AT VARIOUS SPORTS

Evidently the weather man has no time for hockey. Wake up, Mr. Frost, and assert your rights.

That Toronto pro hockey outfit looks like a joker in a crowded deck. Of all the misfits—Canadian Soo 7, Toronto 0. Need we say more.

The Star offers up the following comments on the burlesque: Players who are paid to play hockey should see to it that they are in condition before they arrange matches. The public must be protected, especially since the raise in seat prices.

Now we know why the Canadian Soo team are the tail-enders in the International League.

The Toronto pros were like the Toronto street railway service—very bad in spots.

The college hockey teams will glory in their showing against the O. H. A., notwithstanding the fact that they were only exhibition games.

Alex. Miln says it reminded him of the old Wellingtons—it was so different.

"Varsity, too! Back, back, among the 'also rans.' Berlin 8, 'Varsity 5.

There were 1,240 innocents present at the Toronto-Soo massacre. "Sucker born every minute," etc.

Hugo Kelly, who claims the middle-weight championship, is still young, not yet having turned his 24th milestone. He was born in Florence, Italy, and his real name is Hugo Micheli. He started in the game young and has gradually improved. He is willing to meet all comers in his division, barring colored fighters.

He would rather meet Jack O'Brien than anyone else if the latter will make any weight at all. Kelly in a pinch can go as low as 154 pounds, but his best weight is 158 pounds at 6 o'clock, although he claims that making the same for ringside does not weaken him in the least.

The appended letter explains itself:

"In your sporting column of Saturday's paper I notice a report of the City Hockey League meeting Friday night wherein a fifth club was not admitted to the league, the applications of the Orioles, Hortons, Waterloos and Hermitage Clubs being accepted. The fifth club was, I think, the Ramblers, of the east end, and in the turning down of their application somebody showed very strong symptoms of a yellow streak. The president of the league and a member of the executive asked the Ramblers to enter a team, thinking it would be better for the league to have an east end team, as the games are to be played in that section of the city. Now, after the Ramblers taking this up, forming a team, and even practicing, it shows pretty poor sportsmanship to turn their application down.

"EAST END HOCKEYIST."

They are still playing football in Brooklyn, N. Y. Incidentally it might be well to state that they are also playing "at" hockey in Toronto.

Judging by the tone of the letter printed above in this column, it is about time that the officials of the City Hockey League open up the bag and put the local sporting public wise to their reasons for barring the Ramblers. Of course a great many of the boys, including myself, and 'perchance the writer of the epistle, are aware of the reasons for the blackball (if such it could be called), but it seems that it is distinctly up to the officials to make an explanation. This column is open for any comments on the subject, providing they are not too lengthy.

A sporting writer on a Chicago sheet says that there are always sporting critics who are ever ready to take a poke at an athletic contest and label it "fake." As an example, he points out that while the Gotch-Beall fiasco was on the square it was roasted in all parts of the country. As a matter of fact, sporting writers, as a rule, are most lenient in matters of that kind. I dare say there was not one well-posted scribe in the business who did not know that Joe Gans was crooked long before he came out openly and said so. It is also a well-known fact that Jack O'Brien is on the shady order. Of course, they are not the only ones whose record will not bear close scrutiny. But as long as the pair have been in the limelight neither one of them ever showed as complete a reversal of form, in so short a time as did Gotch when he met Beall. The wrestling fake-game is an old chestnut, and it is about time that a halt was called. If a fakir dares to open up a little shell game at a country fair nowadays he is haled into court. If a bookmaker doesn't hot-foot it around the ring at Benning's he is arrested for gambling. If a man sells a horse and represents him as being sound when he is not he can be held on a charge of false pretense. But, if a pair of wrestlers see fit to swindle the public by pulling off a fake match it is all right. Eh? The boxer or wrestler who takes a match should be held just as liable as the man who sells a farmer a good brick. The principle is the same, albeit, the method of delivery is different.

The New York Journal says:

With the near approach of the New Year, the fifth annual speed contests on the Ormond-Daytona Beach, Fla., is only a matter of a few days. The very fact that the speed accomplished on the famous Florida beach will be almost twice as fast as that of the ordinary road or track is sufficient to cause automobilists to journey from long distances to see the annual record-breaking contests.

Some of the American manufacturers that bravely faced the starter in the Vanderbilt cup race will not be seen in Florida this winter. They found that their cars were not right for a hard race, such as the Long Island one; so the disappointment and loss of time and money persuaded them that they had enough of racing for the time being.

Some of the cars, however, will undoubtedly be seen in Florida, and the only alteration in them will be a change in gear, as the Florida coast, being so fast, necessitates a higher gear for record work.

Many guesses have been made as to the time that will be made for the mile and the 100-mile, respectively. Bets have been made that the mile will be done in the even time of 25 seconds and the 100-mile in the even 60 minutes. It is a remarkable fact that the mile record has been beaten every year in Florida. It started in 1902, and last winter the world's record was placed at 28 1-5 seconds.

Entries for the Florida races close with W. J. Morgan, Bretton Hall, Broadway and Eighty-fifth street, New York, on Jan. 12, 1907, and by that time it is expected the best automobile sportsmen of the country will have sent in their entries.

SOUTHPAW.

BASEBALL.

CUBS SIGN TWILVER.

Chicago, Dec. 29.—It was announced today that the Chicago National League team had signed as pitcher Gladstone Rayne, who was lately a player in the Empire State League.

CHAMPIONSHIP TO BIRMINGHAM.

Birmingham, Ala., Dec. 30.—At the annual meeting of the directors of the Southern League of Baseball Clubs, the championship of 1906 was awarded to Birmingham. The meeting was harmonious, numerous protests lodged during the playing season having been withdrawn.

THE RING.

THINKS WELL OF HIMSELF.

Detroit, Dec. 30.—Bruno (Tommy Burns), of Galt, Ont., pugilist, is in Chicago on his way to Detroit for a few weeks' stay. He will then go to Philadelphia to start a ten-weeks' theatrical engagement. He will return to the coast early in March to begin training for his second engagement with O'Brien, which takes place at Los Angeles during the first week in May. Burns says Jeffries promised to give him a fight if Jeffries could get a \$50,000 purse. Burns thinks that he has a splendid chance of whipping Jeffries. Burns is willing to bet that he can stop Squires (Australia) in twenty rounds, and thinks that Whitelaw and P. W. Edward.

Wanderers Take Second Game for Stanley Cup

Get Away With New Glasgow Again 7 to 2—Fast Ottawa was Trim Kenora.

Montreal, Dec. 30.—The New Glasgow, N. S., hockey team, champions of the Maritime Provinces, were defeated by the Wanderers on Saturday night in the second match for the Stanley Cup, by a score of 7 to 2, making the total score for the two matches 17 to 5, in favor of Wanderers. The teams were:

New Glasgow—Goal, Morrison; point, Musick; cover, J. D. MacDonald; rover, Percy MacDonald; center, Lannon; left wing, Williams; right wing, Murphy.

Wanderers—Goal, Hern; point, Strachan; cover, Kennedy; rover, Pat, center, Glass; left wing, Johnson; right wing, Blatchford.

OTTAWA DEFEATS KENORA.

Winnipeg, Dec. 30.—The hockey match this evening between Thistles, of Kenora, and Ottawa, proved to be one of the most exciting games seen here in recent years. Although only an exhibition, both teams played Stanley Cup hockey. Ottawa won by a score of 10 to 5, but the score is hardly a correct indication of the play, as Kenora was on the aggressive at all times, but lacked combination work, depending entirely on individual rushes. Ottawa has a well-balanced team and plays a good combination game. About 5,000 people witnessed the game, and the crowd was about evenly divided. Considerable betting was done with Kenora a slight favorite.

FALL IN LINE.

Stratford, Dec. 30.—Charles Roberts and Kenneth MacLaren, point and goalkeeper, respectively, of last year's senior team, have fallen in line with the Stratford Hockey Club, and yesterday signed certificates to play. The four players belonging to the Crescent Club—Kilren, Forbes, Hern and Lloyd—are still outside the fold and refuse to play. Therefore, Stratford's senior

team may be considerably weakened. Notwithstanding this fact, however, a good team will represent the city.

GOOD GAME AT PENETANG.

Penetanguishene, Dec. 30.—One of the best games of hockey ever played in Penetang took place here last night between Midland and Penetanguishene O. H. A. Juniors. At half time the score was 6 to 2 in favor of Midland, but after ten minutes' playing in the second half the Penetang juniors woke up and the game resulted in a tie, 12 to 12. Referee Mayhew then allowed the teams to play five minutes each way, the Penetang won out, 14 to 13.

GLASS GOES TO WANDERERS.

Montreal, Dec. 30.—At a meeting of the Eastern Hockey Association on Saturday night, after a protracted discussion, it was agreed to allow Glass to play with the Wanderers. Glass had contracted with the Montreal team, but joined the Wanderers.

MOUNT FOREST TOOK OPENER.

Mount Forest, Dec. 30.—In the opening game of the season the home hockey team defeated Orangeville Intermediates by a score of 9 to 5.

PERMITS GRANTED.

At a meeting of the O. H. A. sub-committee at Toronto, Uxbridge was declared to be the residence of Bert Lott.

Walter Robertson, of Kingston, a sailor, was given permission to play with Kingston.

Hubert C. Higginbotham, a bank clerk, moved from Harrison to Toronto, was granted a permit, as was Leon Koyl, moved by the Bank of Montreal from Guelph to Cobourg.

The application of Orliffe H. Corbett, of Fenelon Falls, to be permitted to play with Lindsay, was refused.

George Peart, who has changed his residence from Hamilton to Welland; H. H. Jacob, of Harrison, who now resides in Harrison; Ross A. Robert, formerly of Cobourg, at present of Toronto, and S. Johns, of Montreal, were all granted permits on condition that their statutory declarations prove satisfactory.

All but Peart are bank clerks.

John Campbell, a certificate entitling him to play with Parry Sound, and Edgar Patterson must subscribe to a statutory declaration as to his amateur standing before his application for a certificate to play with the same club will be granted.

Robert May, who played in the Federal League last winter, was refused permission to play with the McMaes of Smith's Falls.

It was decided that no suspended player would be eligible to act as an official in any O. H. A. game.

The resignation of Arthur Fraser was declared to be Paris.

FIFTH OF MILLION CHANGES PROPOSED WON BY MILLER IN RUGBY FOOTBALL

The Leading Jockey Nearly Doubles Winnings of Second Rider in the List.

Few Radical Departures Are Proposed—Annual Meeting on Saturday.

New York, Dec. 29.—In addition to riding more winners than other jockeys, Miller, up to Wednesday, had won fifty-nine stakes for a total of \$208,283. Willie Shaw is second, with seventy-five stakes, at \$15,192. Radcliffe is third, with twenty-six stakes at \$114,734. Jack Martin is fourth, with fifteen stakes and \$111,690. Sewall, who was killed at Aqueduct, is fifth, with twenty stakes and \$105,163.

After these boys come Garner, \$78,555; Lyne, \$68,160; Knapp, \$62,555; L. Williams, \$40,140; Nat Ray, steeplechase rider, \$40,335; Dugan, Barney Schreiber's boy, \$40,000; and so on. Although Miller has a big lead, he failed to score a triumph in the Metropolitan, Suburban, Brighton, Futurity, Realization, Annual Champion, Tidal and other stakes, which usually head the list in point of value.

RACED HEAD AND HEAD.

New Orleans, La., Dec. 29.—The Burlew & O'Neill combination again carried off the star event today with Juggler, who was coupled with Fantastic. Starter Dade did not keep the field waiting but a few moments and sent them away to a good start. Colloquy showed in front for a moment, but Rusk immediately set sail for her. The pair raced head and head until the stretch when Nicol on Juggler and Mountain on Charlie Eastman brought up their mounts and gradually wore the others down. Just within a few yards of the finish Nicol managed to get Juggler's nose in front and kept it there until the finishing mark was reached. Charlie Eastman, however, failed to get up in time and Rusk saved second place by the same margin as Juggler won. Colloquy finished in fourth position.

The third race furnished a close finish between Phil Finch and Minnie Adams, the two most heavily backed entries in the event.

WILL NOT BAR FOR PLAYING AGAINST PROS

Montreal, Dec. 30.—At the annual meeting of the Quebec Rugby Football Union, which was held last night, a motion was passed amending the constitution so that in future, because a man may play professional lacrosse or hockey, or play against professional lacrosse or hockey players, he will not be debarred from playing in the R. F. U.

It was also decided that representatives of each of the four senior clubs form a committee to formulate a scheme to ascertain the status of each player and report at the semi-annual meeting.

The following officers were elected: President, Mr. E. M. O'Brien; first vice-president, Mr. Gordon W. Shaw; second vice-president, Mr. Lewis J. Keogh; secretary-treasurer, Mr. J. Davidson.

President O'Brien was elected delegate to the C. A. A. U. and Messrs. O'Brien, Keogh and Shaw were nominated delegates to the C. E. A.

Toronto, Dec. 29.—The amendments to be considered at the Canadian annual Rugby football meeting next Saturday at the King Edward Hotel, closed today. The amendments, which mark very few radical departures, the idea being seemingly to define clearly the interpretation already given the Canadian rules of the past year.

Opponents who are offside shall not come within three yards of nor interfere in any way with a player attempting to make a fair catch or receiving a bounding ball, but must give him a fair chance to handle the ball. The old rule was five yards and was rarely observed.

Matches shall last for one hour, action play, the playing time shall be divided into four quarters, goals to be changed at the end of each quarter, with no rest between, except the ten minutes after the second quarter. This makes the changes of each quarter obligatory.

A scrimmage shall consist of three players, who must form one compact body; when the ball is fairly held within the grounds, one of the scrummers of the side to which it belongs shall bring it into play where it was held by placing it dead in front of him, and one of the scrummers of the side in possession, the ball must then put it into motion in any direction with his foot.

Opposing players must not come into contact with each other until the ball is placed on the ground, and no player shall touch the ball with his hand until it has been put in motion by a foot of one of the side in possession of the ball. This is the old rule clarified.

A goal kick from a try shall score six points (in which case the try shall not be scored), from a drop kick four, from a free or penalty kick three, a try shall score five, a safety touch two and a rouge one. In the case of a penalty kick, the player who kicks the ball cannot score a goal counting four points, leaving the points as last year.

No player shall tackle an opponent above the shoulders or below the knee. This plan would do away with grabbing around the neck.

If any player deliberately makes an illegal play within ten yards of his own goal line, which in the opinion of the referee would prevent a score, the side not offending shall be awarded a penalty goal. This, perhaps, is the most important item on the list.

There shall be no coaching, either by substitutes or by any other persons not participating in the game.

In senior matches the referee and umpire shall each be entitled to an honorarium of \$25 and an allowance of 10 cents a mile for expenses. Officials for intermediate matches shall receive an honorarium of \$10 and an allowance of 10 cents a mile.

There are, too, to be considered the

recommendations passed at the Ontario Union's annual meeting, which are well embodied in the above, and those that will come from the Quebec meeting today.

BIG COLLEGES WANTED IN CUB ORGANIZATION

New York, Dec. 29.—The Intercollegiate Athletic Association of the United States, a year and a day old, held its annual convention at the Murray Hill Hotel today.

The delegates were in session from 10 o'clock until noon, and from 2 o'clock until 4, discussing college sports and the regulating of them. There were twenty-eight official delegates present from as many colleges and universities, and nine visiting delegates from institutions not as yet members of the association.

The prevailing sentiment was that the association had done good in the year of its existence, bringing about a better tone in college sports, that it was growing, and would keep on growing. Also a dominant note in the proceedings was that the association would be much more influential if several of the big universities such as Harvard, Yale, Princeton and Cornell, not members, could be persuaded to join. A strong effort will be made to induce them to join.

Capt. Pierce was re-elected president of the association, although he announced that he might not be able to serve more than six months. Dr. Williams was elected vice-president, and Prof. Revere was re-elected secretary and treasurer.

FOOTBALL EXTOLLED AS VEHICLE FOR COURAGE

Springfield, Mass., Dec. 29.—At the American Physical Education Association's convention today an address was delivered by Dr. James A. Bobbitt, of Haverford College, a member of the intercollegiate football rules committee on "The new game of American football." He said that football was essentially a game for college gentlemen and was always sure to prove a failure in the hands of professionals.

"Physical educators all over the country," he continued, "have been in open conflict with professional trainers and their methods, and in a certain degree football shared this opportunity. The new system of football, however, affords so much opportunity for rational outdoor exercise and free movement that it must be admitted that a new phase has been placed upon this department of physical training."

"In one year's time we have jumped from scathing criticism to at least a quiescent press. Public interest has been stimulated and developed without a critical spirit. The game has become open and free without destroying its points of interest. These conditions are significant."

"It must be confessed that the people have been educated, perhaps stimulated, into an enthusiasm for grand national courage and sports of the national type."

THE TURF.

SATURDAY'S WINNERS.

At New Orleans—Gold Proof 3 to 1, Morales 11 to 5, Phil Finch 9 to 5, Juggler 5 to 1, Shawana 3 to 1, Henry Wadsworth 3 to 1, La Cache 6 to 1.

At Oakland—Mabel Hollander 4 to 5, Cloudlight even, The Mighty 7 to 5, Lottistella 2 to 1, Iras 7 to 1, Woolma 16 to 5.

A FATAL RUSH.

New York, Dec. 29.—Very proud of a football he had won in a Christmas raffle, Richard Batterby, 10 years old, of 618 Henderson street, Jersey City, was made captain of a football team this morning, and he was killed in the first rush with the new ball.

Death came so quickly that Richard did not even have time to groan. He was crushed by his playmates on the ball, which he was valiantly trying to advance against the opposing team.

The old woman who keeps the candy store in which the little fellow won the much coveted prize is almost beside herself with grief because she feels that she killed the boy.

FOOTBALL.

Buffalo, Dec. 30.—Thomas Hueston, of St. Louis, defeated Jerome Keogh, of Buffalo, in the three nights' play ending last night for the pool championship of America. The total score was Hueston 600, Keogh 507.

SPRINTING.

37 FOR MARTIN ROAD RACE.

St. Catharines, Dec. 30.—Two additional entries have been received for the Martin electric road race on New Year's, making the list complete with 37 contestants. The last two entries were delayed in the postoffice. They are W. J. Dunn, Mount St. Louis, Ont., and A. Smith, 94 Napier street, Hamilton.

\$10,000 A NIGHT OFFERED BRUISER

Jeff Can Make \$50,000 by Meeting Five Men in as Many Evenings.

Tonopah, Nev., Dec. 29.—Interest in the coming fight between Joe Gans and Kid Herman was subordinate tonight to a statement issued by Manager Riley, of the Casino A. C., that a great pugilistic tournament will be held in the spring, with James J. Jeffries as the chief attraction. Riley said: "I will offer Jeffries a purse of \$50,000 to meet five men, namely, Squires, Burns, O'Brien, Schreck and Kaufman, on five succeeding days, the champion to receive \$10,000 for each appearance. "In addition to these events, I propose to have as attractions a contest between Jimmy Britt and the winner of the Gans and Herman battle, a match between Abe Attel and Joe Bowker and a battle between Joe Thomas and some other well-known welterweight. In all, I shall offer \$100,000 to bring about the proposed matches."

SKATING.

CHAMPIONSHIP RACE DATES.

New York, Dec. 30.—The dates for the championship skating races were given out officially yesterday by F. M. Clarke, secretary of the National Skating Association of the United States. The first big meet of the season will be held at Saronac Lake on Jan. 29, 30 and 31. Both amateur and professional races will be held there.

On the Montreal Amateur Athletic Association's track the Canadian championships will be decided in February. United States championships will be held at Verona Lake, N. J., on Lincoln's birthday, Feb. 12. The indoor world championships will be held at Pittsburg, Feb. 22 and 23.

Jeff Agrees to a Finish Fight With Bill Squires

Now It's Up to Bill to Complete the Match—Fight to Take Place in April.

San Francisco, Cal., Dec. 29.—A suffering sporting public will no doubt be somewhat relieved to know that Billy Delaney, acting for James J. Jeffries, has agreed to end the haggling about accepting the terms of the Rhyolite Athletic Club of Nevada, for a finish fight with Bill Squires, the alleged champion of Australia. Jeffries wanted to hold back with five-quint gloves, but Delaney, realizing that \$50,000 was a ridiculously large purse for a one-sided mill, signed articles of agreement prepared by one of the Rhyolite promoters.

By these articles Jeffries agrees to fight Squires to a finish some time in April, with five-quint gloves, under Marquis of Queensberry rules, the referee to be chosen by mutual consent. The articles also contain a clause which allows Squires to collect expenses for himself and trainer to Johnson at all.

BIG EARNINGS OF CANADIAN LINES

C. P. R. Shows Profits of Two Millions—G. T. R. Statement Marks Advance.

Montreal, Dec. 30.—Never in the history of the Dominion have the railways had such a year as that which closes on Monday.

When the Canadian Pacific closed its accounts for the financial year, which ended June 30, it showed gross earnings to the amount of \$61,669,753, and working expenses amounting to \$28,696,445, leaving the net earnings at \$32,973,312.

The gross earnings from July 1 to Dec. 1—the figures for the current month are not yet available—amounted to \$31,472,376, as against \$25,762,794 for the corresponding five months of 1905.

This meant an increase in the net profits of \$2,479,456, for while both earnings and working expenses showed an advance, the former came out well ahead. The November net profits, however, revealed a decrease of \$95,185, but there was a substantial advance in gross earnings.

So far as the Grand Trunk is concerned, the gross receipts for the first half of the present year—the six months ending on June 30—amounted to \$23,021,681, compared with \$22,728,008 for the corresponding half of 1905—an increase of \$292,673, or nearly 10 per cent. The increase, it may be remarked, and the observation holds good equally well with the C. P. R. as with the Grand Trunk, was over the whole business of the company.

Since July 1 up to No. 1, the date of the last Grand Trunk figures yet compiled, the increases in the gross earnings have continued in the same proportion. For July the gross earnings were \$3,617,000, as against \$3,237,000 in 1905; for August, \$3,900,000 against \$3,511,000; for September, \$3,825,000, against \$3,413,000; October, \$3,905,000, against \$3,581,000. The net increases in August, September and October were over \$1,000,000 a month, and in July the net increase was very little under the million, \$955,314.

The fact that upwards of 4,000 miles of new line have been under construction this year—a greater amount than was ever known when railway building was in its palmiest days—is also a most notable feature in Canada's railwaying.
