NEVER HEARD OF WHITE MEN. NEVER HEARD OF WHITE MEN.

By careful inquiry Dr. Roth learned that the islanders, with but one exception, had never seen or heard of white men. The exception was an islander, who, when the explorers approached, skipped behind a bush and presently respected with some grass and leaves and belong to many nationalities. The tied around him appron fashion.

cated to the "Spirit of Peace."

The sland is 40 by 10 mues in size, and upon it subsist numerous natives, for the ancient and refined Athenians erected colossal monument and temples to the unknown gods. I trust we shall to the unknown gods. I trust we shall the place are upon quite a plenty of noise, it is only the result of which the etymology of its name is upon dishes another time they came upon quite a plenty of noise, it is only the result of which the etymology of its name is upon it subsist numerous natives, for the upon it subsist numerous natives, for the gymnasium apparatus and games appealed more to the lads than general roughness, and now, while there is plenty of noise, it is only the result of which were assembled to China dishes fleet of the native rafts already described. Though the explorers went armed, and acted with caution during the three days they spent upon the island, particularly at night the islanders were far from being hostile. On the contrary, they almost invariably ran away when the white men

> of the York Peninsula. MATTER-OF-FACT LOT. Strange to say, these islanders were a port.
> very prosaic, stolid and matter-of-fact lot, indeed. They took the two white men quite as in the natural course of events, and showed no curiosity whatever has b as to where they came from or why their color was different from theirs. When one of the explorers lit his pipe the islanders casually remarked one to another. "Why, he is burning himself!" The lighting of a fire with a match in-stead of by the use of fire-sticks, excited

boiling of water in a billy or tin can.

They were armed with spears, and of them had boomerangs, but they made no unfriendly demonstrations what-ever from first to last. A lot of penny whistles from Sydney, which Mr. Hedley dealt out among them as presents, tickled their souls, and presently the primeval forests of Mornington Island rang with nuch tooting.
When Mr. Hedley showed one savage

Mango swamps, poor grass and poor soil make it undesirable for white men. Yet the savages, notwith-standing these discouraging environ-

white men. Yet the savages, notwith-standing these discouraging environ-ments, are well set up, strong and active, hough somewhat short of stature. Kangaroos and other wild animals bounded and bounded wherever the explorers went. They were plenty of timber blood-wood, oak, beef-wood and eucalvoti, but the trees were not very large. The island was well watered.

SAVAGE INSTINCT. The scouting and the sense of direction displayed by the tame blacks were marvelous and fully up to all the traditions of Australian aboriginal bushmanship Both Dr. Roth and Mr. Hedley are good bushmen, but they were simply beginners beside their attendants. These boys would hold up a hand from time to time and ask their white bosses if they did not hear savages talking in

the distance. The bosses could not hear Then again, the guides would hear insects humming far up in a treetop, which was far beyond the sense of hearing of the two whites. The party would come upon a footprint or two in the dust, and with but barely a look at them the dark guides would explain that a man and a more particulars a la Sherlock Holmes their finding the party s boat, no matter how many zigzags the party had taken, and no matter how deep they were in the jungle. They would bring the whites out upon the beach every time, within a quarter of a mile of the boat, without any apparent effort at all. With absolutely no marks, such as blazed trees or paths, or with the sun to direct them but by sheer with the sun to direct them, but by shee savage instinct of locality, they would complished this.

n 1802. Capt. Mattthew Flinders, of the

British navy, one of the heroes of Australian discovery, surveyed the Gulf of Carpentaria and found Mornington Island. Carpentaria and found Mornington Island. He did not land upon it, so far as is known, so Dr. Roth and Mr. Hedley were first white men ever to set foot upon the first white men ever to set foot upon it. Several times when on it they saw clouds of smoke rising from the bush on the mainland in the far distance. They knew from Flinders' record of his work that this smoke was from the bush being fired by blacks to drive out kangaroos, for Flinders saw similar smoke

The chief scientific result of the cruise The chief scienture result of the cruise was the determination by the scientists that the Gulf of Carpentaria is more nearly related in its fauna to the Indian Ocean than to the Pacific, proof of which is afforded by the mollusca found by Mr. Hedlev by means of his dredge. He took back with him to Sydney a large number of specimens, shells and fishes mainly. specimens, shells and usnes mainly, ome of which are undoubtedly new to

some of which are undoubtedly new to science.

This work with the dredge only confirms a hypothesis he advanced some vears ago, that in a geological age New Guinea was connected with Australia by the York Pennisula! This accounts for Indian Ocean forms in the gulf.

100,000 Sample Boxes Given Away.

There are hundreds who are martyrs to Kidney Trouble, having tried everything else without relief. There are dozens in every town who may have Kidney Trouble without knowing it. If you are pale—losing flesh—can't sleep—no appetite—if you constantly desire to urinate—if the urine is scanty, burning or highly colored—if the feet and hands are swollen—if the eyesight is dimmed—if there are frequent pains in the back, through the hips and legs—then you have the most positive symptoms of

These are the people, we hope, who will send in their names that Gin Pills may cure them. Kidney Trouble. What They Are

Each Gin Pill contains the medicinal properties of one and one-half ounces of best Holland Gin. The harmful stances-and the alcohol-are left out. These medicinal principles are combined with several other remedies of onal value-and the whole made up in the form of small, pleasant pill. These are the famous Gin Pills that have the largest sale—and the greatest number of cures to their credit—of any Kidney and Bladder remedy, ever introduced in Canada.

What They Do Gin Pills cure "Cold on the Kidneys," Inflammation of the Kidneys, Uric Acid, causing Gout and Rheumatism, Ulceration and Inflammation of the Bladder, Painful and Suppressed Urine, constant desire to urinate, Gravel or Stone in the Bladder, and all other troubles, caused by sick Kidneys and Bladder. They never fail to relieve the share, shooting pain, make urination easy, natural and regular, strengthen the organs and effect a speedy and

Won't you try Gin Pills at our expense? It costs nothing. Simply a post card. Ask us to send a sample box free—say in what paper you saw this advertisement—and sign your name and address. Do it to-day—NOW.
