taken prisoners. The work was however, evacuated by the Versaillists in consequence of its exposure to the fire of Fort Vanves.

It terror and death to the dapatch says that Jules Favre and Questions, Mew tork, May 6—A special Versailles dapatch says that Jules Favre and Questions, Minister of Finance, have started to meet Biamarck at Frankfort. It is thought that the cause of the meeting has reference and discovered of a mean many matters.

Avers is rather flat at present in ou vicinity, but in the absence of other para graphs please insert the following verses as they are the composition of your own postical correspondent, and are somewhat in unison with the sentiments of the search. n. The air to which they are adopted I had a horse I had note mair."

Now winter's surly reign is oer: The snew hath left the mountains Fair snying unfolds her verdant at The snow matrice to indicate of the fair spring unfolds her verdant sore, And sun-shine gilds the fount-ins. Adown the woollands winding glade Dear Mary let us wander, And share the joys by nature spread in wild, sweet, simple grandeur.

AMBERLY.
