Democrats for Defeating Their Party.

That the Cause Has Made Some Headway.

CHICAGO, Nov. 4. The the tlement. defeated Lemocratic canondate at governmenter to ernor, to-day gave out a statement ad-"Considering that only six months ago our great party lay prostrate, that it had been betrayed into the hands of stock jobbers and of monopolies by President Cleveland, and has been robbed of everything Democratic, except the name, which stood for a great principle, that it was loaded with deadheads, it has repudiated the men who betrayed it, and again proclaimed Democratic principles and espoused the cause of humanity. It was confronted by everything that money could buy, that boodle could debauch, or fear of starvation could coerce; it was confronted by a combination of forces such as had never been united be-fore, and could probably never be un-ited again, and, worse still, the time was too short to educate the public. While we were defeated, our party is more vig-orous and in better condition generally than it has been for a third of a century. We have dug the grave of the British gold standard. One more campaign of education will forever bury the palsied form of that curse which has blighted the prosperity and the happiness of mankind. I believe that at the next general election the verdict of yesterday will be reversed. It was the great common people of America and not the rich who saved our institutions in 1861, and it will devolve on the great common M.P. for West Assiniboia. The alleged
