

### Strong Campaign Committee is Named For the Chamber of Commerce; Ald. Graves at Head

The work of developing community leadership for the Chamber of Commerce Campaign has occupied several days and many conferences were held with gentlemen representative of every phase of business and professional life in the city, and it was the unanimous feeling of all consulted that Ald. E. C. Graves be Chairman of the Campaign Committee.

Mr. Graves at first demurred but strong representations were made and as one gentleman put it, "Ed does things, he may differ from you and you may differ with him, but he's the best fellow living," there can be no finer tribute than that from one man to another. It bespeaks the breadth of vision and tolerance that is already manifesting itself, in the line up for the Committees of the Campaign Organization.

Supporting E. C. on the Campaign Committee are the following gentlemen, and it will be noticed that they are a representative group of citizens who may be relied upon to give this city the best sort of service that can be given in the upbuilding of a representative and thoroughly efficient Chamber of Commerce.

Heading an energetic group of local gentlemen on the Prospects Committee, which inspects and amplifies the list prepared by the Bureau specialists, now in town, of the prospects in individuals and firms for membership in the Chamber of Commerce is W. J. Neal. This committee met for a short snappy session yesterday at four o'clock. On this committee are: W. J. Neal, Chairman; J. K. Kernahan, Harry McKelvie, A. Robinson, and D. M. Mair.

After the next meeting of the Campaign Committee, there will be issued a further list of committees for various duties throughout the campaign and a description of the proposed schedule of events. It was known today, however, that arrangements were being made for a big community get together in the Collegiate Gym on Thursday night, February 19th, at which several good speakers will be present.

### Big Developments in Evangeline's Land

The new Dominion Atlantic Railway Passenger Station at Bridgetown.

Not only is the Canadian Pacific Railway making advances in accordance with the necessities of the times, and providing every modern improvement for the convenience and comfort of the public, but all its subsidiary lines are similarly progressive. The Dominion Atlantic Railway, which serves a large portion of Nova Scotia and runs through the beautiful Land of Evangeline, now owns and operates The Pines Hotel at Digby, providing first class accommodation for the large numbers of tourists who visit the district. A new night service between Halifax and Yarmouth has recently been inaugurated. This night service leaves Yarmouth on Monday, Wednesday and Saturday evenings, and Halifax on Sundays, Tuesdays, and Fridays, and marks one of the most important developments since the through-line of railway from Yarmouth to Halifax was opened for traffic in 1891. These trains carrying on a combined freight and pas-

senger service, but only carloads of through merchandise are carried. When on a trip of inspection over the Dominion Atlantic Railway, at the end of November last, Mr. Grant Hall, vice-president of the C. P. R., expressed the desire to have the D. A. R. equipped in the near future with steel rails much heavier than those at present laid. He said that this work would probably be undertaken when the effects of war conditions had disappeared. Important improvements are being carried out along the line and arrangements are progressing for the erection of a new station at Digby which will provide the most up-to-date facilities for tourists and other traffic and add considerably to the beauty of the town. It is estimated that during 1919, 60,000 tourists visited Nova Scotia and spent there about \$3,000,000. Recently a new station was opened at Bridgetown, much to the satisfaction of the public of that town. It is a handsome building

24 ft. x 56 ft. with 20 ft. overhanging on each end and has in front a tavia walk 350 feet long and 12 feet wide. The building is very conveniently designed. It has a cement basement. The outside finish is stucco on truss lath, centred with plain pebbled dash, with smooth finish above and below. The roof is asbestos. The inside consists of gents' room, 20 ft. x 24 ft., office 14 ft. x 14 ft., ladies' waiting room, 12 ft. x 24 ft., and baggage room 24 ft. x 12 ft. The inside finish is of Douglas fir and birch, finished in the natural wood. The ceilings and side walls are sand finish tinted in cream. There are also up-to-date conveniences and the heating plant consists of a Cumberland hot air furnace manufactured and installed by Mr. G. E. Banks, of Bridgetown, who also executed the plumbing. The inside and outside decorating was in charge of Mr. Harry Sanction. The whole work, including the building of a freight shed 30 ft. x 48 ft., on the

opposite side of the track, was built by contract by J. H. Hicks & Sons, under the personal supervision of Mr. E. A. Hicks, of that firm, who has already built seven Dominion Atlantic Railway stations. The Dominion Atlantic Ry. has also added to its system the hotel at Kentville now known as the "Aberdeen." Kentville is an important and growing centre, and the fact that it is now to have modern hotel accommodation will add tremendously to its benefit. The "Aberdeen" is splendidly situated, and will be made very attractive. It will be renovated and refurnished from cellar to roof. Many of the rooms will be equipped with private baths. The work of renovation will begin at once, but will be so conducted that guests will not be disturbed. The Aberdeen will continue to be operated the year-around, and cater to the general and commercial interests as well as to the tourist traffic.

# Announcing Red Rose Orange Pekoe Tea

During our twenty-five years in business, Canada has made wonderful progress in education, refinement and wealth.

The scale of living and the tastes of the people are more luxurious than a quarter of a century ago.

Realizing this we have decided that in addition to our well-known standard brands of Red Rose Tea, the sales of which are increasing faster than ever before—the time is opportune to introduce a tea of extra quality. It is an Orange Pekoe Tea of very fine quality under the popular Red Rose brand, and called Red Rose Orange Pekoe Tea—a special tea of extra quality for people who are willing to pay a little extra price.

To ensure the quality and success of this new tea we have concentrated on it all the resources, the experience and the advantages possessed by our big organization. The Orange Pekoe Teas we use are selected with a knowledge born of long experience in buying teas abroad.

Red Rose Orange Pekoe are grown on the best plantations; — from tested seed; — on carefully cultivated soil; — at a high elevation (mountain

grown teas are very superior to low-land teas.)

They are gathered at the time of the year when the flavor is most fully developed in the leaves.

The manufacture and final preparation are carefully and skillfully done.

When brewed, Red Rose Orange Pekoe Tea has all the characteristics of fine quality tea.

It has a bright, sparkling amber color in the cup.

The aroma is delicate and delightful.

After the liquid is poured off, the leaves in the pot are a greenish copper color.

The flavor is of rare charm and distinction. The more cultivated your taste the more you will appreciate it.

The strength is rich, satisfying and invigorating.

Red Rose Orange Pekoe Tea is sold only in our sealed waxed board cartons which fully protect its fine quality.

Ask for it by the full name: Red Rose Orange Pekoe Tea. The words "Orange Pekoe" are in orange on our new waxed board cartons.
