CRICKET. LONDON WINS BY FIFTY-TWO RUNS.

Play in the great match between London and the Detroit Athletic Club was resumed a little after 11 o'clock Saturday morning at the asylum grounds with Burrows and Senkler at bat for Detroit. Runs came very slowly for the first half dozen overs, and then Senkler started to hit. Soon after Burrows was caught at the wicket for a very steady and careful 36. Newhall added 26 to the score and Senkler was retired for a dashing 51, making Detroit's score 166-just two more than that made by the Londons on Friday-leaving London 72 to win.

After luncheon beneath the shady maples, to which all did ample justice, play was resumed by sending Becher and Hyman to face the bowling of Roberts and Stewart. The former succumbed to Roberts in the fourth over, and Dr. Williams joined Mr. Hyman. Runs now came very fast, Mr. Hymas batting in splendid style and getting the boundary with some clean leg hitting, four drives, raising the telegraph rapidly to 60, whilst Dr. Williams batted carefully. Roberts brought down a nice drive at mid-off from Mr. Hyman, and for a while the wickets dropped quickly, and although only eight runs were needed it looked decidedly shaky for a big score. Valker, however, stayed the havoc after Williams was caught in the slips and batted in his usual brilliant style. At 4:35 Bamford found his off stump, and the inning closed for 123, leaving the London Cricket Club winner by 52 runs. Dr. Beemer, the captain, courteously sent all the men to the wickets before he joined Walker and carried his bat. The Detroit Cricket Club have had a most successful tour in the east, beating the crack clubs Rosedale, East Toronto, Hamilton, etc. They left Saturday evening for the west, and London never spent a jollier or a more pleasant game in every respect, and they trust that a similar good time will often be spent in the future with such gentlemanly players as the Detroit Cricket Club. The general secretary's report showed expenditure for necessary expenses of \$2,720. The rest of the literature sent gratitously during the year was \$739 71. The condition of the funding was next dealt with. It appeared that \$6,149 43 had been collected during the year out of the \$10,-000 which the promoters of the fund set themselves to collect.

Saturday morning's session of the Baptist Young People's Union commenced at 9 o'clock. The feature of the proceedings was addresses by a number of prominent denominational editors. The principal speeches were those by Rev. Geo. A. Horr. editor Boston Watchman, and Rev. Dr. Calvert, editor of the Christian Inquirer, New York City, the two leading Baptist newspapers in the United States. The theme of the speeches was the necessity of supporting denominational newspapers.

Dr. Wharton, of Baltimore, a singing evangelist of wide repute, sang a number of lymns so pathetically that many of the tudience were moved to tears. One of them, lowever, was of a humorous nature, and concluded with the refrain "We'll meet in Baltimore in '95," which was received with

All the visitors were loud in their enlogy of the quiet of the Toronto Sabbath. These views were given formal expression to by a resolution moved by Dr. Ellis, of Baltimore, expressing the pleasure of the delegates at the manner in which Sunday is observed in Toronto, and hope that Toronto will be able to continue to set such an example to the world.

tonight. The formal announcement of the election of Baltimore as the place of next year's convention meeting was not made until this evening. The audience had been requested not to applaud today, being Sanday, but when the announcement "Baltimore, '95' was made, a Chautauqua salute was indulged in, and at the close of the meeting the Baltimore delegates who remained in the city gave expression to their feelings by rising in a body and singing the Dox-
