THE PRESBYTERIAN GENERAL ASSEMBLY

Take Up the Matter of Procedure for the Next Few Days-Rev. J. A. Madill Brought Into Prom'nence.

Ottawa, June 13.-Rev. J. A. Madill, of Winnipeg, formerly of Toronto, and at one time prominently connected with the P. P. A. movement, will be discussed by the General Assembly. The Presbytery of Winnipeg wants to take Mr. Madill into its field, but the Presbyteries of Stratford and Ottawa object. The matter came up morning under the head of applications for leave to receive ministers.

The assembly opened with devotional exercises, and then the programme for the next few days was considered. Rev. J. W. McMillan, of Lindsay, was appointed joint agent to act in the place of Dr. Warden, elected moderator. College reports will be taken this afternoon, and in that connection the signation of Dr. Proudfoot, of Knox College, Toronto, will be taken up. Home missions will be considered tonight.

Tomorrow morning unfinished reports of colleges will be received, afterwards an overture on the term of service of elders will be taken up, to be followed by the Sunday school committee report. On Friday afternoon, the committe on the old and infirm ministers will report. Foreign missions will be taken up on Friday night. The committee on statistics will report on Saturday morning. The report of the committee on probationers will be taken up afterwards. On Monday night Sir James Grant, president of the Canadian Association for the Prevention of Tuberculosis, will speak about tuberculosis, and afterwards Principal Mae-Vicar, of Toronto, will speak of French

evangelization. An amusing incident came up in connection with Mr. Madill's case. The extracts from the minutes of Paris Ont.) Presbytery, read that Mr. Maill should be received. Rev. Dr. McMullen arose looking

greatly surprised, and told the as-sembly that the Presbytery of Paris declared that the application to re-ceive Mr. Madill should be rejected. A general laugh followed, but Dr Warden held that it would be a dangerous precedent to change the extract in the assembly.

All the papers in connection with Mr. Madill's case were referred to the committee on applications. A resolution was unanimously passed sking the government for a grant of land to each volunteer resident of the territories who was engaged in the South African war.

FIVE POUNDS OF CORN MAKE ONE OF BEEF.

Topeka Daily Capital: The Kansas State Agricultural College has just sold in Kansas City 126 head of calves 12 months old. These calves were taken at weaning time and put in feed lots, and fed the same as fattening steers are usually fed. They gained an average of 400 pounds each and sold at the top market price. The remarkable feature of this experiment is that it required only 500 pounds of corn to make pounds of beef. On this account this experiment promises to bring about a radical change in the methods of producing beef on Kansas farms.

THE COLOR LINE IN MASONRY. Tacoma, Wash., June 13.-The Grand Lodge of Masons have rescinded the resolution adopted two years ago recognizing negro Masonry. The action of the lodge at that time was severely criticised all over the United States, and as a result, the next session of the grand lodge attempted to return to the old established principles, but the resolution was so artfully drawn that sister lodges refused to construe it, as an honest expression. The lodge has now in unmistakable language made its position known.

London, June 14.-Sir David Barbour, | revenues derived from the sale of lands whom the chancellor of the exchequer, Sir Michael Hicks-Beach, sent to South Africa to investigate the sources of revenue of the Transvaal and Orange River Colony with the view of estimating how much they should contribute towards the cost of the war, rethe profits of the mines, yielding, on the basis of the profits of 1898, £450,-000 yearly. After paying this, Sir David Barbour considers the mines will be better off than before, as they will save £600,000 per year on dynaamite, owing to the abolition of the monopoly in that commodity. The Orange River colony will be unable for some years to meet the ordinary cost of administration and pay its share of the cost of the constabulary. "It cannot, therefore," says Sir David Barbour, "so far as can be forseen at present, pay anything toward

the cost of the war." The Transvaal, he thinks, can, two years after conclusion of peace, begin, out of its ordinary revenue, to pay part of the cost of the war. He is unable ow to estimate how much. Sir David proposes also to apply all the transport.

PRISONER'S DESPERATE ATTEMPT!

To Kill Judge Bell and County Constable Cape.

The Man Had Been Convicted on a Charge of Stabbing a Female Companion.

Chatham, June 14 .- A desperate attempt was made by a prisoner to murder Judge Bell and County Crown Attorney Douglas in the county court yesterday afternoon.

Andrew Epherson, who had previ ously served a term for stabbing, was up on the charge of stabbing his paramour, Ida Litson. The crime was committed last April. The jury had 1eturned a verdict of guilty, and the prisoner was remanded for sentence. A DESPERATE DASH.

A few preliminaries were being gone through with before proceeding with the next case, when Epherson made a dash from the prisoner's dock towards Judge Bell, the senior county judge. Just in front of him were lying the razors and knives used in exhibit in the stabbing case. Epherson seized the sharp razor and rushed towards the bench. Constable Charles R Cape meanwhile had made an effort to stop the infuriated man, but he was hurled to the floor as if he were a feather-weight.

The Naval and Military Record, comnenting on the three weeks' trial of the British turbine torpedo boat destroyer Viper, which was conducted under regular service conditions, and during which she developed a speed of 301/2 knots, and was pronounced capable of doing 31, says her coal consumption was enormous at top speed, which, the paper adds, militates against the plan which the Dover-Calais Company is now maturing to build two turbine channel steamers, and reduce the time of crossing between England and France to 35 minutes. The Viper's rial was pronounced to be completely satisfactory. Although she was nandled by an inexperienced crew, she showed a remarkable immunity from

Mr. Richardson, official assignee, whose claim, in behalf of defaulting brokers in connection with this and the London and Globe Finance Corporation (Limited), suspension amounts to £768,000, supported the petition for the compulsory winding up of the concern, saying the credit and reputation of the stock exchange required a full public examination of the affairs of the two defaulting com-panies. BRIGADE MARCH THROUGH CITY.

Soldiers From Carling's Heights Made Brave Showing.

Thousands of Citizens Saw the Militia Regiments on Their Route March.

The soldiers' march through the city yesterday afternoon showed the citizens the good effect of a few days' drill. Hardly more than a week ago these men came into camp, having had previously very little drill, and that a year ago. Since coming here, however, they have been worked steadily and skillfully and the result was apparent yesterday.

The men left the Heights at 3:15

o'clock and returned by way of Dundas, Richmond, Queen's avenue and Adelaide street. The brigade drum major, Sergt. Cockburn, of No. 1 Company, R. C. R. I., led the brigade at the head of the 26th regimental band, which was immediately followed by the brigadier, Lieut.-Col. Peters, D.O.C., Brigade Major Denison, C.M.G., and other staff officers. Lieut.-Col. McEwen's regiment, the 26th, which was the first in the line, has a number of good companies, which, however, are overshadowed always while on the march by the noticeable superiority of the Indian companies From the showing that they made yesterday, it can readily be understood why Col. Aylmer, in speaking of these companies last year, said that they were among the finest soldiers, physique, shooting, steadiness on parade, and all things considered, he had seen in Canada. The Lambton Regiment, under Lieut.-Col. Ellis, were undoubt edly the favorites among the spectators. The addition of putties to their uniforms, though not wholly attractive in its individual effects, betters the regimental appearance considerably. The Borderers never forgot that they were marching through lines of spectators and that comparisons assuredly follow. They marched their best all the time, and in doing so were in a class by themselves. The white helmets worn by the 32nd. Lieut.-Col. Weir's regiment, were in decided and pleasing contrast to the forage caps worn by the other regiments. it become a matter of show, instead of comfort, the caps cannot compare with the helmets; and the 32nd looked remarkably well. The largest regiment in the brigade was Lieut .- Col. Varcoe's, the 33rd. The splendid size of Col. Varcoe's men, more than their

marching, excited comment. The march was a very warm undertaking, but the novelty of parading under the maples instead of on the sun-bleached hill, made amends for

other discomforts. Col. Peters complimented the officers yesterday morning on having the best military district in the Dominion. He said that while at Niagara he was told this, but did not believe the statement. Since he had worked in this district, the found the men head and shoulders above any other district. The men were of a better class, older and much steadier and quieter.

The silver cup presented by Col. El-lis, of the 27th Regiment, to the com-

pany making the best shooting record

in his regiment, will go to the 8th company, under Capt. Coulter this

year. During the two past years the

cup was held by the 6th company, which was then commanded by Capt. Coulter, who is now captain of the new 8th company. SUNDAY CLOSING OF THE PAN. Rochester, N. Y., June 13.-The appelre the Sunday closing of the Pan-American Expositnon, has ordered the
