

The Lord's service intends to hold an Ordination in Halifax on the second Sunday in Lent.—Candidates for Holy Orders, intending to present themselves for examination on this occasion, are requested to communicate their intention to the Venerable Archdeacon WILLIS immediately.

The debate on the want of Confidence motion in the Assembly, still continues. We have copied from various sources, so much of it as will afford our readers a clue to the sentiments of the speakers, and to the probable results of the debate itself.

The weather changed on Wednesday from mildness extreme for the season, to severe cold.—On Sunday last and up to the day first mentioned, an overcast was almost a burden; but then Old Winter indignant at being caught napping by genial Spring, arose from his couch, and with resistless strength drove the intruder far beyond his confines. On Wednesday night the thermometer ranged 17 below zero, and on Thursday some 10 or 12. The cold is still severe, altho' somewhat abated of its previous intensity.

The United States Congress have taken action relative to the circulation of small Spanish coin; and it would seem necessary that our own Legislature should endeavor to fix their value, ere we are deluged with the quantity of them that will come this way, to circulate at a rate above their value.

SPANISH SMALL COIN.—In compliance with the law of Congress, the Secretary of the Treasury has issued orders that the Spanish quarters, eighths, and sixteenths of a dollar shall not be received but at the rate of 20, 10 and 5 cents.

We understand that, in compliance with the instructions these coins will be received at the Custom House and Post Office, in this city, only at the above named rates.

These coins, after being received at the public offices, cannot be re-issued, but must, by order of congress, be sent to the mint, to be re-coined into American money.—*Danvers Democrat.*

SPANISH COINS.—These coins are now generally rejected by traders of all classes, unless purchasers consent to a discount of 20 per cent. Holders have, in many cases, sold their stock of depreciated coin on hand for its value as bullion, with a resulting loss of about ten per cent. where sixpences and shillings were of the lot. Quarters alone generally bring somewhat more, the loss on them varying from 5 to 8 per cent. The silver in these coins is worth by the mint standard \$1.224 per ounce. Whether the bill pending in Congress shall pass or not, the old Spanish currency is doomed.—*New-York Courier.*

\$500 of Spanish coins—quarters, shillings, and sixpences—yielded, by melting at the mint, a sum in silver of \$479, or, in other words, \$5 of these coins yielded \$4.79, a loss only 24 per cent., while the standard at which the government proposes to take them for dues, in the law before Congress, is at 20 per cent. discount.—We see that some \$7000 worth of Spanish coins were shipped to Cuba last week, in which market all the pieces with the pillars visible on them are worth par.—*N. Y. Herald, Jan. 27.*

All the ponds and streams in the neighbourhood of New Orleans were frozen on Monday, Jan. 26, and the skaters were out. At Cheraw, S. C., same day, the river was frozen entirely over, a thing unheard of. The intensity of the cold may be inferred from the fact that chickens, doves, and other birds were found frozen.

There is solid ice from the Connecticut shore to Long Island, for the first time in the memory of man.

One excellent medicine is at hand, whereby all lung Diseases are effectually cured? The great BALSAH or LIVERWORT AND HOARHOOD, originally prepared by Nahmeontah, an Indian maiden of the Onondaga tribe, who afterwards became Mrs. M. N. Gardner, has saved and CURED ITS TENS OF THOUSANDS! and written upon thankful hearts more than ONE HUNDRED THOUSAND REAL CERTIFICATES.

Agents in Halifax, G. E. MORTON & CO.

LIVER COMPLAINTS.

Diseases of the liver are much more prevalent than is generally supposed, even by physicians, and every derangement of that organ produces much greater effect upon the general health than is usually understood, and a remedy which will with certainty enable the Liver to perform its functions with regularity, may truly be pronounced invaluable.

STONE'S LIQUID CATHARTIC

WILL CURE ALL LIVER COMPLAINTS.

Agents in Halifax, G. E. MORTON & CO.

Holloway's Pills possess most astonishing powers in the cure of General Debility. Copy of a letter from Henry Antorae, of Charlottetown, P. E. I., to Professor Holloway: "Sir—I suffered for a number of years from weakness and general debility, and was brought to death's door by the same. I was told by those I consulted that there was no hope of my recovery, when I resolved to give your pills a trial, after using them for about five weeks, my health was considerably improved, and at the expiration of two months every symptom of disorder disappeared. (Signed) H. ANTORNE."

MARRIED.

At Lunenburg, 31st ult., by the Rev. H. L. Owen, Rector Mr. Jas. D. HALL, of Liverpool, to Miss Mary J. BROWN, of Lunenburg.

Also, by the same, 9th inst., CHAS. CURRY AITKEN, Esq., M. D., grandson of a former Rector of the Parish, to ELIZABETH CATHARINE, youngest daughter of the late George Oxner, Esq., of Lunenburg.
