## TELEGRAMS.

OBIL.
Chicago, Oct. 27.—Wilbur F. Storey, proprietor of the Chicago Times, died at his residence in this city to night. He had been incapacitated for business for the past two years as the result of a stroke of paralysis received while in Europe four or five years

IMPORTANT DISCOVERY. SAN FRANCISCO, Oct. 28.-Lieut. Stoney, who has just made a second exploration of a great unknown river in Alaska, descended the river 500 miles where he reached a large lake through which the river flows. He brings specimens of gold, copper, and coal which he discovered.

FATAL MINING ACCIDENT. HALIFAN, Oct. 29.—This afternoon, as the cage was being lowered in the Dufferin shaft of the west mine of the Canada steel company's works near Londonderry, containing Richard H. Perry, Thomas Vipond, Nathaniel Bushton, Oliver Rushton, Dautel Chisholm and John McInnis, some of the gearing broke, and it was precipitated towards the bottom. Some distance down the cage caught and overturned, throwing cut the men, who fell a distance of a couple of hundred feet. The three first named were killed, two others fatally injured, and the other one very seriously hurt. An inquest was began at the mines this evening. So far as can be learned to-night no blame is attached to anybody.

BLOCKADE OF FORMOSA.

Lonnon, Oct. 29. —In consequence of the statement made in the House of Commons by the Under Secretary for Foreign Affairs, that neutrals must regard the French blockade of Formosa as a notification of the existence of war between France and China, it is expected that British ports will be closed to transports taking French troops to China. Hong Kong will be closed for the refitting of vessels after naval engagements, or as a base of applies and stores.

THE EVOLUTION THEORY.

GREENVILLE, S. C., Oct. 29. The presby-tery of the synod of North Carolina has been discussing the Darwinian theory of evolution. The issue arose from the fact that Dr. Wood row, professor of Columbia theological semi nary, with the avowed purpose of fortifying young ministers in scientific knowledge, set forth the theory of evolution, expressing his own belief in it in a modified form and de claring that it was not inconsistent with scriptural preaching. The discussion was warm and spirited, most of the leading divines of the synod participating. A resolution was finally adopted by a vote of 50 to 45, declaring that in the judgment of the synod the teaching of evolution in the theological seminary at Columbia, in a purely expectation program with no intention of inculclaring that it was not meonsistent with pository manner with no intention of inculcating its truth, is disapproved.

THE TICHBORNE CLAIMANT. LONDON, Oct. 29. The first of a series of meetings in behalf of the Tichborne claimant was held to night. The claimant delivered an address, declared his persecution by the lovernment was ascribable to the fact that Gladstone's daughter had married into the Tichborne family, and that he had determined to devote his life to obtain justice for him self and children. A resolution was passed demanding that the claimant be restored to

his rightful position.

A CHICAGO HOLOCAUST. Chicago, Oct. 29. - A large building at the corner of Lasalle and Michigan streets, the lower floors of which were occupied by hide dealers, and the upper portion by fisher's eight box factory, caught fire at noon and was completely gutted. One man was killed by jumping, and two smothered on the stairs. The factory girls escaped with the greatest difficulty. It is believed all are safe. The loss will be \$100,000. The foreman of the box factory, James Carr, got thirty-seven employees together and led them to the fire proofstairs and safely to the ground. Reing in doubt as to whether any were left behind Carr returned to the lifth story. The flames out off his escape and he hurried to the roof. A rope was thrown him from the adjoining building, but while he was descending it broke or was burnt and Carr fell through the tarpaulin which was held below and broke his neck. Another thrilling scene was meanwhile taking place at the fire escape from the chewing gum factory. Eighteen girls, panic stricken, came down pell-meil, and when within twenty-five feet of the ground the last eight jumped to the pavement falling in a confused heap. Three were painfully cut

and bruised. A TERRIBLE CONFESSION. GLEASON, Tenn., Oct. 30 .- Intense excite ment exists here over the arrest of one Taylor for poisoning John Swain, a prominent citizen. It appears that he poisoned not only Swain, but men named Jones and Groomos and a fourth man. The poison used was cantharides. He attempted to poison the guard on his way to jail. It is thought he will certainly be lynched to-night. He took the matter with the utmost nonchalance, and declined to talk. He said he had killed thir-

teen men with the same kind of poison. He appeared of sound mind. All his victims

vere men of prominence. MAAMTRASNA MURDER TRIALS. LONDON, Oct. 29.—This has been another Irish field day in the House of Commons The debate on the Irish demand for an enquiry as to the Maamtrasna murder trials was resumed, and was even more bitter and excit ing than it was last evening, whon Mr. Pernell made his attack on the Government. The event of the evening was a long speech by Mr. Gladstone, which occupied nearly an hour. He said that the Lord-Lieutenant enjoyed the confidence and commanded the veneration of everybody who knew him. At the statement there were lond groans from the Home Refers and cries of "Not in Ireland."
