## Grand Trunk Railway.

## CAR DEPARTMENT.

POINT ST. CHARLES STATION, Aug. 29th, 1866.

To R. EATON, Esq.

SIR,

No. 65, first-class car, started to run Oct. 16th, 1865, with four Star metal bearings and four brass bearings; this car has run eight months and three weeks, making 60 round trips since the time named; the car was two months in shop under repairs, viz.: March and April; it has run 39,960 miles. On examining the bearings on Friday last, the 24th inst., found one brass very much worn, and it had to be taken out; at the same time had to take out the Star metal bearing opposite to it; the other three Star metal bearings and the three brasses were good and fit to run for at least a month or six weeks.

	<i>lbs. oz.</i>
Star metal, when put in.....	7 0
“ “ “ taken out.....	5 10
Lost.....	1 6
Brass, when put in.....	7 4
“ “ taken out.....	5 1
Lost.....	2 3

Yours respectfully,

(Signed,) WM. CORNER.

P.S.—I send you in the Star metal and brass bearings for your inspection.

WM. CORNER.
