"I think it would be a decided benefit if we put the lane through to carling street," said Ald, Eckert, "We would have better business facilities, and there would be more and better stores in that section. The increased assessment would bring us back whatever money we expended on the scheme in short order. It is a good idea and we should follow it up."

Aid. Fancock, "It is a good idea and we should follow it up."
"I am in favor of that," commented Aid. Wilson.
"A wildcat scheme," declared Ald. Richter.
However, the motion carried, and the finance committee will go into the matter at once.
