Canadiens Defeat

Ottawa in Overtime

Montreal, Feb. 10.—Seven and a half
minutes of overtime had to be played
last night in the scheduled National
Hockey Association fixture between
Ottawa and Canadiens at the Arena.
The Canadiens won by three to two. The
Canadiens were the fastest of any game here
for several seasons, and in the third
period became somewhat rough. In
the overtime period several of the op-
posing players were nearly exhaust-
ed.

Art Ross of the Ottawas and Mc-
Namara of the Canadiens, clashed
with their fists midway in the last
period and received match foul pen-
alties, which meant \$15 fine and ban-
ishment for the game. On another oc-
casion Benedict came out of Ottawa's
nets and struck at Rodgers of the
Canadiens. Rodgers' retaliatory blow
missed Benedict, because Merrill
skated into it. Merrill went to the
ice and Rodgers was awarded a ma-
jor foul, his second during the even-
ing.

Lewis Down Twice;

Bartfield Hits Hard

Buffalo, Feb. 10.—Soldier Bartfield
and Ted (Kid) Lewis fought ten close
rounds at the Queensberry A. C. here
last night. Bartfield sent Lewis
to the mat twice, once in the first
and once in the second round.
After the fight Lewis was matched
to meet Jimmy Duffy of Buffalo here
on February 21.

A Fair Night in a

Go-as-You-Please League

Ottawa, Feb. 10.—The Lower Ot-
tawa Hockey Association game at the
Arena on Saturday night was the liv-
eliest kind of an affair, with Bucking-
ham beating the Royal Canadiens,
nine goals to two. Lieut. Hubert
Hughes, who came up from Quebec
to play with Buckingham, got into a
battle with St. Amant of the Royal
Canadiens, and knocked him out. The
crowd piled on the ice for a while, and
after the game the Royals had Hughes
arrested for assault, but the charge
was withdrawn on Sunday.

Lepine of the Royal Canadiens, who
was suspended for assaulting an um-
pire, played, in spite of that ruling,
and added to his troubles by cutting
was withdrawn on Sunday.

Barrie's Soldier Team
Puts Bracebridge Out

Barrie, Feb. 10.—Major Geo. Rod-
gers' soldiers put it over Bracebridge
6 to 3 last night and won the round
by 11 to 9. The star of the game was
"Polly" Jockes, the northern goal-
tender, who won rounds of applause
by his marvellous stops of shots that
came at him from all directions and
at all ranges. In speed and shooting
the soldiers had the better of it, but
the Muskoka boys showed more com-
bination.

Walker got hurt in the first period
and Drummond went off with him,
but Kilpatrick was on the side in the
second, and the third period was
played with complete teams.

Torontos Fight Back
and Tie the Bulldogs

Quebec, Feb. 10.—After getting a lead
of three goals on the Torontos, Que-
bec could get no better, than a draw
last night, Keats being responsible for
the salvation of his team in the sec-
ond period, when he scored two goals
in ten seconds and Macnamara evened
up in the third, while there was no
score in the overtime.

Quebec made the mistake of trying
to hand out the rough stuff, but they
got as good as they gave. On both
sides there was a constant procession
to the penalty bench, and it was a
good thing that Russell Bowie and
Brennan were handling the game.

The showing of the so-called Bul-
dogs had not taken with the critics
lately, and it was a small crowd that
watched the game. Keats and Cam-
eron starred for Toronto, and Ritchie
and Crawford for Quebec. Both
goal-keepers were at the top of their
form.

FOR FLETCHER'S
CASTORIALiner Orissa Safe;
No Lives Are Lost

London, Feb. 10.—The steamer Or-
issa of the Pacific Steam Navigation
Co. has put into St. Nazaire, having
struck a rock. No lives were lost.

The Orissa is a fine vessel of 5,358
tons gross register, equipped with
wireless. She is a twin screw pas-
senger and mail boat, larger and
faster than the captured Appam. The
hull is valued at about \$1,000,000 and
she carried a valuable cargo of cop-
per and nitrates.

The Orissa left Antofagasta, Chile,
on Christmas Day, bound for Liver-
pool, around Cape Horn. She stop-
ped at Rio de Janeiro and Monte-
video, leaving the latter port on Jan.
10. She should have made the trip
across the Atlantic in twenty-one
days.

To Allow Surplus

Ottawa, Feb. 10.—Hon. T. W. Cro-
thers, Minister of Labor, is bringing
in a bill to amend the White Phos-
phorus Matches Act. Under this
Act, passed under Mr. Crothers' ad-
ministration of the Department of
Labor, the manufacture of white
phosphorus matches in Canada was
prohibited from January 1, 1915, and
the sale or use of such matches was
prohibited from January 1 of this
year.

The manufacture of this
matches was stopped, but it has been
found that stocks existing at the be-
ginning of 1915 have not been sold.
The amendment will extend the sell-
ing period for six months and the
period during which such matches
may be used for one year. White
phosphorus match products pro-
duced a disease among match fac-
tory employees known as phossy jaw.

Sentence Commuted.

Berlin, Feb. 10.—According to the
Czech News Redford, the death

London, Feb. 10.—The morning
newspapers express unanimous and
enthusiastic approval of the appoint-
ment of General Jan Christian Smuts
to succeed General Sir Horace L.
Smith-Dorrien as commander of the
British forces in East Africa. "His
great intellectual powers, industry and
almost uncanny insight into the es-
sentials of any problem compel ad-
miration," says The Times. "Every
test to which he has been put during
a career that has been a succession
of exacting trials has proved more
clearly how very able he is."

Lindsay Juniors Out
at Belleville's Hands

Belleville, Feb. 10.—Belleville jun-
iors defeated Lindsay here last night
in the second of the home-and-home
games by 5 to 2, and won the district
by 8 to 4 on the round. Last night's
match was very closely contested,
each team scoring one goal in the
first period and none in the second.
In the third period the locals strength-
ened and scored four goals to Lin-
say's one.

Ten Times Winners
Are the Granites

Toronto, Feb. 10.—Thirty years
from the time of their first victory in
the Ontario Tankard competition the
Toronto Granites scored their tenth
success, when they defeated another
Toronto club, Queen City, in the final
game. This was the first time the bat-
tle in the last trenches had ever been
fought out between two clubs from
this city; and never after its first year
when the Hamilton Thistles and Mc-
chanics were in the final, had the con-
cluding struggle for the historic tro-
phy been between teams from the
same city. Yesterday's victory was
not easily achieved, and in the morn-
ing there was a battle of giants be-
fore the redoubtable Lindsay combi-
nation were overcome and the way
made clear for the Granites in the
finals. Going into the last end in the
morning game, Granites were three
down, but Rennie counted four and
Beatty three, so that they came out
four to the good.

The other pair were Queen City
and Orillia, and the home team led
throughout. Against Dr. Harvey
Skip Phillip counted three and a four.
The final was played on capital ice
at the Victoria rink, and drew a big
gallery. It was the first time Queen
City had ever progressed so far in the
big competition, and high hopes were
held by the supporters of the club
farthest up Church street. The Gran-
ites, though, had the best of the play
and were up on both rinks, winning
by twelve shots.

PROHIBITION FALLACY
EXPLODED

FAVORITE slogan of the Prohibitionists is that liquor is the chief cause of poverty. Remove the drink, they say, and sobriety and thrift will take the place of drunkenness and pauperism. Facts and figures, absolutely incontrovertible, have, of course, again and again been marshalled to show that Prohibition States are poorer and less sober than License States; and as to nations and races, there are on the Prohibition side the Turks, the Arabs, a few Malay Aborigines, and so on; but these do not seem to be adduced as shining examples by our friends, the Citizens' Committee of One Hundred.

Drastic Legislation versus
Education

It is beginning to be seen, however, that sobriety, with its attendant blessings, is to be brought about, not by drastic legislation, but by education in its widest sense. This truth is emphasized in the Report for 1915 of The Children's Aid and Protective Society of the Oranges, N. J., which says: "The Society firmly believes that its work along educational lines among the families with which it deals from year to year has been a prime factor in reducing intoxication."

So Frances E. Willard, late President of the Women's Christian Temperance Union, says:

"The only way to have a sober people is to strike at the root of the evil which causes inebriety. Poverty, many hours of labor, the nerve-strain under which men toil, the anxiety from the insecurity of their jobs: remove all these, and in a short time the demand for a stimulant would cease and drunkenness would be unknown."

Study up the question and get to know something about it—that is what these self-appointed reformers ought to do.

THE PERSONAL LIBERTY LEAGUE OF ONTARIO.

Prohibition Crusaders Should
Study the Question

In the same strain Mary E. Garbutt, Women's Christian Temperance Worker, points out that if a man is employed only a part of his time and his wages are low, poverty must as a matter of fact follow, whether he drinks or not; while former Mayor "Tom" L. Johnson, of Cleveland, Ohio, uttered a wise truth when he said: "There are more people who drink because they are miserable than there are people who are miserable because they drink."

The difficulty with most of these Prohibitionist crusaders—although one does not like to say so—is that they are ill-informed, having studied these questions only superficially and only from one side. To get down to bed rock requires time, patience, and honest research; but it is so easy and pleasant to make sensational speeches and hurl denunciations at opponents amidst the applause of sympathetic audiences.
