WOMEN OF MIDDLE AGE

May Pass the Critical Period Safely and Comfortably by Taking Lydia E. Pinkham's Vegetable Compound.

Regina, Sask.—"I was going through Change of Life and suffered for two years with headache, nervousness, sleepless nights and general weakness. Some days I felt tired and unable to do my work. I gave Lydia E. Pinkham's Vegetable Compound a trial and found good results, and I also find it a very helpful Spring tonic and useful for constipation from which I suffer much. I have recommended Vegetable Compound to several friends, and am willing you should publish this."—Mrs. MARTHA W. LINDSAY, 810 Robinson St., Regina, Sask.

If you have warning symptoms such as a sense of suffocation, hot flashes, headache, backache, dread of impending evil, timidity, sounds in the ears, palpitation of the heart, sparks before the eyes, irregularities, constipation, variable appetite, weakness, inquietude, and dizziness, get a bottle of Lydia E. Pinkham's Vegetable Compound and begin taking the medicine at once. We know it will help you as it did Mrs. Lindsay.

625,000 Bottles Sold in New York

Biggest Thing of Kind Ever seen in That State, Declares Big Wholesaler

The fact that 625,000 bottles of Tanlac have been sold in the state of New York since its introduction there less than one year ago, is a big business item that will attract unusual attention throughout the entire East, for nothing like it has ever happened before. It breaks all records.

Mr. George B. Evans, manager of the Gibson-Snow Company, the well-known wholesale druggists, with branches in Albany, Buffalo, Rochester and Syracuse, recently announced that the preparation was now selling in their trade territories alone at the phenomenal rate of approximately 500,000 bottles a year.

"If the present rate continues," said Mr. Evans, "this state alone will probably require considerably over 750,000 bottles a year. This is a tremendous figure, but I am really conservative in making this statement." Tanlac is sold in Bridgetown by S. N. Warne, and by leading druggists everywhere.

"DREAD"
(Written for The Monitor.)
A dreadful rumor, people heard
One hot September day,
That Gypsies, thru the Valley
Did wend their dreaded way.

At first they didn't care a straw,
For any Gypsy band;
"This is a public road," they said
"And this a freeman's land."

But soon 'twas rumored round about,
Small thefts they had committed
And many shook their head and said:
"Now why is that permitted?"

To these reports of desperate crime,
Others did quickly add;
Of children stolen from their homes
And parents, nearly mad.

To say that every soul was stirred
'Twould be but simple truth.
For everybody's gun was near
To guard his home, or booth.

Even the smaller children,
Would run to mother's knee,
If any dusty traveller
Resembled a fierce Gyp-see.

Our pioneering fathers,
Who braved the Indi-en,
Would laugh to see our business stop
Because of Gypsy men.

Our nerves were all like needle points,
Our heart was in our mouth;
But O! what great relief to hear
The Gypsies had turned South.

Our hard worked 'Editor' we ask
By advertisement to pray,
That for our future happy peace
The "Gyps" will keep away.

"AN OBSERVER"

GUILTY OF DELIBERATE CARE-LESSNESS
The man who drops a lighted cigarette or cigar end without stopping to extinguish its fire any place where there is a possibility of its doing damage is guilty of deliberate carelessness. It is believed that the dropping of a cigarette butt on a rug caused the fire which has done damage to the extent of several thousand dollars to the great steamship Mauretania. If such was the cause, the person who dropped the cigarette was not ignorant of the fact that he dropped it. He either threw it away or it fell from his grip. In either case he knew where it went. It would have been work of a second to have extinguished its fire.

HELD UP A TRAIN
Texarkana, Ark., Sept. 8.—Four masked men last night held up a Kansas City Southern passenger train between Bloomburg, Texas, and Texarkana and looted the mail car of all valuables. The express car and the passenger coaches were not entered. F. Woodson, the engineer, of Shreveport, was knocked over the head with the butt of a gun. E. Mose, a negro porter, was shot in both legs. Postal officers declined to estimate the loot.
