APPLETON'S POPULAR SCIENCE MONTHLY

Edited by WM. JAY YOUMANS.

The Popular Science Monthly is without a competitor.

It is not a technical magazine.

It stands alone as an educator, and is the best periodical for people who think.

All its articles are by writers of long practical acquaintance with their subjects, and are written in such a manner as to be readily understood.

It deals particularly with those general and practical subjects which are of the greatest interest and importance to the people at large.

Besides this, it keeps its readers fully informed of all that is being done in the broad field of science.

A reference to the contents of any of the late numbers will more than confirm the foregoing statement.

\$5.00 per annum; specimen copy, 25c.

For five days all of our \$15, \$18 and \$20 Suits and Overcoats for \$9.98.

For five days all of our \$12 and \$15 Suits and Overcoats for \$6.98.

For five days all of our \$8 and \$10 Suits and Overcoats for \$4.98.
