Demonstration 'B Toronto—How Other Organizations Assisted—The Closing and Opening of the Gates—Recounting the Episodes—Lessons Therefrom—Speeches and Sports.

The 202nd anniversary of the opening of the gates of Derry by the 'Prentice Boys was loyally celebrated in Toronto yesterday. It needeth not to recite the story of that eventful time further than to tell that the closing of the gates was on Joc. 18, 1688, against the army of King James, and the opening of the gates, the relief of Derry, on Aug. 12 following:

The weather yesterday was gloriously fine and a number of visitors were present from several Ontario towns. The County Oranges Hall, Queen-street cast, was the rendexyous, and thence the procession started for Exhibition Park via Sherbourne-street, King, Simcoe, Queen and Strachan-avenue. Other bodies connected with the Orange order joined the 'Prentice Boys. As only a day had elapsed since the Civic holiday the turnout was not so large as had been expected. This was the committee in charge of the arrangements: Ald, John Bailey, John Bill, Harry Saunders, judges; C. Burns, starter, W. Bro. H. C. Mainprice, chairman, W. Bro. T. Caires, W. Bro. J. S. Jackson, secretary.

THE ONTARIO SCHOOL SYSTEM.

Words of Generous Praise from Our American Visitors. The Western School Journal, published at Topeka, says, in an article on the National Educational Association's meeting in Tor-

onto:

'It was thought by many that the Board of Directors had blundered in selecting Toronto for the meeting of the National Association. 'Why meet on foreign soil?' it was asked, and the predictions were numerous that comparatively few would be present from the United States. Well, we went, we saw, we conquered, and were conquered. The unbounded hospitality of the Toronto people overcame every prejudice, won every heart, and we believe that every teacher left the city with regret.

people overcame every prejudice, won every heart, and we believe that every teacher left the city with regret.

"The points of excellence to which we wish to direct attention in the Ontario system are, simplicity in educational machinery, and the bountiful provision made by the state for the training of teachers. Professional training is required of all teachers. The kindergarton is a part of the public school system, and there are two provincial kindergartens for the training of kindergarten teachers; 50 county model schools for the training of third-class teachers, and a school of pedagogy for the training of high school teachers.

"The best homes in Toronto opened their doors to receive guests, and the hosts not only treated the visitors with the heartiest hospitality in their parlors and at their tables, but took them in their carriages to see the city and suburbs."

"Inspector Hughes of Toronto, through whose efforts the association was taken to Toronto, was received with hearty applause wherever he appeared. He is as popular in the United States as in Canada? His wife is an American, and his books on teaching are read everywhere."

F.R.A.S., in the chair. Dr. Donaldson of Fergus had sent in a report of observations of close double stars with his 3½ inch refractor by Cooke, and also an interesting account of observing the phenomena exhibit Mr. Arthur Harvey, writing from Ottawa,

We are rapidly approaching the last days of our "Great Sensational Sale." It has been a wonderful and most successful sale, gratifying to us, in that we've turned our entire spring and summer stocks into cash, and pleasing to the public, in having obtained such sensational bargains.

Here and there, up and down through this vast warehouse may still be found odd lines of this season's goods, not very much, still we would like to close them out, and purpose offering them at quite a nominal figure, which will be irresistible, even if you don't want them.

want them.
There's a few lines of "Lace Trimmings,"
5, 7 and 9 inches deep, regular 25c and 35c goods, closing out at 5c, 10c, 12½c yard and choice rich "FLOUNCINGS" \$1.50 goods for 89c yard, this is simply giving the goods away—and then take the "Embroidery" counters. Edgings going at 1½c, 3c, 6c and 9c, worth from 5c to 20c yard, and full with deep handsome. "Skirtings." now Bear in mind this "Sensational Sale" only lasts for a few days longer and the quantity to be cleared is very limited, so drop in early and secure the biggest bargains you ever witnessed. The "Ribbons" going at Ic and 3c yard and nine-inch Sashes at 5c and 10c yard, also the 25c Slik Boating Ties for 12½c, and those "cute" Vassar Shirtlets at 75c, with all that host of "Fans," "Perfumery," "Sosps," "Satchels," "Belts," etc., etc., all running out swiftly. It's the price is doing it, and not that folks want them.

We simply ask you to turn in and see the enormous amount of advanced novelties in early Fall Goods already come to hand (and they're selling, too), and while in, take a peep at the bargains, and before going out drop over to our celebrated Glove department and take a synopsis of the 75c and \$1 Kid Gloves clearing off at 35c pair; others going at 25c pair, and be sure and see our "guaranteed Gloves," the pride of the Dominion, and can only be had at
