

1. Fuse
2. Body
3. Primer tube
4. Bursting charge
5. CW agent
6. Filler hole

Combat characteristics

1. Purpose To disable personnel through respiratory organs
2. Calibre 122 mm
3. CW agent

Name	Sarin
Combat condition	Vapour and finely dispersed aerosol
4. Method of dispersion Explosion of bursting charge
5. Fuse type Percussion
6. Weight of missile 19.3 kg
7. Weight of CW agent 3.1 kg
8. Filling coefficient 0.16
9. Explosive TNT
10. Construction materials Steel, copper, aluminium
