respondent of the Commercial Advertiser

The debate on the budget was virtually been anticipated. The great measure of the session may therefore be regarded as accomplished, although the heavy questions of the government of India, the new education scheme, and the disposal of criminals, still her steward, a colored man, who had been indiced by the rioters to remain at Kings-almost interminable discussions. p'ished, although the heavy questions of the almost interminable discussions.

me anxiety has prevailed within the to be adjusted. For many months an enormous speculation for a rise had been known to be going on, in which the well known Mr. George Hudson was stated to be a prominent operator. A Mr. Atwood, who formerly posteriors are the statement of the st sessed extraordinary wealth, and was still supposed to be rich, was likewise mixed up (although the majority beneved that the existing ample means) and the fact that the existing couple of slaves managed to smuggle them-doubts were not without foundation was shortly confirmed by the announcement that freedom when the steamer would reach her freedom when the steamer would reach her port of destination. She was compelled to honored. Their amount was first curtoured to be £500,000, but the real total was £120, 000; and it is stated that the payment of this will merely be delayed until a sale can be effected of real estate. Meanwhile, the probable proposition of Mr. Hudson was a subject of general discussion, as it was understood that his name figured to a large extent on the paper negotiated by Mr. Atwood. It has subjuct to the magistrate for the purpose of investign. The formal designation of continents and part of the magistrate for the purpose of investign. The matter was hterary men. Mr. Ingersell and Mrs. Stowe were compelled to adjust into the apartment used as the Grand Justice Talfourd made an oration complimentary to Mrs. Stowe to Mr

Lient. Herndon, in his recent voyage down the Amazon, fell in with a New England blacksmith on the head waters, who gave him the following account of the isolated situation of the Andean republics :-

"A trader a New York buys 4 vards o brown cotton, for which he pays 25 cents.--He ships it round Cape Horn to Calleo, where it pays custom house duty, and is sent to Li ma by mule. On its arrival there, it has cost 50 cents. It is then sent by mule over the Andes, and in one year from leaving New York, arrives in the sarsaparilla country. rights of asylum to political refugees.

Advices from Berne state that the Federal Gouncil had received a telegraphic despatch \$50 in New York. Now if these 4 yards of and over the Andes, were allowed to go up the Anazon; the citizens- of those republics, instead of getting 4 yards of cotton for 100 lbs. of sarsaparilla, would get over 300 yards. This is one item to show the immense benefits of a free navigation of the Amazon."
