CHINA ACCEPTS JAPAN'S DEMAND

Arsenals and Dockyards of China to Come Under Japan's Control.
Shanghai, April 27.—(By the Associated Press.)—The statement is made in the first issue of The Shanghai Gazette, which has made its appearance under the editorship of Eugene Chen, that the Chinese Government has agreed to new demands made by Japan which are of such a nature that the country has virtually been turned over to the Japanese. The Gazette asserts it has been informed by a high official at Peking that the Japanese demands are far more serious than those in Group V, of the famous twenty-one demands made by Japan, in 1915.

"Notwithstanding the fact that the utmost secrecy is being observed," says The Gazette, "it may be stated safely that the following is not far from the true terms of the government:

"Chinese expeditionary forces sent into Siberia shall be commanded by a Japanese.

"The Chinese police shall be organized by Japanese officers.

"Japan shall control all of China's arsenals and dockyards.

"Japan shall have the privilege of working mines in all parts of China.

"Special privileges shall be granted to Japan in outer and inner Mongolia and the whole of Manchuria.

Other articles include provisions for financial control and educational assistance."

SAMMIES HONORED BY THE FRENCH

With the American Army in France, April 29.—(By Associated Press.)—The French army today decorated 122 American soldiers of a Massachusetts regiment with the War Cross for bravery displayed in recent fighting. The ceremony was held on a picturesque field a short distance from the first line of trenches. One hundred and seventeen men from the 104th Massachusetts Regiment which bore the brunt of the German attack in the Apremont Forest on April 12, received medals, as did five men of another regiment who had participated in earlier fighting around Soissons. Here and there in the line were spaces representing Americans who were killed or seriously wounded. The French general in conferring the decorations, said of the regiment:

"It showed the greatest audacity and a fine spirit of sacrifice. Subjected to violent bombardments and attacked by large German forces, it succeeded in checking the dangerous advance and took at the point of the bayonet in a most vigorous way prisoners and some demolished trenches from which it had fallen back at the first assault."
