THE THOUGHTS OF THEOBALD.

THE COAL COMMITTEE.

I understand that the commander-
of coal, the eight dollar coal, is ex-
hausted, so that the work of this Coal
Committee is ended. They were ap-
pointed solely to oversee the proper
distribution of this coal, and it is good
to find that it has lasted so long, and
everyone has been supplied and the
factories and other institutions have
been kept running. The disposition
of the Alameda's and Florizel's
and other Government cargoes, and
the regulation of price of this incom-
ing coal, the Government alone are
responsible. Concerning the manner
in which this has been done, the ex-
traordinary manner in which the Gov-
ernment have virtually given over the
coal trade for the next three or four
months to three firms, is so much
of all other coal dealers, I shall
make further comments to make later.
Sufficient to say now that the con-
tract is creditable neither to these
firms nor to the Government.

DIPHTHERIA.

There are some parents who com-
plicate keeping their children home
from school while there is so much
diphtheria about, and indeed there
seems to be such a quantity of it that
it is better to close the schools than
take any risk of an epidemic. Of
course this would be a terrible affair
as far as the C. H. E. Exams. are
concerned—it would be well-nigh im-
possible to get through all the cram-
ming that would be required to fit the
hunks for the examination. I thought
in June if a month was lost now! But
instead of closing down why not
have open air sessions? Take the
classes out for walks—take them on
Signal Hill and tell them about rocks,
sky and clouds. Make the sea more
interesting to them by the sea of the
tides, and its fishes. Let the C. H. E.
Exams. go to Germany, and make the
children interested instead of forced
students.

There is too much danger in dipht-
heria to disregard it. In the old days
while families were stricken and died,
and we are reading every day now of
the very serious sickness prevalent in
Cape Breton and in some parts of the
States. My idea of a Public Health
Office is that it should exist to keep
a city well, not to wait till the city
becomes sick. How active a depart-
ment it should be then always, how
energetic should its knowledge be, how
vigilant should it be to watch every
street and every backyard, even to ex-
amine children to see if they are
susceptible to disease germs. The
Public Health Department ought to be
just about the busiest institution in
St. John's. In this time of grippé
there might be many little tips that the
Public Health Office might circulate,
and which might put many of us on
our guard and enable us to escape its
clutch. One might go on with many
suggestions like these, but enough for
the present. The Public Health Office
might do worse than attempt to man-

Avoid Harsh Pills,
Doctors Condemn Them

Most Pills unfortunately are harsh
and drastic; they cause inflammation
and great discomfort. Rather like
nature is the way a pill should act,
mildly but effectively. Science has
established nothing more satisfactory
as a family pill than the old reliable
pills of Dr. Hamilton's, which for
forty years have had a premier place
in America. Dr. Hamilton's Pills are
very mild and can be effectively used
by the aged, by children, and indeed
men and women of all ages. No
stomach or bowel medicine is more
reliable. No remedy for indigestion,
headaches or biliousness is as effec-
tive, so mild, so certain, to quickly
cure as a 25c. box of Dr. Hamilton's
Pills.

all is such that we have little time to
regulate or direct our living.

"The world is too much with us; late
and soon,
Getting and spending, we lay waste
our powers."

"To him that overcometh . . . even
as I also overcome."
It is not hard to find a man to think
that the Christ did have to bear up
against like temptations as ours, and
can we not imagine the years from
twelve until he was thirty in which
he was overcoming and perfecting
himself? Some say that in essence
the life of God and the life of man are
essentially the same and so are one.
They are alike in essence; they differ
only in degree. And it follows then
that as the God-powers are without
limit, so the only limitations man has
are the limitations he sets to himself,
by virtue of not knowing himself, and
not accepting the fact that he is Divine
as readily as he accepts the fact that
he is human and therefore full of
weakness.

"Our doubts are traitors,
And make us lose the good we oft
might win
By fearing to attempt."

Doctors
Use This
for Eczema

If you are afflicted with skin dis-
ease, the kind that seems to baffle
medical treatment, and leaves you
with a blotchy, itchy, do not fail to investi-
gate a prescription that is now re-
commended by many of the best skin
specialists, even in preference to their
own prescriptions. This is the sim-
ple, soothing, liquid external remedy,
D. D. D. Prescription. This liquid
stops the itch instantly, and effects a
cure that is permanent. In fact, it
took thousands of cures, case after
case, before the best doctors were con-
vinced of the absolute merit of
this remedy.

It is now thoroughly established
among medical authorities that ecz-
ma is purely a skin disease, due to a
germ, and curable only through the
skin. It is not a blood disease at all.
The effect of D. D. D. Prescription is
to penetrate the pores, kill the disease
germs and to soothe and heal the
skin, restoring it to its healthy con-
dition.

D. D. D. has been found to be es-
pecially effective in all forms of Ec-
zema, Bad Leg, Pimples, Dandruff, Ul-
cers and other skin diseases.

Get a bottle of D. D. D. Prescription
to-day. Sold Everywhere.

UNAPPRECIATED.

The young man
labors hard at
home, and writes
a story or a poem,
and, hoping to re-
ceive long green,
he sends it to a
magazine, or may
be to some daily
sheet, and he
wants not stuff
that's keen and
sweet. Then
back it comes, by
early mail, and how that writer makes
his wall! The editors are all combin-
ed to bar that great and fertile mind!
Or else they didn't read his stuff, but
calmly set it down as guff, and ship-
ped it back with his own stamps—
what wonder tears are in his lamps?

I used to talk that way myself, when
viewing bundles on the shelf of tales
and other germs of thought, which edi-
tors returned as rot. But, friend,
the editors were right! The editors are
mostly white, and if they see in man
or dame a symptom of the genius
flame, they do not douse the glowing
spark with bitter sneer or cold re-
mark, but try to fan it to a blaze, and
nourish it with smile and praise.
(These metaphors, of course, are
mixed, but when I've time I'll
them fixed.) The editors, all over this
sphere, are looking, looking, year by
year, to find the writers who can
write, and finding one brings keen de-
light. So, if you cannot sell your
junk, it is because the junk is punk.

You Can't Find Any
Dandruff, and Hair
Stops Coming Out

Save your hair! Make it thick, wavy,
glossy and beautiful at
once.

Try as you will, after an application
of Danderine, you can not find a sin-
gle trace of dandruff or falling hair
and your scalp will not itch, but what
will please you most, will be after a
few weeks' use, when you see new
hair, fine and downy at first—yes—
but really new hair—growing all over
the scalp.

A little Danderine immediately
doubles the beauty of your hair. You
notice how dull, faded, brittle and
scraggy, just moisten a cloth with
Danderine and carefully rub it
through your hair, taking only one
small strand at a time. The effect is
immediate and amazing—your hair
will be light, fluffy and wavy, and
have an appearance of abundance; an
incomparable lustre, softness and
luxuriance, the beauty and shimmery
of true hair health.

Get a 25-cent bottle of Knowlton's
Danderine from any drug store or
toilet counter, and prove that your
hair is as pretty and soft as any
that it has been neglected or injured
by careless treatment. A 25-cent bot-
tle will double the beauty of your
hair.

And Not to Paris Yet.

O Kaiser! you're off your schedule,
Your train is obviously slow,
You planned about dining in Paris
A year, yes, a year, Sir, ago,
Oh! why are you thus belated?
Say, what is it blocks the line?
For you told us you'd be punctual
At Xmas, in Paris to dine.

The table and dishes are waiting,
The crust is laid out on the bun,
The cook from the kitchen informs us
That the stew has been long over-
done.
The menu-cards will be faded,
And out of style with that,
For it's over a year ago, Kaiser,
And not to Paris yet.

The waiters are growing impatient,
They've stood so long at their post,
And still no sign of the Kaiser,
They'd gladly welcome your ghost;
They're anxious for something to do,
Would delight to serve you hand-
pat,
Well, this is simply shocking,
And not to Paris yet.

And did you not say that the week-end
You'd spend at Calais's Green?
Now, I've diligently scanned the pa-
pers,
And I'm blest if ever I've seen
That you ever trod soil in Calais,
Or ever on Calais's Green sat;
Oh my! it's so disappointing,
And not to Paris yet.

I've inquired from this source and
that one
To find out when you are due,
But in every case the same reply—
"Can't give you any clue."
We have lost our confidence, Kaiser,
Yes, sir, it is a fact,
That you started out with a boasting,
And not to Paris yet.

Now William, I must up and tell you
The truth as you needs will know,
Your train is as near to Paris
As ever it shall go;
For with Joffre and Haig as conduct-
ors,
And much to your chagrin—
You'll soon be bound east 'mid the tu-
mult
"All aboard!" all aboard! for
BERLIN.

He States He Got
Relief at Once.

What Dodd's Kidney Pills Did for Mr.
Wilson's Rheumatism.

Well Known Gordonville Citizen Tells
How His Pains Vanished When He
Used Dodd's Kidney Pills.

Gordonville, Ont. February 11th.
(Special).—That he got immediate re-
lief from rheumatism when he used
Dodd's Kidney Pills is the experience
of Mr. Thos. Wilson, a well-known
resident of this place. Mr. Wilson had
tried other medicines but without get-
ting beneficial results.
"I certainly must say that Dodd's
Kidney Pills did me a great deal of
good," Mr. Wilson stated when asked
concerning his case. "I was suffering
from rheumatism and could get no
relief till I started using Dodd's Kid-
ney Pills. They brought me relief
immediately."

The natural way to treat rheuma-
tism is to treat the kidneys and the
natural way to treat the kidneys is to
use Dodd's Kidney Pills. Rheumatism
is caused by uric acid in the blood. If
the kidneys are doing their duty they
will strain all the uric acid out of the
blood and there can be no rheumatism.
Put the kidneys in shape to do their
duty by using Dodd's Kidney Pills.

Salt Cargo Arrives.

The schr. Arthur H. Wright, 35 days
from Cadiz, arrived here yesterday
afternoon, bringing a cargo of salt to
Harvey & Co. Ltd. The vessel had a
rough passage and had some of her
canvas blown away. She reported
not having seen the Danish schooner
Thomas on the way. The Thomas is
now 100 days out from Cadiz with a
salt cargo for this port and all hopes
of her turning up are being abandon-
ed.

Everyday Etiquette.

"Whatever shall I do? I have just
received a card announcing the birth
of a little girl to an old school friend.
Should I write to her?" asked Mrs.
Newlywed, not versed in social cus-
toms.
"If she lives near you should call
and leave your card. If at a distance
you should mail your card and above
the name write: 'Heart congratulations,'" said her friend the club-woman.

REPAIRS FINISHED.—Repairs to
the Danish steamer Lexa Maarak are
completed and she resumed her voy-
age to Copenhagen where she was
bound when she put in here three
weeks ago in a battered condition.

Somebody's Darling.

Into a ward of the whitewashed walls,
Where the dead and dying lay,
Wounded by bayonets, shell and balls
Somebody's darling was borne one
day.
Somebody's darling! so young and so
brave,
Wearing still on his pale, sweet
face,
Soon to be hid by the dust in the
grave,
The lingering light of his boyhood's
grace.

Matted and damp are the curls of gull
Kissing the snow of its fair young
brow;
Pale are the lips of delicate mould—
Somebody's darling is dying now.
Back from the beautiful, blue-veined
face
Brush every wandering silken
thread;
Cross his hands, a signal of grace—
Somebody's darling is still and dead.

Kiss him once for somebody's sake,
Murmur a prayer soft and low,
One bright curl from the cluster take,
They were somebody's pride you
know.
Somebody's hand has rested there;
Was it a mother's, soft and white?
And have the lips of a sweetheart fair
Been baptized in the waves of light?

God knows best. He was somebody's
love;
Somebody's heart enshrined him
there;
Somebody waited his name above,
Night and morn on the wings of
prayer.
Somebody wept when he marched
away,
Looking so handsome, brave and
grand with lich, do not fail to investi-
gate a prescription that is now re-
commended by many of the best skin
specialists, even in preference to their
own prescriptions. This is the sim-
ple, soothing, liquid external remedy,
D. D. D. Prescription. This liquid
stops the itch instantly, and effects a
cure that is permanent. In fact, it
took thousands of cures, case after
case, before the best doctors were con-
vinced of the absolute merit of
this remedy.

What Are You
Doing for that Eczema?

"Nothing," I've about given up try-
ing to cure it.
That is not wise. Do as I did and
you will probably be cured in a short
time. I used Zylex and Zylex Soap
with it and my Eczema began to im-
prove at once. A couple of boxes
cured. You can get Zylex at your
druggist's.
Zylex, 50c. a box; Zylex Soap, 50c.
a cake.
Zylex, London. eod.ft

Australia Says Fight
and Work is its Policy.

Telling Speech by Premier of the Com-
monwealth.

Router's Agency states that the
Prime Minister of the Commonwealth
of Australia, in the course of a recent
speech on the war before the Aus-
tralian Institute of Journalists, said:
"We must face the situation as it is.
The resources of the Allies are over-
whelming. We must organize them.
If we had more men Gallipoli
would now have been ours. It is im-
perative to have more men. We are in
this war, and we must win or go un-
der. There is only one way to shorten
the war, only one way to save the
lives of our brave soldiers, only one
way of keeping Australia a country
where a free democracy can work out
their great destiny—and this is to put
every ounce of energy and every man
we can spare for that purpose into
the war."
"We must take off our coats to this
job. We must not only fight and work
in earnest, but we must do both things
systematically. We can and must do
something to prevent waste of energy
and to increase our effective strength,
nationally, industrially and financially.
We must face the position. We can-
not finance this war unless we both
increase our production and lessen our
consumption of overseas goods. We
must, as far as possible, be a self-
containing nation during the war.
We must produce more of everything.
We can sell overseas, but we must
buy nothing overseas that we can
produce ourselves."

"The British race is being tried in
the furnace. This is our hour of trial
and we must do our part, cost what it
may."

CITY'S HEALTH.—Six cases of
diphtheria were reported to the Health
Authorities during the past week, four
within the city limits and two at Mt.
Cassell.

See our grand display of

LIGHT, HEAT, COMFORT!

The proprietor of one of the best known multiple shopping
systems is credited with saying, "Give me any old shop, in any
old street, and I'll guarantee to make it in twelve months the
most widely known and best frequented shop in the district."
He was asked to explain. Holding up three fingers he said, "I
believe in the trinity of LIGHT, WARMTH, COMFORT. I should
dazzle the moths under the candle drew them. I should bring
them into a warm, comfortable shop, filled with a soft, pleasing
radiance, and the rest is—well, mere child's play."

Mixed metaphors, perhaps, but expressive. Now we can more
than imagine the kind of shop this well-known individual would
open, for we pass it in almost every town—always a landmark
to the street. No one fails to notice it. There is an indefinable
air of welcome and invitation as one stands for a moment on
the pathway and lets one's gaze travel inside it. The subdued,
restful lighting effect that so charms because of its very un-
obtrusiveness, the absence of dark corners, the intangible feel-
ing that if one would step inside one would be sure of experi-
encing a delicious sense of warmth and comfort and cheerfulness—
all these are part of its appeal. Truly a shop with an
individuality.

We cordially invite all progressive business men to visit our
showroom and see our latest Lighting and Heating Appliances,
by the adoption of which the ideal outline in the above extract
from a London paper may be easily secured. Our new RADIO
X. Lamp and GASTHEAM Radiators fill all light and heat re-
quirements.
