## A GREAT VICTORY

After a Short, but Hot and Decisive Contest.

The Enemy Driven Out—Dodd's Kidney Pills the Victors—Mr. Gillean Tested Them, and They Proved True and Successful Friends.

Amherstburg, Ont., May 29.—Jas. R. Gillean, proprietor of the Lakeview Hotel, here, is one of the happiest men in town. For some years past, he has been in very poor health, and was a great sufferer from Kidney Disease.

In spite of all that medical skill, and numerous remedies could do, Mr. Gillean grew gradually worse. His sufferings increased, and there seemed to be no hope of curing the disease.

One day a friend called to see him, and advised him to try Dodd's Kidney Pills, telling him they had cured a number of cases, of which he knew, and which were all worse than Mr. Gillean's. The latter procured a box, and so much good did it do him, that he bought three more. These cured him completely, and he is now obliged to hold quite a reception, every day, so many friends call to congratulate him on his happy recovery.

Dodd's Kidney Pills are astonishing the medical fraternity daily, by their marvelous success in cases of Bright's Disease, Diabetes, Rheumatism, Lumbago, Sciatica, Gravel, Urinary Troubles, Female Complaints, Blood Impurities, and all other Kidney Diseases. Many physicians in this district prescribe them in their practice, always with the best results.

Kidney Diseases cannot resist the action of Dodd's Kidney Pills which are the only cure on earth for such diseases.

Dodd's Kidney Pills are sold by all druggists at fifty cents a box, six boxes \$2.50, or will be sent, on receipt of price, by The Dodd's Medicine Co., Limited, Toronto.

## HOW TO MANAGE RATS.

A large London meat house, which had suffered severe loss through the devastations committed by rats, hit upon a novel scheme to abate the nuisance. A regular system of kindness was practiced upon the rodents. Food to their taste was left for them at regular intervals. It was given them to understand that the management considered it a great pleasure to have them about the premises. Also felines were banished from the warehouse. At the end of six months the rats became quite tame and would eat out of the butcher's hands. The dainty meats reserved for larger animals were thenceforth left untouched, rodent notions of honor being exceedingly strict. With the result that although the rats are daily on the increase, with no limit in sight, the firm's many pounds ahead, and on the road to prosperity.
