Although ex-Ald. Matthews. C. M. didate, retired, Mr. John M. Parsons qualified, and will make a contest.

It was about 8 o'clock when he filled in his papers, only doing so after Mr. Darch had qualified for water commissioner.

Mr. Parsons' avowed reason for running is to discuss the water bylaw at greater length than would be allowed him under any other circumstance. He is opposed to the present scheme of the commissioners, and is an ad vocate of meters and high-pressure. The only office to go by acclamation was that of hospital trustee, Mr. S Screaton being returned without for some years, being chairman the tence
