# NAKE UP," CRIES REID TO EAST TORONTO VOTERS

Corrupt Ring Tells People How to Vote-Conventions Crooked, Declares Independent.

"The day of trafficking in nominations for a consideration must come to an end," declared J. B. Reid, Independent Conservative candidate for Seat B, East Toronto, at a meeting held in his interests at Armstrong's Hall, Pape-avenue, last night. "I have known when nominations for

safe seats brought as high as \$10,-000," he continued. "Is it any wonder that no man can represent the people faithfully under the present corrupt party systems? The man who buys a nomination is worse than the thief who steads upon you in the

right.

"Delegates have been stacked and conventions have been loaded. This can be denied, but the denials are lies. I have seen men choked off in convention who arose simply to voice their views. The people have had no choice in the matter. They have been directed as to how they were to vote by a corrupt ring, which gathers about the government erib as vultures about a carcase—for what there is in it.

The Stomach Welcomes Quick Relief.

A Stuart's Tablet not only aids digestion but it actually does the digesting itself. In other words it furnishes exactly the same elevents for the digestion of food as the natural juices of the stomach. The stomach, therefore, is not called upon to do any of the work except to churn the juices furnished by the tablet and then push the digested food alons into the intestines where it will be still further digested and the strength taken up by the blood to be carried to the muscles and nerves of the body.

So by taking a Stuart's Dyspepsia Tablet after a meal you give the stomach the rest it needs in which to mend itself and grow well again. And you absolutely prevent the souring of any food, the formation of any poisonous gases, belching, foul breath or constipation.

Stuart's Dyspepsia Tablets have done more for humanity and have caused more rejoicing than any other one agency that can be named.

Every druggist everywhere sells and personally recommends Stuart's Dyspepsia Tablets. The price is 50 cents per box. If you first wish to try them a sample package will be sent you free if you write to F. A. Stuart Co., 150 Stuart Bldg., Marshall, Mich. The Stomach Welcomes Quick Relief.

nerves, the nerve that runs into the pocketbook.

The Newark Shade Tree Commission deplores the fact that our native song birds have been driven out; birds that would otherwise abound in our city streets and parks and would keep the tree borers and other injurious in sects in check and make the work and the expense of protecting the shrubs and trees much less difficult and costly. Thus they enter into the tax levy.

The state forrester calls attention to the fact that the decimation of the birds has resulted in the loss of fruit, nut, shade and timber trees to the value of many hundred thousand dollars, because the insects have had undisturbed freedom to work their mischief. Thus they affect the high cost of living. The national government has spent large sums of money to protect the birds and to inform the people of their value as friends and fellowworkers, and has compiled statistics showing the millions of dollars' worth of crops and trees destroyed every year because the birds were killed and the injurious insects were allowed to unfuly multiply and thrive. Thus they were related to depleted crops and profits.

Great tracts of land and whole isropean countries are enlisted in bird protection. So are the South American countries, and there is not a state in the Union that does not have bird protecting laws of some kind. It has become a matter of financial necessity.
