**THE McEWEN**  
**THE MOST SATISFACTORY HIGH SPEED ENGINE IN THE WORLD.**

**REGULATION**

The strongest guarantee goes with every McEwen Engine. No engine ever placed on the market has been so uniformly successful, or has better withstood the test of time than the McEwen. For twelve years this engine has been in use—For twelve years this guarantee:—

"The engine shall not run one revolution slower when fully loaded than when running empty and a reduction of boiler pressure from the greatest to that necessary to do the work will not reduce the speed of the engine one revolution."

"Any engine failing to meet this guarantee becomes the property of the purchaser upon the payment of One Dollar."

has been given with the McEwen Engine, and never has it failed to sustain it. The McEwen is the closest regulating engine in the world.

The McEwen is a high speed automatic engine designed specially for severe and rapid fluctuating loads.
