HALIFAX, Feb. 27.

INVASION OF NEW-BRUNSWICK.

Yesterday forenoon, while the
House were engaged in discussing
some routine business,

The Hon. Mr. Dodd entered,
and called the attention of mem-
bers to the intelligence which had
been just received by the eastern
mail, relative to the threatened in-
vasion of the Province of New

Brunswick, by a formidable force
from the State of Maine. By pa-
pers which he had just read, it ap-
peared that the Executive of that
State had sent a message to the
Legislature, representing in strong
terms the necessity for a mili-
tary organization, to assert the juris-
diction of the State over the disputed

territory, and that that demand
had been responded to by a vote
of 10,000 men and \$800,000, to
carry on the war. Under these
circumstances, it behoved this
House to act, and he should
therefore move, that for the pre-
sent all business be suspended—
that some of the leading members
of the House be added to the com-
mittee of Defence, and that the
House adjourn till 5 o'clock this
afternoon, to give that Committee
time to prepare and submit such
measures as the state of affairs in
our sister Province seemed to de-
mand.

Mr. Howe, in rising to second
the motion, said that the time had
evidently arrived for the Legisla-
ture of this Province to act with
vigor and unanimity. He hoped,
therefore that the course recom-
mended by his hon. friend from
Sydney would be followed and that
as the mail left to-morrow, such
an expression of feeling would go
with it, as to satisfy our brethren
in New Brunswick that we were
determined to aid them in the
contest in which they were about
to engage. If the House would
permit him, he would read the
Message sent to the Legislature of
Maine.

[This message, dated Feb. 18,
was noticed in the Standard of Fe-
bruary 23.]

Having read the document, here
said Mr. H. the "din of party war-
fare" will also be hushed, and I
doubt not that both in this Legis-
lature and throughout this Pro-
vince there will be "unanimity,"
to use Governor Fairfield's lan-
guage, "alike honorable and patri-
otic." Mr. Huntington and others
called out "there is no fear of that."

The hon. Mr. Uniacke, next
addressed the House at some
length. He dwelt upon the gen-
eral character of American policy
—upon the hollowness of their
professions, and the grasping char-
acter they had displayed towards
Great Britain, and other countries
along their borders. He had fore-
seen the state of affairs which was
now fast approaching for some time
—and he hoped the house would
act in the spirit that had been re-
commended, and devise such a sys-
tem as would put the militia force
of the country on the most efficient
footing, and enable us to send such
assistance to our friends in New
Brunswick as would convince them
that Nova Scotians would resist
any invasion of their soil, as if our
own were polluted—would resist
any attempt to disturb the integri-
ty of the Empire as a common mis-
fortune.

Resolved unanimously, That in
consequence of information this day

received from New-Brunswick, of
the proceedings on the part of the
State of Maine, involving a propo-
sed invasion of the neighbouring
Province, this House deems it ne-
cessary to suspend all other busi-
ness at present, in order to con-
centrate such measures as may be
necessary to prepare for joining in
repelling any such invasion, and
in defending the just rights of the
neighbouring Province as well as
our own.

Resolved. That Messrs. Howe,
Young, Doyle, DesBarres and For-
rester, be added to the Committee
on the Military Defence of the
Province—That the Committee
wait upon His Excellency the
Lieutenant Governor, to request
His Excellency to furnish any infor-
mation he may have received from
New Brunswick.

The House then adjourned till
5 o'clock. Before that hour the
hall of the Province Building and
the passages leading to the Lobby
were crowded with the populace
anxious to know the result of the
Committee's deliberations. The
doors were opened a little after 5,
when a rush was made into the
Gallery, which, with the space out-
side the Bar, was filled to over-
flowing.

The Hon. Mr. Dodd then rose
—reported that the Committee had
waited on the Lieutenant Govern-
or, who was pleased to express
his high satisfaction at the course
adopted by the house, and then
submitted the following Resolu-
tions, which, after some slight dis-
cussion upon minor points for which
we have not room to day, passed
unanimously:—

1. Resolved unanimously That
one third of the Militia Force of
the Province, between the ages of
eighteen and forty-five, be drafted
by direction of His Excellency
the Lieutenant Governor, and offi-
cered for active service, to the ex-
tent of Eight Thousand Men

2. Resolved unanimously, That
His Excellency the Lieutnant
Governor be authorized to require
every Regiment or Battalion to
select Two Hundred Volunteers
for every Six Hundred Men, rank
and file, between the ages of eigh-
teen and forty-five, or in the like
proportion for a greater or less
number.

3. Resolved unanimously, It a
sufficient number of Men in each
Regiment or Battalion do not vol-
unteer that His Excellency be
authorized to fill up the number
from the draft of such Regiment,
agreeably to Law.

4. Resolved unanimously, That
such lists of Men who shall have
volunteered, or been drafted as
aforesaid, when returned and ap-
proved by His Excellency the
Commander in Chief, or such per-
son as he shall appoint for the pur-
pose, shall be considered the lists
of men liable to be first called on
for actual service.

5. Resolved unanimously, That
the Lieutenant Governor be autho-
rized to appoint Officers to com-
mand such drafts or bodies of Vol-
unteers for the Regiment or Bat-
talion to which such drafts or Vol-
unteers may belong, or make such
other arrangement as may secure
efficient Officers to command such
drafts or Volunteers.

6. Resolved unanimously, That
His Excellency the Lieutenant
Governor be authorized to call in-
to actual service so many and such
of the said drafts or bodies of Vol-
unteers as he may deem proper,

and to make the necessary regu-
lations for consolidating any num-
ber of such drafts or bodies into a
Regiment or Regiments, as may
be requisite and necessary, and to
appoint Field Officers, Adjutants,
and Staff to each such Regiment,
in order to render the same effi-
cient for actual service.

7. Resolved unanimously, That
His Excellency the Lieutenant
Governor be authorized to order
any such Drafts or Volunteers,
when required for actual service,
into Barracks, and to march them
from one part of the Province to
another, as the exigency may re-
quire, and beyond the frontier of
this Province, when necessary.

8. Resolved unanimously, That
His Excellency the Lieutenant
Governor be authorized to accept
the service of any Volunteer Com-
panies now formed, or which may
be formed in this Province, and to
consolidate them into Regiments or
Battalions, and to appoint Officers
for the same, and to take such mea-
sures generally as may be requi-
site to render such Battalions, Re-
giments, or Companies efficient
for actual service; Provided, that
such Volunteer Companies be will-
ing to volunteer for service either
in this Province or in the adjoin-
ing Province of New Brunswick.

9. Resolved unanimously, That
all Non-Commissioned Officers
and Private Soldiers, called into
actual service, over and above the
pay and allowance provided by
Her Majesty, shall be entitled to
additional pay from the Treasury
of the Province.

10. Resolved unanimously, That
this House will make suitable pro-
vision for the Widows and Or-
phans of such Officers, Non-Com-
missioned Officers, and Rank and
File, who may fall in actual ser-
vice.

11. Resolved unanimously, That
His Excellency the Lieutenant
Governor be requested to direct
an immediate enrolment to be
made of the whole Militia Force
of the Province, between sixteen
and sixty years of age, and to have
the same divided into classes agree-
ably to Law, and to have full and
accurate returns made forthwith
to the Office of the Adjutant-Gen-
eral of Militia, of such enrolment,
and of the state, condition and effi-
ciency of the Arms, and of the
quantity of Ammunition possessed
by each Regiment or Battalion of
Militia, or Company of Artillery.

12. Resolved unanimously, That,
provision be made by Law, for
the due and proper organization
of the Militia, and for promoting
its efficiency by Squad, Company
and Regimental or Battalion
Drills.

13. Resolved unanimously, That
His Excellency the Lieutenant
Governor be authorized to expend
a sum of One Hundred Thousand
Pounds, if necessary, in the pay-
ment of the Militia and other ser-
vices incidental to the protection
of this and the adjoining Province
from invasion, and that this House
will provide for the same.

Much credit is due to the Gen-
tlemen composing the Committee,
for the attention they paid to the
importance of the measure entrusted
to them, the following we be-
lieve to be the names.

Honorable E. M. Dodd, Chair-
man, Messrs. DesBarres, Uniacke,
Howe, Young, Huntington, Doyle,
Dickey, Chipman, Forrester.

After a very able and animated
address from the Hon. J. Uniacke,

the House adopted the foregoing
Resolution: unanimously, and the
Honorable E. M. Dodd, who, in
every case supports the dignity of
the House, trusted the Speaker
would allow an exception to the
rules customary, when he propos-
ed that three hearty cheers might
be given, to be joined by the Gal-
lery, which, we rejoice to say, was
heartily responded to by every
individual present. Never have
we before witnessed such a heart-
stirring scene, nor ever before
were such cheers heard in our
House of Assembly.

The following remarks, sustained
by sound reasoning, are by the
Editor of the Royal Gazette of
Nova Scotia.

Some of our readers perhaps en-
ertain the opinion that the Gen-
eral Government of the United
States will arrest those proceed-
ings of Maine. We have no idea
that such will be the case. The
first step taken by that State, and
which must be considered a hos-
tile one, was resolved upon on the
24th January—the Sheriff, &c. left
Bangor ten days afterwards—about
the 10th February, the order to
General Hodsden was issued—and
on the 17th a further force of 10,000
men was ordered to be organized.
—The General Government must
have seen the object of Maine in
the Resolution adopted on the 24th
January, and, if so disposed, could
have communicated its opposition
to the proceeding before the requi-
sition was made upon Gen. Hods-
den.—We therefore cannot—but
come to the conclusion that the
conduct of Maine is approved of
by the General Government. We
may be mistaken—a short time
however only can elapse before the
point will be decided.

His Excellency Major-General
Sir John Harvey has, under his
command, the 36th and 69th Re-
giments, (for we hope that by this
time, as the wind has been favour-
able, the latter corps has arrived at
St. John,) and a Company of the
Royal Artillery, and the Legisla-
ture of New Brunswick, fortunate-
ly in Session, has promptly proffered
the aid of the People of the
Province, who are every where
displaying a noble and most deter-
mined spirit to resist all attempts
to invade their country. We re-
ceived a letter yesterday from Que-
bec, stating that a rumour prevail-
ed there, that Troops were to be
sent from that place to the dispu-
ted Territory. We are quite sat-
isfied that His Excellency Sir
John Colborne will send whatever
force he can spare, to the aid of New
Brunswick, as will also the gallant
General who presides over this
Province.

THE STANDARD.

St. Andrews, Wednesday, March 6, 1839.

Whilst this Province has, to all
intent and purposes, been invaded
by the State of Maine, and
whilst it may be asked whether our
authorities have not paid too much
"regard to the artificial rules of etiq-
uette," the House of Assembly of
Nova Scotia, in the true spirit and
patriotism of their sires, have come
nobly "to the rescue." Who can
peruse the foregoing Resolutions
without feeling their soul-stirring
efficiency, and admiring the genuine
loyalty which called them forth—
the sense and foresight which em-
bodied them, and the liberality by
which they are accompanied.—
They cannot be too extensively

circulated, and we lend our aid by
separating our sheet and sending
it forth to day.

LATE FROM FREDERICTON.—
There is no truth in the statement
that the Militia had been ordered
from Fredericton, to the disputed
territory. They were on Tues-
day last performing Garrison duty
at head quarters. Stephen Miller,
Esq. who had been sent by His
Excellency Sir John Harvey, with
despatches to the Governor Gen-
eral, was expected to return to Fre-
dericton on Tuesday or Wednes-
day next.—The Hon. A. E. Bots-
ford, who it will be recollected was
sent by His Excellency with des-
patches to Washington, was ex-
pected in Fredericton next week.
—City Gazette Feb. 18.

PROPHCY.—The following is
from the Prescott Sentinel:—

"A work was published some
years since in the United States
by an old man of the name of Mil-
lar, foretold events that would hap-
pen with relation to England and
the United States for years to come
many of which have already proved
true.—The old man stated that in
1838 there would be hard fighting
but the British would gain the day
and that many lives would be lost,
and that in 1845 a decisive engage-
ment would take place in the in-
terior of the United States, at their
Capitol, and that then, the Ameri-
cans would be signally defeated, a
general breach take place between
the North and South, and the Union
Jack take the precedence of the
Stars and Stripes. Up to this time
the predictions of the old man
have proved true,—who can say
that his whole prophecies will not
be verified? It looks much like it
at the present moment.
