Women Who Suffer Can Obtain New Health Through the Use of Dr. Williams' Pink Pills.

Every woman at some time needs a tonic. At special times unusual demands are added to the worry, and work which falls to her lot, weakness and ill health will follow unless the blood is fortified to meet the strain.

Weak women find in Dr. Williams' Pink Pills the tonic exactly suited to their needs. Most of the ills from which they suffer are due to bloodlessness—a condition which the Pills readily cure. These pills save the girl who enters into womanhood in a bloodless condition from years of misery, and afford prompt and permanent relief to the woman who is bloodless, and therefore weak. Mrs Wm H Wagner Rosenthal, Ont., writes:—"After the birth of my second child I suffered from troubles, which most mothers will understand without going into details. The doctor who was attending me said an operation would be necessary, but as I dreaded this and as Dr. Williams' Pink Pills had been of great help to my sister I decided to try this medicine, and I can truly say that after using the pills for some time they made a complete cure and made life more enjoyable than it had been for a long time. I think every woman suffering from the ailments of our sex should give Dr. Williams' Pink Pills a fair trial, as I have from my own case the great benefit that follows their use."

You can get these pills through any medicine dealer or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

Government for a post-war colonization that the Right Hon Sir Roert Borden has asked the Government of New Brunswick to prepare details of the scheme to be submitted to the Colonial Secretary Premier Murray, Minister of Agriculture, who did such splendid work in England in advertising the resources and opportunities of the province and expanding the land schemes as far as it had been worked out, is now engaged with Secretary James Gilchrist of the Farm Settlement Board in completing the details, and they will be forwarded to the Colonial Secretary in England at the earliest possible moment.

"There is no doubt that this scheme can be made so attractive to settlers that the only question will be in preparing the settlements fast enough for the incoming," states Mr Gilchrist.
