

"A good roof adds materially to the value of your building especially if it is fire and water-proof."—The Philosopher of Metal Town.

25 Years of Actual Use

is the guarantee behind "Eastlake" Steel Shingles. We do not ask you to accept a paper guarantee, but simply point to the roofs that were covered with

"EASTLAKE" METALLIC SHINGLES

25 years ago. They are in perfect condition today, have never needed repairs. "Eastlake" Shingles are made of the best sheet steel and can be laid in one quarter the time that it takes to lay any other metal shingle. They are so different from the four-lock shingle which only overlaps 1 1/4 inches, the "Eastlake" has a full three inch overlap, absolutely preventing the drifting snow and rain reaching the wooden sheeting.

Our free booklet, "Eastlake Metallic Shingles," will save you money and worry. Send for it and get the information you want about roofing. Phone Park 800.

"SOVEREIGN" SHEATHING FELT

(Trade Mark Registered)

Acts Like Warm Underwear

You wouldn't care to depend for warmth on a suit of paper underwear. Why depend on building paper to keep your house warm?

"Sovereign" Sheathing Felt is made with WOOL, saturated and coated with the same gum that makes RUBEROID Roofing so good. It does more than break the wind—it actually keeps the house warm.

Keeps out dampness, too, for it is waterproof, just like Ruberoid Roofing. It will not rot or become mouldy; is odorless and strongly fire-resisting.

Don't miss the extra warmth and comfort of a "Sovereign" Sheathed house, and the continual saving in coal bills, for the few dollars difference in first cost. Get a sample of "Sovereign" Felt from the nearest Ruberoid dealer, or write us direct for sample and booklet K.
