall, for the best pure-bred stallion over one year.

The herd of Guernseys, referred to in the Ottawa fair report, exhibited by Hon. J. J. C. Abbott, of Montreal, combine the blood of the best animals from the island of Guernsey, as well as choice selections from the largest importations in the United States, viz., Konyette and La Grande at a cost of \$525.00 cash, and the exceedingly good milker Rosette. Their size, general appearance and usefulness at once commend them to all lovers of model dairy cattle. Animals of this breed may be procured from Hon. J. J. C. Abbott, whose advertisement appears in another column of this issue.

The Enright Bros., of this city, recently imported from Ontario, and have now in their possession, the grand Clydesdale stallion, Lord Wilton (5180), bred by George Bean, Balquhain, Mains, Pitcaple, Aberdeenshire, Scotland. Lord Wilton was sired by Lord Erskine (1744), dam Pitcaple Tibble (9), by Topsman (880), is now five years old, and weighs 2,100 lbs. He is a bright bay with white stripe on face, near hind leg white up to hock, and other pasterns white, was imported by A. K. Tegart, of Tottenham, Ont., and has won many prizes, both in Ontario and in Scotland. He is the kind that is wanted in Manitoba.
