HOLLOWAY'S PILLS—Impurities of the blood—To ensure health it is absolutely necessary that the fluids and solids of the human body should be kept free from those impurities which are continually getting admission into the system by erroneous living, unwholesome atmosphere, or disordered stomach. The only safe and certain way to expel all impurities is to take Holloway's Pills, which have the power of cleansing the blood from all noxious matters and at the same time removing any irregularities which their presence may have already produced in any organ. Holloway's Pills expel all humors which taint or impoverish the blood, which they purify and invigorate, and give general tone. They are applicable to all alike—young or old, robust or delicate.
