

DID YOU EVER STOP TO CONSIDER

That in buying Groceries the best in the long run is the cheapest?

Between buying the cheap and the best article there may be only a saving of five cents in actual cash, but twenty-five cents in real satisfaction in using the best. Another point—the merchant usually makes more profit on the inferior article, a reason why you are sometimes urged to take something other than what you want.

Moral to this little spiel: Ask for the best goods of your grocer and if he does not stock that kind, give us a chance to serve you.

Try some of these:

LIVE STOCK MARKETS TORONTO.

Receipts of live stock at the Union Stock Yards yesterday consisted of 94 cars, 1040 cattle, 108 calves, 1488 hogs and 45 sheep and lambs.

Trade in cattle yesterday was strong and prices were 25c higher than last week. The run was small, only 1040 cattle of all grades being on sale, which accounts for the advance in price. The best load of cattle on the market consisted of 18 steers, average weight 1260 lbs and sold at \$12 per cwt.

Choice butcher steers and heifers sold at \$10.72 to \$11, good at \$10 to \$10.50. Choice bulls at \$9.75 to \$10.25, and good at \$9 to \$9.50.

Milkers and springers were steady, while stockers and feeders were strong and slightly higher in price.

There was no change in the sheep, lamb and calf market, all being steady at last week's close.

The bulk of the hogs were already sold and were consigned to packers at last week's prices. Packers quote \$15.40, fed and watered, and \$16.65 weighed off cars.

Seed Grain is Assured

Last fall owing to the large amount of rust in the West, there threatened to be a serious shortage of good seed grain for this year. The situation was worse even in the United States. American buyers were invading Western Canada and the outlook was serious. The Government decided to take action and a commission was appointed to buy up seed grain. No publicity was given to the commission—publicity would have killed the project. Working quietly and co-operating with the municipalities, the commission purchased large quantities of good seed grain. To-day they have stored in the Government elevators in the west a quantity which it is estimated is sufficient to meet all the requirements this spring of the Prairie Provinces. The Government advanced the money for the purchase and the grain will be sold at cost.
