tial law had been proclaimed in that city. The Legislature met on Tuesday.—*Pictou Chronicle, May 23.*

WEST INDIES—ARRIVAL OF PRINCE ALFRED.—H. R. H. Prince Alfred arrived at Hamilton, Bermuda, on the 6th inst. The *Royal Gazette* says:—"Soon after 1, 30 p.m. the Barge of H. M. S. *St. George* was seen rapidly approaching the landing place. The yards of the fleet *Flag Ships* were manned. All the vessels in harbor were richly dressed with bunting and gracefully dipped their flags as the Prince drew near. Not many minutes elapsed after this, before the light and graceful form of the Midshipman Prince was recognized standing on the stairs, and by His Royal Highness stood his faithful Achates, Major Cowell. His Excellency the Governor advanced with the distinguished officers immediately attending His Excellency, to greet His Royal Highness.

The Prince having touched *terra firma*, His Excellency the Governor informed H. R. H. that the Mayor and Corporation of Hamilton would like to have the honor of presenting an Address, which H. R. H. immediately assented to, and the Hon. H. J. Tucker, the Mayor, advancing, followed by the Aldermen and Common Council, read the address.

To this the youthful Prince made a suitable reply.

He then proceeded to the public buildings; greeted everywhere with rejoicings, and fervent expressions of loyalty. The streets and buildings were beautifully decorated, and lined by the members of different societies.

In the evening Hamilton was brilliantly illuminated.

LOCAL.

Yesterday the 24th inst, being the birth day of Her Majesty Queen Victoria, a Review of several Volunteer Companies took place on the Barrack Square at 12 o'clock, in the presence of His Excellency, the Commander-in-Chief, and a large number of ladies and gentlemen. A Royal salute was also fired from St. George's Battery. At 2. o'clock His Excellency held a Levee at Government House, which was well attended.

Fine weather has at last set in. The last two days have felt something like summer. The first of the week was uncomfortably cold for the season; we saw no snow here but we understand that our neighbors in Nova Scotia were visited with a snow storm on Tuesday. In some parts of the Province snowfall to the depth of two or three inches.

We learn from passengers by the *Westmorland* yesterday from Pictou that Prince Alfred arrived at Halifax on Wednesday evening last. There were great rejoicings on the occasion, but no public reception.

DIED,

At Frestown on the 10th inst., in the 41st year of his age, Mr Christopher Cairns, a native of Dumfrieshire, Scotland, leaving a wife and family to lament his departure. He was distinguished for his sincere and unaffected piety. He had given his heart to the Saviour in his early years, and maintained through life a consistent Christian conduct. He had much of that meek and quiet spirit which is in the sight of God of great price. During his illness he manifested an unmurmuring submission.

Special Notices.

DIPTHERIA.

In Halifax when this disease prevailed for many months, in its most malignant form, the use of Perry Davis's Pain Killer was invariably attended with the most favorable results, when it was used ere the disease had made too much progress to preclude the use of so powerful a stimulant.

DYSPEPSIA.

This is a very distressing complaint, and gives the patient more suffering than almost any other disease in fact, it is a combination of many complaints in one. The symptoms are numerous, and are of the nature of almost all other complaints combined. From this fact, arise the very many cases where this disease is mistaken for some other, and so improperly treated. The first symptoms—indigestion, flatulency, loss of appetite, heartburn, headache, etc., if neglected, almost always awaken some dormant disease and send the poor sufferer to a premature grave. What you must first do is cleanse the blood and regulate the bowels; do this with the "Mountain Herb Pills," and you can bid defiance to dyspepsia.

Judson's Mountain Herb Pills are sold by all Dealers in Medicine.

Burnett's Cocoaine.

Messrs. Joseph Burnett & Co., Boston, are the well known manufacturers of this celebrated article for the hair, which is now fully established in its popularity and recommended by physicians and chemists through the United States. Mr Hatbett's abilities as a chemist have enabled him to produce a compound, combining the properties of the Cocoa-Nut Oil, with a peculiar vegetable taste sufficiently to preserve and promote the healthy growth of the hair, at the same time that it is unequalled as an article for the toilet.—*Truxton Gazette.*

BURNETT'S TOILET PREPARATIONS.

Of the many preparations that are thrown into the market for toilet purposes, few can be found to excel those of the well-known chemists, Messrs. Joseph Burnett & Co., of Boston. One result of their excellence, is that those who use them once, are always here to give them the preference as standard articles for the toilet. The Cocoaine and Kalliston, and, in fact, all are articles in constant demand in this city, and are giving perfect satisfaction.—*Mid Bedford Mercury.*

Sold in Charlottetown, by W. R. Watson, T. DesBrisay, M. W. Skinner.

Holloway's Pills and Ointment.

Ulcerations of the lower limbs yield with surprising rapidity to this Ointment. Abscesses and sores of this class, that had stubbornly resisted all curative means for many years, will heal the soonest in greatest pain, and in a most debilitated condition, have been cured by it in a few weeks. This Ointment does not merely, and at once, suppress the discharge, which would be highly dangerous, but striking through the surface to the core of the disorder it obliterates both its sources and its symptoms. These valuable Pills, by their mild and aperient action, purify the blood, diminish fever, and expedite the cure, which is always permanent and safe, because these remedies have expelled all unhealthy matter.

Oxygenated Bitters.

A QUERY:—Why will you suffer? DYSPEPSIA is a brief but comprehensive term for the numerous diseases which affect the stomach, liver, and in fact the whole human system. Until Dr Green discovered the Oxygenated Bitters, medical science was at fault and had exhausted itself in fruitless efforts to cure this disease. The Dyspeptic need suffer no longer with a disease that is always painful, and frequently a fatal affliction.

This unique and peculiar compound will as certainly cure the disease as the disease exists. Had it not this power, such testimony as follows would not be given in its favor:—

Messrs SETH W. FOWLE & Co.

Gents,—Nine years ago I was so much reduced in strength as to be unable to attend to the common duties of my household, and suffered from a complication of diseases that truly rendered life a burden. I resorted to various Physicians of acknowledged skill, but without relief, and my case was considered beyond the possibility of cure; but at this juncture I made use of the Oxygenated Bitters, and so rapidly did I mend that the effect was wonderful. My physician's distrust of the medicine gave place to the utmost confidence in it. After a lapse of years, I now remain in the enjoyment of good health, and have ever found the Bitters a never failing antidote for the various symptoms which arise from constitutional derangements. I have since recommended them to several of my friends, with uniform and satisfactory results

PURIFY THE BLOOD.

With corrupt, disordered or vitiated Blood, you must be sick all over. It may burst out in pimples or Sores, or in some active disease, or it may merely keep you listless, depressed and good for nothing. But you cannot have good health while your blood is impure. Ayer's Sarsaparilla purges out these impurities and stimulates the organs of life into vigorous action, restoring the health and expelling disease. Hence it rapidly cures a variety of complaints which are caused by impurity of the blood; such as *Scrofula or Kings Evil, Tumors, Ulcers, Sores, Eruptions, Pimples, Blotches, Boils, St. Anthony's Fire, Rose, or Erysipelas, Tetter or Salt Rheum, Scald head, Ringworm, Cancer or Cancerous Tumors, Sore Eyes, Female Diseases, such as Retention, Irregularity, Suppression, Whites, Sterility Syphilis or Venereal Diseases, Liver Complaints and Heart Diseases.* Try AYER'S SARSAPARILLA, and see for yourself the surprising activity with which it cleanses the blood and cures the disorders.

AYER'S CHERRY PECTORAL is so universally known to surpass every other remedy for the cure of *Coughs, Colds Influenza Hoarseness Croup Bronchitis Incipient Consumption*, and for the relief of Consumptive Patients in advanced stages of the disease, that it is useless here to recount the evidence of its virtues. The world knows them.

AYER'S CATHARTIC PILLS—*for Costiveness, Dyspepsia, Indigestion, Dysentry, Foul Stomach, Jaundice, Headache, Heartburn, Fits, Rheumatism, Dropsy, Worms*, and in short for all the purposes of a purgative medicine.

HOUSE OF ASSEMBLY.

[Continued from fourth page.]

WEDNESDAY, March 28.

House again in Committee on the Petition praying for a Bankruptcy Law.

Hon. Mr HAVILAND said the question under consideration was one of great moment to the mercantile portion of the community. This was not the first time it had been before the House; a Committee was once appointed to consider the subject, and their report was brought in during the Session of 1862, but it produced no result. Nothing since was heard of a Bankruptcy Bill until last Session, and then a petition against the measure had come up. He was in favor of such a measure if it were properly guarded. It would be well if some means could be adopted so that unfortunate debtors might come out as new men, and be able to re-enter business. He who had failed in business, and could not obtain the benefit of a Bankruptcy Law, was in effect a mere serf; for he had no hope of improving his circumstances. But this House must take into consideration that a Bankruptcy Law passed in this Colony would not have the effect of a Law passed in Britain. In looking over the signatures to the petition, he thought that some of those whose names were there entertained the opinion that it would; but as a lawyer he must inform them that such a law passed here would only benefit those who became indebted in the Island, and therefore would only be an advantage to the small dealer, while the large trader who became involved in Britain or the neighboring Colonies, would be in no better position than at present. To prove this, he would quote from perhaps the ablest writer on commercial matters that ever expounded law in the old world or in the new, namely, Judge Story of the United States. [The hon. member here read several extracts from "Story on the Conflict of Laws".] He (Mr Haviland) did not see that there should be any distinction between a bankrupt and an insolvent debtor, for why should not a farmer or a mechanic be relieved from debt as well as a merchant? By sir Richard Bethel's new bill it was intended to do away with the distinction between commercial and other debtors, and it was believed that this proposal would meet with the views of a large majority in the House of Commons. Bankruptcy Laws had heretofore proved a failure, as they had given room for fraud. A law of this kind ought to afford as great protection to a creditor as to a debtor. The first Bankruptcy Act was passed in Britain more than 200 years ago, and still the law there was very imperfect; therefore he considered that this House should not rush into the matter. He would move this resolution:—

Resolved, That a Special Committee be appointed to draw up a Bankruptcy Bill during the recess of this House, and the same be reported at the next Session thereof.

His object was that the House should not only have the benefit of examining the bills recently introduced into the Nova Scotia and New Brunswick Legislatures, but also the bill brought in this year into the British Parliament, as well as of learning the views, elicited in debate, of the ablest lawyers and statesmen in England. He hoped, if a Committee were appointed, they would give the subject [illegible] consideration [illegible] ought to framed so that it would be a credit to the [illegible]

Mr SINCLAIR [illegible] he [illegible] agreed with the [illegible] that it would be better to let it lie over until next Session. He had considerable information from the Province, and would like to ask two or three questions, which [illegible] a Bankruptcy act would be [illegible]

Hon. Mr HAVILAND in reply, said that it would altogether depend upon the nature of the [illegible] whether such a court ought to be self-sustaining or not; it would have to specify whether the judge, &c., would be paid by the Colony altogether, by fees. There was one remark made yesterday which he wished to correct, namely, that a factor's estate [illegible] a bankruptcy law, would be equally divided amongst his creditors. This was not the case, for a mortgagee creditor would come in for the first share. For example, if a mortgagee creditor had a claim of £2000 against an estate, and it were only worth that much, he would be entitled to all.

Mr DAVIES remarked that it was his opinion that a Bankruptcy Law passed here would not be worth a straw in any part of Her Majesty's dominions, but the legal department of the House appeared to think differently; however, though it should not, he thought the British or Colonial merchant would be glad to come in and take his share of the debtor's effects under the local Act. With respect to the inspection of a bankrupt's estate, he had always understood that the bankrupt's property had to pay all.

After a few remarks from one or two other hon. members, the question was put on the resolution moved by Hon. Mr Haviland, which was carried unanimously. The resolution was then reported to the House and agreed to, whereupon it was ordered that Hons. Messrs. Haviland, Longworth, Hensley, Whitman, and Mr Davies do compose said Committee.

A few petitions were then presented, and the House adjourned at 1 o'clock until 10 o'clock to-morrow.

THURSDAY, March 29.

Hon. Mr COLES said he had given notice of a motion to-day to take up the consideration of the petition praying for a measure to prevent the collection of arrears of rent under the Act of the Land Commissioners should be given in, and had moved for a call of the House; but as it was impossible, owing to the state of the roads that hon. members could be present, he would move that the consideration of the petition be deferred until Tuesday next, and that the order for the call be discharged.

Hon. Mr HAVILAND thought it was useless to do away with a call of the House, but it was quite convenient to allow the business for which the call was made to lie over. It would be better, he thought, to go through the form of a call, as not to do so, might be establishing a bad precedent. There would be a sufficient excuse for the members who were absent.

The call was then made, when the following members were severally reported absent, without leave, viz:—Hons. Messrs. Thornton, Gray, Hensley, Wheler, Perry, Kelly; Messrs. Doyle, Ramsay, and Sutherland. The Hon. Mr Pope and Mr Dowse were both reported absent from ill health.

"Two or three times I have been attacked by BRONCHITIS, so as to make me fear that I should be compelled to desist from ministerial labor, through disorder of the Throat. But from a moderate use of the "*Troches*," I now find myself able to preach nightly, for weeks together, without the slightest inconvenience."

Ho! Ye Bald Heads and Gray.

RUN! RUN! RUN! TO THE CASH Drug Store of M. W. SKINNER, and get a bottle of

HOWARD'S

CASTOR OIL AND ROSEMARY,

Or GREAT HAIR TONIC, for preserving, restoring and beautifying the hair; eradicating scruff and dandruff; preventing baldness and gray hair; easing diseases of the skin, glands and muscles. This preparation is perfectly harmless, being a mixture of Castor Oil and Tincture of Rosemary chemically combined, so that while the Castor Oil moistens and nourishes the roots of the hair, the Tincture of Rosemary rids the head of dandruff; and I will say that so long as a person continues to use this preparation, so long he may expect to preserve his hair in beauty and luxuriance even to old age.

CHILDREN TEETHING

MRS. WINSLOW.

An experienced Nurse and Female Physician, presents to the attention of mothers, her

SOOTHING SYRUP,

FOR CHILDREN TEETHING,

which greatly facilitates the process of teething, by softening and reducing all inflamation—will allay ALL PAIN and spasmodic action, and is

SURE TO REGULATE THE BOWELS.

Depend upon it, mothers, it will give rest to yourselves, and RELIEF AND HEALTH TO YOUR INFANTS

We have put up and sold this article for over ten years, and CAN SAY, IN CONFIDENCE AND TRUTH of it, what we have never been able to say of any other medicine—NEVER HAS IT FAILED, IN A SINGLE INSTANCE, TO EFFECT A CURE, when timely used. Never did we know an instance of dissatisfaction by any one who used it. On the contrary, all are delighted with its operation, and speak in terms of commendation of its magical effects and medical virtues. We speak in this matter "WHAT WE DO KNOW," after ten years' experience, AND PLEDGE OUR REPUTATION FOR THE FULFILMENT OF WHAT WE HERE DECLARE. In almost every instance where the infant is suffering from pain and exhaustion, relief will be found in fifteen or twenty minutes after the syrup is administered.

This valuable preparation is the prescription of one of the most EXPERIENCED and SKILLFUL NURSES in New England, and has been used with NEVER FAILING SUCCESS in

THOUSANDS OF CASES.

It not only relieves the child from pain, but invigorates the stomach and bowels, corrects acidity, and gives tone and energy to the whole system. It will almost instantly relieve

GRIPING IN THE BOWELS, AND WIND COLIC

and overcome convulsions, which, if not speedily remedied, end in death. We believe it the BEST and SUREST REMEDY IN THE WORLD, in all cases of DYSENTERY and DIARRHŒA in CHILDREN, whether it arises from teething, or from any other cause. We would say to every mother who has a child suffering from any of the foregoing complaints—DO NOT LET YOUR PREJUDICES, NOR THE PREJUDICES OF OTHERS, stand between you and your suffering child, and the relief that will be SURE—yes, ABSOLUTELY SURE—to follow the use of this medicine, if timely used. Full directions for using will accompany each bottle. None genuine unless the fac-simile of CURTIS & PERKINS, New York, is on the outside wrapper.

Sold by Druggists throughout the world.
