MORE PRODUCTION NEEDED
 In the disturbances which are occurring all over the country between capital and labor, disturbances that are paralyzing business and discouraging trade, the leaders in the labor movement should not allow one or two important facts to be overlooked. One is that things work pretty much in a circle in this old world of ours, and the other is that if capitalistic interests have become autocratic and bureaucratic in their practices the labor element should not, in an attempt to beat capital, become more autocratic than that which it criticizes.

In other words, a wave seems to be passing over this country, which in sentiment and deed is against all kinds of employers, large and small. They are in a broad sense all classed in with capital, and capital seems to be a target for all kinds of displeasure. The change is made that the latter is selfish, dictatorial, autocratic and against these things the shafts and arms of labor should be raised.

While there may be some truth in this idea, is it not possible, indeed probable, that organized labor, if it allows itself to be the instrument of extremists, as was the case in Winnipeg, may become as dangerous an element to the state as any organization of capital? Both surely cease to have virtues they exceed the limit of good judgment. The capitalist, in general policy, is creative in as much as he is always seeking, sometimes legitimately, sometimes roguishly, to make his capital work, produce and earn. This means circulation of money, employment, production, etc.

Organizations on the other hand, by strikes, walk-outs, etc., may create a destructive condition which leads inevitably to bad times, suspension of industry, non-payment of wages, and various forms of depression.

The best national policy for all interests, employers and employees, capital and labor, is the policy that increases production and keeps men employed.

WHAT EXCHANGES SAY
VIOLENCE
 Ottawa Journal: Canada is a free country, in which every man can talk and vote as he pleases and thus any general change in social conditions which the majority wish or can be persuaded to approve of can be accomplished by use of free speech and the voting power, and any good cause can get a majority of votes when adequately presented. So that attempts to capture things by the violence of general strikes rather than by votes is an admission that the advocates of violence both know that they are in a minority in the country, and that they feel that they are unable to persuade their countrymen by peaceful means of the justice of their cause.

STAMP OUT BOLSHEVISM
 Brockville Recorder: Premier Norris of Manitoba was right when he refused to treat with men who presumed to take charge of food and water supply by force in Winnipeg, and allows babies to be fed only "by our permission." Governments should protect labor and see that it gets a fair show from employers, and governments should with equal determination protect all the people from the ruffianism of the men who have been assigned the task of making Canada a second Russia.

MUST HAVE FAIR PEACE
 St. John Telegraph: The people of Winnipeg have elected a mayor and council to govern their city, to control the police force and provide water, lighting, transportation and other services. No minority should be permitted for a moment to usurp the functions of the constituted authorities. The city government of Winnipeg and the federal authorities will incur the wrath of the extremists on both sides by keeping order and by pressing for a settlement involving concessions from both parties. But in doing these things they will be serving the general interest. A bad piece in Winnipeg would affect the whole country adversely. A proper settlement at Winnipeg, arrived at calmly by representatives of the moderate elements, would tend to allay unrest in the other Canadian cities.

 A temperance orator was in the habit of holding forth in a workman's hall and was constantly being interrupted.
 "The next time he lectured in that hall he engaged a prize fighter to sit in the gallery and keep order. He was contrasting the clean content of home life with the squalor of drunkenness.
 "What do we want when we return home from our daily toil?" he asked. "What do we desire to ease our burdens, to gladden our hearts, to bring smiles to our lips, and joy to our eyes?"

CITY OF ST. CATHARINES
Taxes Year 1919
 Under the authority of By-law No. 3200 passed on the 25th day of March, 1919, notice is hereby given that all taxes for the year 1919 are now due and payable but may be paid in three instalments as follows, subject to the following exceptions and conditions.
 Taxes which are not payable by instalments.
 Taxes in Income Assessment, Arrears of Taxes and charges collectable as taxes for any work done or services rendered by the Corporation are due and payable in bulk on or before the 25th day of June, 1919 (and not by instalments.)
 Payments by Instalments
 1st Instalment—due and payable on or before the 25th June 1919. One-half of the taxes will be the amount of the 1st Instalment.
 2nd Instalment—due and payable on or before the 25th September 1919. One-quarter of the taxes will be the amount of the 2nd Instalment.
 3rd Instalment—due and payable on or before the 25th November, 1919. One-quarter of the taxes will be the amount of the 3rd Instalment.
 Taxes not paid when due.
 If default is made in the payment of any instalment on the above dates, the privilege of payment by instalment becomes cancelled and the whole of the taxes or the balance unpaid, as the case may be, at once becomes due and payable together with percentages in addition, as follows:
 Upon default in payment of taxes on the dates appointed,
 Penalty 1% On amounts paid within ten days of time of such default, a percentage charge of one per cent. will be collected.
 Penalty 2% On amounts paid within twenty days of time of such default, a percentage charge of two per cent. will be collected.
 Penalty 3% On amounts paid within thirty days of time of such default, a percentage charge of three per cent. will be collected.
 Penalty 5% On amounts remaining unpaid after thirty days of time of such default, a percentage charge of five per cent. will be collected.

Failure to pay the above instalments of taxes as they become due not only forfeits the right of settlement by instalments, but brings the parties under the penalty of the Assessment Law, which enacts, that in case any party shall REFUSE OR NEGLECT to pay the taxes imposed upon him for the space of fourteen days after demand, the Collector shall levy the same, with costs, by distress and sale of the goods and chattels of the party who ought to pay the same.
 1. Ratepayers who do not receive their tax bills by the 1st day of June should notify Tax Collector's Department of the fact.
 2. Cheques tendered in payment of taxes must be "marked" by bank and made payable at par to the City of St. Catharines.
 3. Taxpayers sending amounts by mail for payment of taxes should also enclose the tax bill and a self-addressed and stamped envelope for the return of receipted Tax-bill.
 4. Taxes are payable at the office of City Tax Collector.
