Board of Works Will Clear Up Unfinished Business.

Decrease In Value of Building Permits Last Month.

W. G. Reid, one of the directors of the P. L. Robertson Manufacturing Company, the quarter of a million dollar concern incorporated last week, had a conference to-day with Mayor Stewart, the Assessment Commissioner and Mr. John Patterson re continuing Lottridge street through to the site the company has purchased in the east end for its fac-tory. The city has agreed to open the street through. Work will be begun soon on the building, and it promises to be one of the best industrial concerns the city has secured in recent years.

The Board of Works will meet tomorrow night to clean up the unfinished business of the year. The principal mat-ter to be dealt with is the agreement with the Brantford & Hamilton Railway over the application for a switch to Lake & Bailey's premises on Main street. The Cataract Power Company has also pro-mised to let the committee know what it mised to let the committee know what it intends doing about the extra lamps it has been requested to erect. The T. H. & B. is asking for authority to begin the construction of the proposed new spur south of the Grand Trunk main line as far as Sherman avenue. The matter of extending Chatham street to the Aberdeen briek yards will be disposed of, and a report is to be received re the tracks of the street railway on Sherman avenue, which some of the aldermen want torn up. The letter from the Colonial Engineering Company offering to instal a gas producer engine plant here is also gas producer engine plant here is also on the programme, but it is doubtful if nything will be done with it in view f the decision to submit the Hydro by-

"Resolved, that this Board, having knowledge of the death of Mr. Hugh Murray, an old and highly-esteemed ex-member of the Board of Education, de-sires to place on record its sincere sym-pathy for the family of the deceased in their hour of bereavement, and that occa-sion be now taken to inscribe on the minutes of the Board an appreciation of the departed one, who for so many years was an active and zealous worker in the cause of education upon this Board."

Foreman Anstey, of the Waterworks Department, has made a report to City Engineer Barrow on the year's work, showing that 937 services have been laid this year, or an increase of 257 over last year. This establishes a new record being the largest number in any one year yet. A record was also made in year yet. A record was also much the extension of water mains, the extension of all t sions of various sizes amounting in all to

The building permits for November o The building permits for Noyember of this year show a big decrease over the corresponding month last year, but Building Inspector Anderson accounts for this by the fact that one permit for a big job in November last year almost makes up the difference. Permits last month totalled \$68,000. November last year they amounted in value to \$340,750.
