THE SCIENCE OF MEDICINE.

Wonderful Advances Made in the
Last Few Years.

Mr. John McGovern of Toronto relates
an Experience of Deep Interest—
Utterly Helpless and suffered Greatly
Before Relief Came.

[From the Toronto Globe.]

Very little is heard by the general public of the great discoveries in medicine, and the countless scores of lives that are saved by the advancing knowledge of medical science. People who a few years ago were left to drag out a miserable existence as hopeless invalids, or helpless cripples, are now, thanks to the advances medicine has made, restored to the fulness of health and strength. Mr. John McGovern, who resides at No. 2 Alpha avenue, in this city, has good cause to appreciate the truth of the above statements. Mr. McGovern was formerly an agent for agricultural implements, and is well known in different parts of Ontario. A Globe reporter who had heard that he had been restored to health, after an illness which threatened to leave him a hopeless cripple, called upon him at his residence recently, and was given the following interesting account of his case:—

"My trouble first began," said Mr. McGovern, "two years ago when I was living in the Village of Bolton, in the County of Peel. The trouble was all in my elbows and knees, and the doctors thought it was rheumatism. I couldn't walk a block without wanting to sit down, and even to walk down stairs was hard work. It afflicted me terribly. I was all right in other ways but for this terrible weakness. For a year and a half I suffered from this, but by sheer force of will held out against it, and managed to get about; but six months ago I broke down completely, and had to give up my business. I then removed to Toronto, and for three months after this I was in terrible shape. I was almost always confined to my bed, being able to come down stairs for a little while perhaps once a day. I suffered all the time at this juncture soreness in the joints, and I was unable to eat the lightest food, and I was only able to eat the lightest food, and not much of that, I could find nothing to help me or give me relief. All this time I was unable to do anything, and had I not fortunately had a little money laid by which enabled me to go on, I would have been dependent upon my family for support. Well, while I was in this terrible shape, my eldest son prevailed upon me to try Dr. Williams' Pink Pills, and early in last July I began to use them, and I took them steadily during that month and the two following months. Before the first box was finished I began to get relief, and from that out I steadily improved until I was able to discontinue the use of the Pink Pills, feeling that I was fully restored to health. I am satisfied in my own mind that had it not been for Dr. Williams' Pink Pills I would have still been helpless and suffering, and I have much reason to be thankful that my son persuaded me to use them. Thanks to Pink Pills I am now a new man and intend soon to resume my work."

Dr. Williams' Pink Pills are a perfect blood builder and nerve restorer, curing such diseases as rheumatism, neuralgia, partial paralysis, locomotor ataxia, St. Vitus' dance, nervous headache, nervous prostration and the tired feeling therefrom, the after effects of la grippe, dis-

cases depending upon humors in the blood, such as scrofula, chronic erysipelas etc. Pink Pills give a healthy glow to pale and sallow complexions, and are a specific for the troubles peculiar to the female system, and in the case of men they effect a radical cure in all cases arising from mental overwork, or excesses of any nature.

Bear in mind Dr. Williams' Pink Pills are never sold in bulk, or by the dozen or hundred, and any dealer who offers substitutes in this form is trying to defraud you and should be avoided. Ask your dealer for Dr. Williams' Pink Pills for Pale people and refuse all imitations and substitutes.

Dr. Williams' Pink Pills may be had from all druggists, or direct by mail from the Dr. Williams' Medicine Company, Brockville, Ont., or Schenectady, N.Y., at 50 cents a box, or 6 boxes for \$2.50. The price at which these pills are sold makes a course of treatment comparatively inexpensive as compared with other remedies or medical treatment.

THERE are a good many subscribers who still owe for GRIP. Our terms are strictly in advance, and we would take it as a great favour if those who are in arrears, especially for subscriptions previous to 1894, would settle their little bills. We do not send individual receipts for subscriptions—the postage stamps would ruin us—but we acknowledge them by change of date on the red address label.
