Resumed consideration of the report of the committee on Dalhousie College. Report on Dal-
housie College

Moved by the Rev. George Christie, seconded by the Rev. Isaac Murray. Mr. Christie's
motion.

"That this Synod is deeply sensible of the importance of a Provincial University, and would cordially unite with the other denominations of Christians in the Lower Provinces, to establish such an Institution at Halifax, N.S. And so soon as it may be found that other denominations are willing to unite in the support of a University, this Synod will be prepared to carry out in good faith, the arrangements of their committee, and give them their hearty support, to the extent of endowing at least two Professorships."

Moved in amendment by the Rev. Professor King, seconded by the Rev. James Bayne. Prof. King's
amendment.

"That the Synod approve of the basis of arrangements submitted by the committee, find that the act passed by the Legislature in its late session for the resuscitation of Dalhousie College, has placed that institution on such a footing that the Synod in availing itself of the opening now presented will secure great advantages for a more extended preparatory education of their own students than at present possessed, will at the same time aid in the establishment of a Provincial Institution, which is much needed, and the attainment of which must be indefinitely postponed if the present opportunity be thrown away; re-appoint the committee with powers to complete the necessary arrangements for the transference of the Classes from Truro to Halifax, with all convenient speed."

While the discussion was going on, the hour of adjournment arrived. Concluded with prayer.
