"THE STORE THAT SATISFIES"

**THE SPRING TONIC FOR PALE, THIN PEOPLE**

If You Want to Gain in Weight and Recover Your Appetite, Energy and Ambition, Try This Well Known Remedy

With the passing of winter many people feel weak, depressed and easily tired. The body lacks that vital force and energy which pure blood alone can give. In a word, while not exactly sick, the indoor life of winter has left its mark upon them, and a blood-building, nerve-restoring tonic is needed to give renewed health and energy. Dr. Williams' Pink Pills are an all-year-round blood builder and nerve tonic, but they are especially useful in the spring. Every dose helps to make new, rich, red blood, and with this new blood returning strength, cheerfulness and good health quickly follow.

If you are pale and sallow, easily tired, or breathless at the least exertion; if your complexion is poor, or if you are troubled with pimples or eruptions, Dr. Williams' Pink Pills are just what you need to put you right. If you have twinges of rheumatism, are subject to headaches or backaches, if you are irritable or nervous, if your sleep does not refresh you, or your appetite is poor, you need the treatment which Dr. Williams' Pink Pills alone can give—you need the new blood, new health and new energy this medicine always brings.

**A COMPLETE WRECK**

Mrs. C. Forsythe, R. R. No. 2, Fisherville, Ont., says: "At the age of fourteen my daughter Viola was feeling very much run down in the spring. Then she was attacked with whooping cough which left her a complete wreck. She had no appetite, could not sleep well nights and was subject to chills which sometimes kept her in bed for the day. She was doctoring steadily, but not apparently getting the least benefit, and I naturally grew very anxious. One of my neighbors suggested giving her Dr. Williams' Pink Pills, and I got a box. When she began using the pills she weighed only 87 pounds. Before the box was all gone I sent and got six more boxes, and under their use she constantly grew stronger. Her appetite improved, the color came back to her cheeks, she could sleep well, and feels and looks like a different person, and with all this while using the pills she gained 20 pounds in weight."

**A SALLOW COMPLEXION**

Miss Gladys Marshall, Chatham, Ont., says: "I suffered from nervousness and my blood was in a very poor condition. My face broke out in pimples and my complexion was very sallow. I took doctors' medicine but without beneficial results. I was feeling much discouraged when a friend recommended Dr. Williams' Pink Pills. I used in all six boxes, and was overjoyed to find that my complexion had become quite clear, pimples had disappeared, my nerves were strengthened and my old-time health and ambition returned. I shall always have a good word to say for Dr. Williams' Pink Pills."

Notwithstanding the increased cost of all drugs, there has been no change in the price of our Dr. Williams' Pink Pills. They can be had through any medicine dealer at 50 cents a box, or six boxes for \$2.50, or will be sent on receipt of price by The Dr. Williams' Medicine Co., Brockville, Ont.

**GAINED IN WEIGHT**

Mrs. M. B. Rickert, Kitchener, Ont., says: "I was weak, run down, and losing weight when I began using Dr. Williams' Pink Pills. I took the pills steadily for a month, and the difference they made in my condition was most gratifying. I gained both in strength and weight, and feel since I used the pills like a new person. I also recommended the use of the pills to my daughter-in-law, who was pale, thin and weak. When she began using the pills she weighed only 103 pounds and when she discontinued their use she weighed 137 pounds. For all weak people I think there is no medicine can equal Dr. Williams' Pink Pills."

**A SPRING COLD**

Mrs. Chas. Winegarden, Delhi, Ont., says: "Last spring my daughter Ruby was taken with a bad cold. She seemed weak, had a constant pain in her side, grew pale, and as the remedies usually used in cases of this kind did not help her we feared she was going into a decline. I decided to give her Dr. Williams' Pink Pills and got six boxes. Before she had used them all, she was again well and strong. The cough had left her, she had a good appetite, the pain in her side disappeared, and a nice rosy color had returned to her cheeks. I have therefore much reason to speak warmly in praise of Dr. Williams' Pink Pills."

bad along the river, and only a few days previously some men had been shot and robbed by bandits. However, I realized that unless God watched over us, all man's watchings were in vain.

"We started out again December 21st, taking all our belongings with us. We had such good opportunities by the way to speak for the Lord. On Christmas Day we arrived at a place called Tsan Shui, and as we stood for a minute buying vegetables, a large crowd gathered, and to all we preached Christ. The people stood and listened so attentively and their faces showed that they were longing after the true God. At An Tsai on the Ywangsi border we stopped on the following Sunday morning, and for nearly two hours we reasoned with them, of sin, of righteousness and of judgment, the Lord helping us. For miles we have had to do our share of the talking.

"We arrived at Wai Tsap a few days ago and since then we have had numbers of visitors daily inquiring about our business and about the Gospel. Wai Tsap is about the size of Sai Nam, and is a district that has not been reached even by the mission boards. So far miles we have a parish that has as yet been untouched and knows nothing about the love of Jesus. There is another place about five hours' walk from here that is even larger than this place and we hope to have a mission there in the near future if God provides. We thank you for the offering that you enclosed and can say that you were not misdirected as we need the money to get our mission in order and for repairs so that we can at least live something like we ought to. This climate uses up all one's vitality in a short time and we need at least good living quarters, if such a thing is possible in China."

**DR. J. A. TANNER**

**PASSES AWAY**

(Vancouver World)  
Dr. John Arthur Tanner died at St. Paul's Hospital on Monday afternoon, March 17th, after an illness extending over two or three months. The deceased was born in Warwick, Ont., in 1853. He received his preliminary education in the schools of that township, afterwards going to Sarnia where he received his first-class certificate as a teacher. Returning to his home he taught for four years. He was later principal of a number of high schools, notably that of Lastowel, Ont., and was also principal of Dufferin College at London.

Leaving the teaching profession he took a course in medicine at Trinity College, Toronto, graduating from that institution with honors. Later on he came west and took his medical degrees in the state of Washington, where he was for a number of years chief surgeon of the Tacoma and Eastern Railway. He has lived in Vancouver for about ten years past, in practical retirement from his profession, though he has taken a keen interest in municipal affairs, more particularly in Port Moody, where he is especially interested in the high school question, for long a live local issue.

To many the late Dr. Tanner will be chiefly known for his activities in connection with tree planting. With Mayor Gale, before the mayor was so busy with other work, he did much to spread the desire for "a city beautiful" and through the "Arbor Day" as Dr. Tanner planned it was not carried out, a good work was started which will go on. His memory

could not be better honored than by carrying out his plans for arboriculture. He was also a constant supporter of all kinds of patriotic movements. He was known to his associates as a well read and travelled man.

Dr. Tanner was unmarried and leaves two brothers and two sisters: F. W. Tanner of Moose Jaw, C. E. Tanner of Sarnia, and Mrs. Alex. Lucas and Mrs. George Powell both of Vancouver. The funeral was held on Wednesday afternoon from St. Paul's Church.
