NEITHER SPONGES NOR DEAD-BEATS

Naval Contribution First Instalment of Debt, Says Hugh Clark.

HANNA VINDICATED

Members of Legislature Enlighten Central Conservatives Regarding Charges.

"I don't believe this country wishes for a minute to remain in a position where we can be accused of being spongers or deadbeats," said Col. Hugh Clark, M.P., to the Centre and South Toronto Conservative Associations last night. "The naval contribution is the first instalment of a debt, and we owe it to ourselves to pay it."

He thought that the closure should have been in use for the past fifty years. "I don't believe there is a township council in the country where business is conducted with so little decorum and business sense as in the House of Commons of Canada," he said. A great deal of important business had been neglected because of the time wasted in useless speeches, and he thought the closure should be introduced in the very first week of the session, so that every subject got a fair share of attention. "It had been claimed," he continued, "that if the senate vetoed the naval bill it would not be because they disagreed with the government, but because there was no mandate from the people; but this contention could not be sustained in view of the statements made by Premier Borden previous to his election."

Nothing more discreditable had occurred in years, he thought, than the Proudfoot charges, but, as expected, they had proved groundless. His eulogized Provincial Secretary Hanna's work in prison reform, which could never be forgotten.

E. J. Owens, M.L.A., said that the past session in the local house had been one of the most strenuous since the dying days of the Ross government. The opposition had been studiously offensive and had not hesitated to take advantage of the meanness, riddles to harass the government, and had disregarded all the rights of self-government. The attack on the premier, he said, had been made in "a back-door style," but out of all this trouble the premier and party politics had come unscathed. He paid an eloquent tribute to Premier Borden, and hoped that there would be 200,000 of Toronto's best citizens in the hall and on the streets to bid him welcome.

Captain Macdonald, M.L.A., expressed great satisfaction regarding the vindication of Premier, Whitney and Mr. Hanna. He questioned whether there was a politician in the world who could get up and say that he had not accepted contributions for party funds.

The president of the association, Arthur VanKoughnet, presided, and arrangements were made for the societies' part in the Borden reception, and for the commemoration of the death of Sir John A. Macdonald.

PROXY MARRIAGE OCCURS TONIGHT

Continued From Page 1.

stordam, Holland. He left his native land for Canada a year ago, arriving in Toronto last May. Before leaving it was agreed that the girl to whom he was engaged would join him in Canada as soon as he was well settled here and had a home to receive her. He states that he had all this earlier in the year, but thought it would be better for his wife to arrive at her future home in the month of June, when she would see Toronto at its best.

Custom in Holland. The young Hollander explained to the world that while it was unique for a native of Holland to reside in a foreign country to be married by proxy, the ceremony of marriage by proxy is due to the fact that large numbers of Dutchmen leave Holland to live in the Indian possessions of Holland, and they afterwards desire to have their betrothed join them there. In order that the journey from Holland to India might be made without unnecessary risk, the marriage by proxy system was established and it has since met with favor, and also has acted as a great stimulus in inducing the Dutch to take up residence in the possessions of that country in India.

TODMORDEN. The East York Township Conservative Association will hold its regular monthly meeting tonight in Bator's Hall.

O. H. A. CHAMPIONS BANQUET. The T. R. & A. A. will officially close their successful season on Thursday night when they will hold their banquet in honor of the champion hockey team at the Prince George Hotel. The John Ross Robertson Cup will be presented and the medals from the O. H. A.

APPROVE PLAN OF REVISED ROUTE

Eastern Electric Railway's Extension Before Scarborough Council.

STATUTE LABOR LAW

Tax on Agincourt Residents to Be Commuted at Rate of Dollar Per Diem.

A motion approving the plan of the revised route of the Toronto Eastern Electric Railway as far as Scarborough Village was passed at the monthly meeting of the Scarborough Township Council yesterday. They also approved plans of part of lot 6, plan 412, and part of road allowance between lots 34 and 35, concession A.

The council were notified of a dispute in connection with a right-of-way over the land lying between the old Don fourth road and the southerly limit of the G.T.R., which was sold to Benjamin Morton for \$1000 by deed dated Feb. 6, 1886. A bylaw enacted in 1879, authorizing the closing up of the road by the Scarborough Council at that time was put before the present council. This bylaw was revised by the council yesterday, after an accurate survey of the roadway had been made, and they approved making the right of way an open one.

A bylaw was passed for the commutation of statute labor imposed upon the inhabitants on all lands comprising certain concessions of the township, and all statute labor imposed on the inhabitants of the Police Village of Agincourt and the first concession is to be commuted at the rate of \$1 per day. This will be in a separate column in the collector's roll, and is to be collected and accounted for in the same manner as other taxes. Persons whose names appear upon the assessment roll, and who are liable by law, shall be assessed will not be exempt by law, and every male inhabitant of certain portions of the township between the ages of 21 and 60, who is not assessed, and who is not exempt by law, shall be rated for statute labor and commuted in accordance with the schedule provided by the bylaw.

Council arranged certain roads in the township into divisions for uncommuted statute labor purposes, and appointed township officers for the year.

May Build Entrance. Mr. Lee of Pleasant avenue was granted permission to construct an underground entrance to his property underneath the sidewalk, provided he should be responsible for any damages arising from its construction.

A motion was passed to the effect that all persons desiring to use the township road machine could do so on payment of \$4 per day, and that it was to be held responsible for damages incurred.

Councillor G. Little stated in reply to a number of complaints which have been made regarding the delay in repairing the wash-out on the Kingston road between sections 34 and 35, that the council were not responsible for the repairs, but that it was a matter which the county roads commission should give attention.

F. Hermyl complained to the council about the condition of the culvert in front of his premises, which he stated was dangerous for vehicular traffic.

The trustees of school section No. 13 complained of the dusty condition of the school lot, and suggested that it should be covered with gravel.

Council were authorized by school section No. 14 to issue debentures in the sum of \$12,000 for the erection of a new school.

WARD SEVEN.

Shortly after 9 o'clock yesterday morning Albert Newland, an employee of the Swift Canadian Co., was found unconscious in the refrigerating room, with a heavy box pinning him to the floor. Dr. Clendenen was summoned and the injured man was removed to his home at 45 Raybould avenue, where he regained consciousness.

Fortunately, his injuries were not serious, consisting chiefly of bruises. He had been passing beneath a shelf piled with 100 pound boxes, and one of these had fallen, striking him in the abdomen.

The senior classes of the Annette Street Public School leave Keele street this morning in special cars, for the Palestine exhibition in Exhibition Park. This jaunt was planned by the school board for the older pupils of the public schools.

The Ward Seven Ratepayers' Association will not meet tonight in the Annette Street School, but on Thursday evening. C. J. Atkinson of the Toronto Boys' Dominion will address the citizens on the foundation of a province in West Toronto. The lecture will be illustrated by lantern views.

Several more dusty streets received their sprinkling with oil yesterday. The relief from the dust which is much appreciated by the citizens.

The pupils of Miss Pebody and Muriel Robertson gave a piano recital last evening in the assembly hall of the Toronto Junction College of Music, Dundas street. They were assisted by Miss Rae Shipman, violinist, and Miss Jessie Kennedy, and Miss Evelyn McGill, vocalists, and a delightful program was given.

THE MUSICIANS' CONVENTION

Parade of delegates, led by their own band, prior to the opening of the convention at the Labor Temple.

DUTIES ON CEMENT AND SUGAR TO BE CUT

Continued From Page 1.

1912-13, while our exports had only risen during the same period from \$98,000,000 to \$151,000,000.

Growth and Imports. Without discussing the much-disputed point as to whether an adverse balance of trade is really adverse, Mr. White said that Canada would naturally be a heavy importer, owing to the rush of immigration, the vast public works being carried on, and the startling growth of our cities. Estimating the true balance of trade between Canada and the United States, it must be remembered that 140,000 American settlers last year had brought to Canada in money and effects at least \$140,000,000.

Turning to the coming year, which ends March 31, 1914, Mr. White thought that we would hardly show as starting an increase in revenue, but the revenue for the year should be abundant to meet all current expenditures and nearly all expenditures upon capital account. These expenditures he estimates at about \$130,000,000.

Cut in Sugar Tariff. Next came the announcement as to tariff changes. The majority of these changes were of minor importance, but necessary by the recent treaty between Canada and the British West Indies. The most important of these deals with the tariff on sugar, which is to be reduced to 16%.

The duties will now be upon sugar: Upon all refined sugar and sugar above No. 16, duties standard and testing not more than 88 degrees by the polariscope—preferential, 72c; intermediate and general, 83c; and for each additional degree preferential, 1c, intermediate and general 11-3c. On raw sugar, the former preference of 31c per 100 lbs. is reduced to 16%, the new preferential rate being 40% and the general rate 57 1/2c.

Will Help Consumer. The privilege heretofore accorded to refiners importing foreign sugar at the preferential rate to the extent of 20 per cent. of the sugar refined by them is withdrawn. The minister said that the loss to the revenue would be about \$600,000 per year.

Mr. W. F. Maclean (South York): "Will that advantage the consumer?" Mr. White: "I hope so. To some extent."

The minister then announced that the duty on cement would be reduced. The present duty per cwt. is: Preferential, 12c; intermediate, 12 1/2c; general, 13 1/2c. The new rates will be 10c, 10c, and 10c. As applied to imports from the United States, the duty will be reduced from 4 1/2c per barrel to 3 1/2c a barrel.

Various Reductions. Type-casting and type-setting machines are placed on the free list, and are traction ditchers of not more than \$3000 in value. Glassware sterilizing apparatus for laboratory work in hospitals and mining resuscitation appliances to produce artificial respiration where persons are poisoned by gas go on the free list. Cotton yarn, 40 or finer, is classified as thread, but as the same is sized and spooled and thus treated as raw material by certain manufacturers, there is a reduction of duty from 10, 12 1/2 and 15 per cent. to 7 1/2, 10 and 10 per cent. The time for lead bounties to be paid is extended for another five-year period, but no money is appropriated except what still remains of the original vote of \$2,500,000 in 1903. When lead reaches the price of £17 on the London market, all bounties are to cease. The production of lead in Canada has increased greatly, the London price has been so high of late that no bounties have been paid. They are only payable when the price on the London market is less than £14 10s per ton.

Cocoa and Chocolate. Some of the new tariff items are as follows. The three rates stand for the British preferential, the intermediate and the general rate: Cocoa, paste or "liquor" and chocolate paste or "liquor" not sweetened, in blocks or cakes: per lb., 3-12c, 4c, 4c. Butter produced from cocoa beans: per lb., 1-12c, 2c, 2c. Cocoa paste or "liquor" and chocolate paste or "liquor" sweetened, in blocks or cakes of not less than two lbs. in weight: per lb., 3-12c, 4c, 4c. Preparations of cocoa or chocolate, in powder form: 20 p.c., 25 p.c., 30 p.c. Dr. A. B. Ferry, president, J. H. Addison, vice-president, G. L. Allen, secretary, C. Macdonald, treasurer, J. C. Wieman, executive, J. T. Allen, J. Murphy, Jas. Sibley, T. E. Speirs, R. B. Hamilton.

BORDEN SPRINGS SURPRISE ON HOUSE

Continued From Page 1.

the resolution, he would introduce the bill which would also include compensation for railway employees, when the railway changed its terminal points or moved its shops.

Mr. Maclean asked the minister when the Intercolonial was to be extended into Ontario. This national highway, he said, should reach the Niagara and Detroit Rivers and the Georgian Bay as well.

Mr. Cochrane said that some running rights had been acquired over the Grand Trunk. He was also negotiating for running rights over other roads.

The resolution was then adopted and the bill founded upon it was introduced and read a first time.

Back to Naval Bill. The naval bill as reported from the committee of the whole, with an amendment, was then taken up. Hon. Mr. Pugsley immediately moved that "the bill be recommitted to the committee of the whole house for the purpose of considering Mr. Carroll's (Cape Breton) amendment, so that the bill could be properly reported for the third reading."

Mr. Speaker drew attention to the fact that the motion was not properly made inasmuch as it did not give the proposed amendment.

Mr. Pugsley retorted by declaring that the chairman had not properly reported the bill.

Illegal, Alleges Pugsley. He then drew attention to the fact that the chairman had refused to consider his motion on Friday night. Such action was illegal, Mr. Pugsley declared. If it were permissible, then the government had simply to postpone the consideration of any bill and on the following day it could be brought back for consideration or even sufficient discussion.

He also based his motion on the ground that the chairman had refused to consider his motion on Friday night to the effect that "the chairman do now leave the chair."

Mr. Speaker: "I rule that you are out of order. The chairman can only be censured by a substantive motion of which previous notice must be given. However, there is no objection to the bill being recommitted for the purpose of considering the proposed amendment made by Mr. Carroll."

Knowles as Critic. Mr. Knowles (Moose Jaw): "Would it be out of order for me to criticize the prime minister and the member for Portage la Prairie, McGeigh, for making a tool of the chairman?"

Altho the Speaker paid no attention to Mr. Knowles' question, it was received by the government members with cries of "shame" and "silly."

Hon. Frank Oliver desired to know whether the chairman had properly interpreted the rules on Friday night, and as to whether the bill was now properly before the house.

Forced a Vote. The Speaker ruled that the bill had been properly reported, but repeated his statement that there could be no objection to its recommitment. As to the impropriety of Mr. Pugsley's criticism of the Deputy Speaker in regard to his (Mr. Pugsley's) motion to recommit, he had already ruled.

"Then," said Mr. Pugsley, "I appeal from the decision of the chair." Thereupon a division was had and the ruling of the Speaker was sustained. Yeas 74, nays 37.

The motion to recommit was then voted down and the formal amendment to the naval bill reported from committee, to wit, clause 6, proposed by Mr. Borden, requiring an annual report to parliament of all expenditures made under the Naval Aid Act, was agreed to.

Would Censure Blondin. Just before the house adjourned Mr. E. M. MacDonald, the Liberal member for Piquet, N. S., gave notice of a motion censuring Deputy Speaker Blondin for his rulings at Friday night's sitting. One ground of censure is based upon the division which was had and the ruling of the Speaker was sustained. Yeas 74, nays 37.

MT. FOREST. May 12.—The Lorne LaCrosse Club reorganized, with the election of the following officers: Patrons, J. J. Cook, J. A. McMullen, E. B. Yule, T. C. Husien, Dr. Chas. Jones; hon. president, Dr. A. B. Ferry; president, J. H. Addison; vice-president, G. L. Allen; secretary, C. Macdonald; treasurer, J. C. Wieman; executive, J. T. Allen, J. Murphy, Jas. Sibley, T. E. Speirs, R. B. Hamilton.

SENATE DISCUSS W. INDIAN TREATY

Sir Mackenzie Bowell Thinks Bargain Will Prove Empire Binder.

OTTAWA, May 12.—(Can. Press).—In the senate tonight the bill amending the Dominion Police Act was given third reading, as was the bill amending the International Employees' Protective Fund Act.

The bill to control wireless telegraphy was put thru committee after the various clauses had been explained by Hon. Mr. Loughheed.

In committee on the bill to confirm the agreement between Canada and the West Indies, Senator Domville stated that he could see no prospect for trade expansion. Canada needed some West Indian sugar, but as to the West Indies there appeared to be very little likelihood of much of Canada's products being taken.

Sir Mackenzie Bowell stated that when he was minister of customs it had been found that some of the darkest and poorest looking sugar gave the highest saccharine test. He had introduced the system prevailing today of ascertaining the strength of sugar. He felt that there was opportunity of getting large quantities of goods to the West Indies if Canadian manufacturers and producers sought the trade intelligently. This was a bargain which would bind the hand outlying portions of the empire more closely together and should be ratified.

The senate adjourned until tomorrow.

GOLF.

The following are the winners in the May handicap match, played at the Lakeside Golf Club on Saturday:—

First Flight.—Gross. Hcp. Net. A. S. Hamilton..... 88 18 70 J. G. O'Donoghue..... 85 14 71 H. M. Wetherald..... 87 14 73

Second Flight.—Gross. Hcp. Net. J. W. McCabe..... 107 24 83 Dr. Woods..... 112 25 87

The Toronto Hunt Ladies' Golf Club have issued their program for the coming season. The following members comprise the handicap committee: Mrs. Barnard, Mrs. Duncan and Mrs. Burns. The fixtures are: May 13, 2 p.m.—R. A. Smith's prizes, 18 and 14 holes.

May 13—"Kings" competition begins. Mrs. P. Burrill's prize. May 16, 11 a.m.—Monthly competitions, driving and approaching and putting. Mrs. Goodlock's prizes.

May 20, 2 p.m.—Mr. Alfred Hawes' prizes, 18 and 14 holes. May 23—"Kings" handicap. May 23—"Epitaph" match, 18 holes. Mrs. Duncan's prize. Players are invited to luncheon at 12 o'clock.

June 4—Toronto Hunt, at Rosedale. June 10, 2 p.m.—Mrs. J. J. Dixon's prize, 14 holes. June 12—London Hunt, at Toronto Hunt.

June 17, 11 a.m.—Monthly competitions, driving and approaching and putting. June 17, 2 p.m.—Ladies' foursomes. June 19—Lambton, at Toronto Hunt.

Grant of the Maitlands, Torpey of Eatons and McArthur of Young Torontoes are all mentioned as possible applicants for the net position of the Indians. Mark Cummings of Cornwall, a home player and net guardian, and Charlie George, one of the best players in Montreal, have signed with the Irish-Canadians.

Ed. Harris of St. Catharines will likely be found with the Tecumseh this season. Harris is one of the best defence men in the amateur ranks, and last year refused offers from both the Indians and Torontoes. He will likely be found at cover-point for the Indians in their first engagement against the Torontoes in Montreal.

Recruits Still With Team. HAMILTON, May 12.—It was announced in one of the local papers that Manager Lee had given Fletcher Teed his release and had sent Jack Flynn, the kid who played at short for the Tigers in the exhibition game here last night, to St. Catharines. Both Walter Teed and Shorty Flynn were on the grounds in uniform, however, yesterday. Manager Lee was asked yesterday what he would do with them.

MEMBERS OF BUILDERS' UNION ENDORSE ACTION OF STRIKERS

Decided at Mass Assembly Not to Work Alongside Non-Union Men Employed in Allied Trades — Unrest Spreads to Carpenters, Who Have Called Special Executive Meeting to Discuss Employers' Offer.

All delegates present at the meeting of the Building Trades League last night voted in favor of their men not working alongside non-union men who are employed in the building trades. This is the outcome of the successful experiment tried in connection with the construction of the Ralph Clark building, which is being erected on Carlaw avenue, when union bricklayers and other workmen went out on strike in sympathy with the striking structural iron workers and plasterers' laborers.

Sixteen large unions directly connected with the building industry are affiliated with the Building Trades League, and represent a total membership of about 10,000 and 15,000. How soon action will be taken by the different unions in calling out more of their men in sympathy with the strikers is not known, but it is expected that something will be done by the first of next week.

The largest organization in the Building Trades League is the bricklayers' and stone masons' union. Other large bodies are the plumbers and steamfitters. A meeting between the Master Plasterers and the committee representing the Plasterers' Laborers' Union was held yesterday morning, but nothing in the way of a settlement was decided upon. The Master Plasterers say that they proposed the action, but the question be settled by arbitration, but this proposal was absolutely refused by the committee representing the Plasterers' Union.

No change of moment has taken place in the situation between the striking structural iron workers and their employers.

Carpenters, Too. Whether the carpenters will go out on strike will definitely be decided on Friday night, when a special meeting of the joint executive of the two unions will be held.

For the past few months the possibility of a strike of the carpenters in Toronto has caused considerable apprehension and worry on the part of contractors. The unions put their demands before the employers some time ago, but as no agreement could be reached, the carpenters now state that if their demand of 45 cents an hour is not accepted a strike cannot be averted. It is understood that a compromise of 42 cents an hour has been offered by some of the contractors, but has been refused.

Fifty Quit Work. The line between Niagara Falls, Ontario, and Toronto, owned by the Niagara Transmission Company, which supplies power for the Toronto Street Railway and Toronto Electric Light, will probably be tied up within a few days, should the demands of the electrical workers not be conceded with.

The World was informed last night that over fifty men quit work for the Niagara Power Company, in sympathy and the balance of the workmen on the transmission lines between Niagara Falls and Toronto will be called out today. It was also reported that twelve men from the Metropolitan Radial Line at North Toronto, will come out at 6 o'clock this evening.

WAR NEEDLESS ASSESS BRYAN

No Cause Cannot Be Better Settled Than by Reason, His Declaration.

WASHINGTON, May 12.—(Canadian Press).—"We are here to substitute the spirit of peace for the spirit of war. The ideals of peace are greater than the ideals of war. We know of no cause that cannot be settled better by reason than by war."

These were some of the sentiments expressed tonight by Secretary Bryan, who said he spoke for the president of the United States and for the administration under which he holds office. He was addressing the gathering at the banquet by the Carnegie Endowment for International Peace for the delegates from Great Britain, who are here to prepare plans for the celebration of the 10th anniversary of peace among English-speaking nations and the signing of the treaty of Ghent.

Mr. Bryan said he wished to present three thoughts on the subject of peace between Great Britain and the United States.

Higher Ideal Than War. "That proposed monuments along the Canadian border would testify to the spirit of peace and the work of the dead of a century ago; that the monuments would give the lie to the thought that man must have war to be strong, and that the two nations would in the days to come see the world a higher ideal than the ideal of war."

In his introductory remarks Senator Root, who presided, said that this peace of the hundred years should be the occasion for such a celebration as the world has never seen.

Lord Weardale of the British delegation replied on behalf of his countrymen and country, also did the British ambassador, Sir Arthur Cecil Spring-Rice. These speakers were followed by representatives of Australia, Canada, Newfoundland and the Municipality of Ghent, where the peace treaty between the envoys of America and Great Britain was signed.

AMATEUR BASEBALL.

The Kaw Beach team of the Beaches Senior League will practice Tuesday and Thursday evenings at 6.30 in Kaw Gardens. Every player is requested to be on the job.

Royal Baseball League, eastern section, withdrew Park-Oracles 12, Carlaw 4; Oakdale 14, St. Augustine 10.

The Na-Dru-Co. will practice Tuesday and Thursday nights on the Don Flats, west of the city. All players are requested to be on hand and any wishing to join.

Any team, average age 16, wishing a game for May 24, write W. G. Robertson, 384 Ossington avenue.

A good team (18 and under) wishes to sign up a good catcher. G. Sloan, phone CO. 295.

High Park was the scene of Saturday's game between Riverdies and Beavers. Score: Beavers..... 2 2 2 1 2 4 0-12 Riverdies..... 0 2 3 1 0 4 2-12 Batteries: Smith, Caskey, Stuart, Hill and Thorne Berdie.
