HELLO!

Within the last two months accounts have been sent to those who read GRIP every week but have not paid for it. A large number owe for longer or shorter periods previous to the suspension of GRIP in July, 1893, as well as for the present year. We want all these old arrears to be wiped off. The list came into our hands when GRIP was revived and we paid hard cash for it, which we would like to get back. We know times are hard, but they are hard for us as well as for you, and as "mony littles mak' a muckle," the small sums you owe aggregate a large amount. Come, now, you won't miss the small sum, while it will help to replenish our coffers and make us happy. Look at your address label, and if you are not clear on GRIP's books let him hear from you by next mail.

Among the changes of the holiday season is one of some importance to citizens of North Toronto, who now boast of one of the leading commercial schools by the removal of the Warriner College of Commerce and Toronto Business College, (amalgamated 1893) to the building on North-East corner of Bloor and Yonge Streets, which has been refitted throughout to fill the demands of this well-known and growing institution. The old commodious quarters on Shuter Street answered for nearly ten years, but the new uptownhome of the College is a better location and affords fine premises and equipment. The building has all modern conveniences, the rooms are pleasant and the offices are on the ground floor which is a great advantage. The staff of five very able teachers remains unchanged. It is a worthy institution in worthy hands and GRIP wishes it the success it deserves.

REV. Geo. M. Milligan, the well-known pastor of Old St. Andrews church, is a man of good Scottish sense, not likely to take up with mere fads, and when he testifies as he does to a remarkable improvement in health and energy as the result of a course of treatment by Prof. Yernoy, at the Electro-Medical Sanitarium, it ought to encourage others who are in an unsatisfactory state of health, to give the treatment a trial. Mr. Milligan is only one of many who have been greatly benefited by the treatment. The advertisement of the Sanitarium in this issue is well worth reading.

MR. A. ANDERSON, of this city, who is making a business trip to the towns along the Canadian Pacific Railway between Toronto and Victoria, B.C., is authorized to represent GRIP and to take subscriptions and grant receipts in our name. We trust he will receive a cordial reception from GRIP's friends and be able to add many new names to our list.

## APPLETON'S POPULAR SCIENCE MONTHLY

Edited by WM. JAY YOUMANS.

The Popular Science Monthly is without a competitor.

It is not a technical magazine.

It stands alone as an educator, and is the best periodical for people who think.

All its articles are by writers of long practical acquaintance with their subjects, and are written in such a manner as to be readily understood.

It deals particularly with those general and practical subjects which are of the greatest interest and importance to the people at large.

Besides this, it keeps its readers fully informed of all that is being done in the broad field of science.

A reference to the contents of any of the late numbers will more than confirm the foregoing statement.

## ADAMS, - Has - Exhibition Plans

Learn something of these plans. Exhibition—Toronto's great industrial—opens next week. You could make some money if you could only furnish those extra rooms and let them out to visitors. But you haven't the ready money. Come to us and we will fix you up in no time. Money is tight. We are not. We're not afraid of you. Your credit is good.

## New Carpets

One of the most likely things in furnishing plans is a new carpet. We've been busy the past few days opening up a nice lot of Tapestry. Better see them.

A Columbia Gas Stove  
very reasonable.
