RUDYARD KIPLING SPOKE IN WINNIPEG.

Winnipeg, October 2. - Rudyard Kipling arrived in the city this morning penses to income, ing on the Imperial Limited and was

the attendance of members was without doubt the largest ever held at the club. G. Crowe, president of the club, in proposing the toast of honored household word in Canada today than that of Kipling, and that he was famous, if for no other reason, through the creation of the famous and immortal "Recessional."

Introduced by Ralph Connor. Rev. C. W. Gordon, otherwise known as "Ralph Connor ing the guest, said that Mr. Kipling's verse had struck the Imperial note, but there was a still higher note in his writings and that was his fidelity

Mr. Kipling, on rising, received tremendous ovation. He said part: "I am only a dealer in words and you can scarcely wonder that can find no words to thank you for the honor you have done me. I have done my best for about twenty years to keep all the men of the sister na within the empire interested in each other, because I know that at neart all men are created much alike. They have the same problems and aspirations and have only each other to depend upon. If through any fortune any work of mine has helped to keep the boys throughout the world a little more interested in each other, then great is my reward. Fifteen years ago. I was in Winnipeg and at that time the city was seriously considering the wherewithal it should be paved. Today I find Vinnipeg a metropolis and I drove this morning over twenty miles of ago are translated today into stone,

To the Pioneers of the West. pride, because I know of the sacrifices that have gone to the upbuilding of it and that will continue to that are of a different character, their upbuilding, but I have also realized main value being in the standing timthe spirit here of an assured national-hood, the spirit of a people not contented to be merely the imitators of other people but contented to be ing the last couple of years a contented to be in the last couple of years a contented to be in the last couple of years a contented to be in the last couple of years a contented to be in the last couple of years a content of the last couple of years and the years and the years and the possibility of large coal deposits, although there are some years and the years and years and years are years and years and years and years are years.

"But thank God I find on echo of that here today. With the national spirit that I see here today the western section of the irrigation whose spirit that I see here today the western to give water to approximately all ones." meanest collection of packing cases that was ever tack-hammered together on the prairie, can dominate a continent. You are fortunate beyond most other communities. Your own labor has given you material prosperity—in overwhelming abundance, but the gods have not denied to you the light that shows the true use of material prosperity. One is forced back to the old words that you stand on the threshold of an unbelievable future. No man can foresee or set the limits of your destiny. But any man, even I, has the right to remind you that to whom much in the meanest collection of packing cases that was ever tack-hammered to total of 350,000 acres to be served in that section, and the ultimate cost of this work, which should be finished flowers that neighborhood of \$6.50 per acre, including the expenditure on the main canal, which will be available for the central and eastern sections as well. While this expenditure gives a largely increased value to the irrigated lands for the central and eastern sections as well. While this expenditure gives a largely increased value to the irrigated lands for the central prosperity. No man can fore see or set the limits of your destiny.

But any man, even I, has the right to remind you that to whom much to a story the form of that section, and the ultimate cost of that section, and the ultimate cost of this work, which should be finished in the region of that section, and the ultimate cost of this work, which should be finished in the neighbor on the region of the central prosperity. One is forced back to the old words that which will be available for the central prosperity. One is forced back to the old words that which will be available for the central prosperity of the wild provide the wild provide has been given, from them much shall

BIG INCREASE IN C.P.R.'S

REVENUE. At the annual meeting of the share-holders of the C.P.R. today the report of the directors was unanimously adopted. Sir Wm. C. Van Horne, E. B. Osler, K.C.B., R. B. Angus and E. B. Osler, K.C.B., R. B. Angus and Hon. L. J. Forget were re-elected directors. A resolution was passed authorizing the lease of the St. Mary's and Western Ontario R.R. issue of four per cent. debentures was authorized for the following purposes: For the acquisition of the bonds of the Northern Colonization Railway, 34

Northern Railway, 34 for additional issue of the Sudbury branch, not exceeding \$10,000 per mile; for two lake steamers one hundred and eighty thousand pounds sterling, and one twenty-five thousand pounds sterling; for Regina-Saskatoon branch, 165 miles and for extension Moose Jaw branch, 100 miles, at four thousand pounds, at four thousand pounds and securities of other descriptions appearing in the balance sheet has vielded to your treasury cash in extension and the volume of the service they receive, whereas the clients of the monopoly service they receive, whereas the clients of the monopoly service they receive, whereas the clients of the monopoly service they receive, whereas the clients of the monopoly service they receive, whereas the clients of the monopoly service they receive, whereas the clients of the monopoly service they receive, whereas the clients of the monopoly service they receive, whereas the clients of the monopoly service they receive, whereas the clients of the monopoly service they receive, whereas the clients of the monopoly service they receive, whereas the clients of the monopoly service they receive, whereas the clients of the monopoly service they receive, whereas the clients of the monopoly service they receive, whereas the clients of the monopoly service they receive, whereas the clients of the monopoly service they receive, whereas the clients of the monopoly service they receive, whereas the clients of the monopoly service they receive, whereas the clients of the monopoly service they receive, whereas the clients of the monopoly service they receive they receive, whereas the clients of the monopoly service they receive they receive pour the clients of the monopoly service they receive precive pour the clients of the service they receive, the clients of t
