The Lancet Publishing Company
61 COLLEGE ST., TORONTO

Abbey's

EFFERVESCENT SALT

FOR DYSPEPSIA AND INDIGESTION

Abbey's Effervescent Salt is the natural specific for these conditions.

Being an Antacid, it immediately relieves the acidity of the stomach and stops fermentation.

It stimulates the secretion and muscular action of the stomach and bowels, and overcomes constipation.

When its use is kept up, the normal action of the organs of digestion is re-established.
