

The spirit of contentment runs through the store. Business has been good and times prosperous. We share in the general enthusiasm, with more to be thankful for this year than ever before.

It ought to be thanksgiving with us every day, so far as reasons are concerned. We've had such a trade and such good will.

Store closes while we all keep festival.

CREW HAVE SLIM CHANCE.

Submarine May Not Be Floated in Time to Save Lives.

Paris, Oct. 17.—A feeling of the deepest pessimism prevails on account of the disaster to the French submarine boat Lutin, which left Bizerta, Tunisia, yesterday, for plunging experiments, having on board a crew of 34 men, and which was reported last night to have disappeared.

The submarine lies in 30 fathoms of water, and it is pointed out that the submarine boat Farfadet, which sank last summer in the same vicinity, but in only ten fathoms of water, was nine days at the bottom, and when she was refloated all her crew were dead.

The British battleship Impalpable, the armored cruiser Carnarvon, and the torpedo destroyer Albatross, left Valetta, Malta, at full speed yesterday afternoon for Bizerta, with diving gear to assist in salvaging the Lutin.

To-day being Thanksgiving Day, according to custom the parliament buildings will be closed. Business will be resumed to-morrow morning.

Actuaries Bradshaw, Papps and Wood are attending a meeting of the Actuarial Society of America at Hartford, Conn., while Actuary Sanderson yesterday lectured at Minnesota State University.

YORK COUNTY AND SUBURBS DROPS DEAD AT HIS WORK

IN C.P.R. CARPENTER SHOP John Davis' Sudden Demise—In-cendiary Fire at Weston Destroys Three Horses.

Toronto Junction, Oct. 17.—John Davis of 13 McMurray-avenue dropped dead at 5.55 this evening while employed at his machine in the carpenter department at the C.P.R. shops. He was noticed by his fellow employes to suddenly throw up his hands and drop to the floor. Dr. Clendenen was sent for, but when he arrived shortly afterward pronounced life extinct at the age of 32 years of age, and leaves a wife and three of a family. One resides at home. The remains were removed to the funeral home at Prospect Cemetery on Saturday afternoon.

Lacey, former electrician at the Weston lighting plant, is minus a stable, three horses, a buggy, cutter and quantity of feed, etc., at a total estimated value of \$150. At 5.15 flames were noticed by neighbors but by the time Lacey was aroused the building was enveloped in flames and all attempts at a rescue of the horses were futile.

A number of tramps have been seen in the neighborhood during the past few days, and it is supposed, as Mr. Lacey never kept the stable locked, that one or more of these made their quarters there last night. The loss is only partially covered by insurance in the York Mutual.

Richmond Hill, Oct. 17.—Wm. Trench & Son are exhibiting a number of fancy rigs at the Woodbridge Fair.

Bruce, E.D., conducted the funeral services and made an impressive address, and the Masonic ceremony was read by Bro. T. A. Lamson, worshipful master. He was then kicked in the face, with the result that his jaw is broken in two places. Several young men standing near did not seem called on to offer any assistance, but he was picked up by Mr. McCully, who got off the car. Action has been taken by the brick company and Constable Rutledge of Streetsville has taken W. Wilcox to Brampton, refusing bail offered by Mr. Gray, in whose factory Wilcox works. Others may be implicated.

As a special feature of both afternoon and evening programs at Massey Hall to-day Signor Leoncavallo will produce the beautiful new "Ave Maria," in which Mme. Calvi is the soloist. The assisting vocalists, all of whom appear at each concert, are Mme. Calvi, Risini and Ferrabini, and Messieurs Barbaini, Bellatti Perya and De Ferran. The afternoon program begins at 2.30 and includes the "Chatterton" Intermezzo, four vocal and instrumental selections from "Zaza," a septet from "Medici" overture and duet from "Roland of Berlin," the prelude from "Pagliacci" and the "Ave Maria." The evening program is the "Pagliacci" one. In the second part are the Suite Andante, the "Roland of Berlin" quartet, duet from "Zaza" and the two excerpts from "La Boheme." The box office at Massey Hall will be open all day.

Montreal Gazette: "Mons. Parozitz came into instant favor. His first selection, Chopin's 'Grand Polonaise,' proved him a master of his instrument, while his succeeding numbers were played with a brilliancy of technique and delicacy of touch which charmed all. Liszt's 'Rhapsodie Hongroise' was a tour de force, and he received an ovation at its close. His group of selections by Chopin were splendidly rendered." At Elm-street Methodist Church this evening.

Jessie Alexander at Association Hall this evening should attract an overflowing house. The popular favorite will be ably supported and the program is an exceptionally attractive one. This will be the 'last opportunity to hear' Mrs. Alexander as she leaves for California. To-day the pian will be at Association Hall from 9 a.m.

FIRE CHIEF'S CONVENTION.

Chief Thompson Home Again After Long Journey to South.

Fire Chief Thompson returned home yesterday from Dallas, Texas, where he attended the convention of International Fire Chiefs, held there last week. He was accompanied on the trip by Mrs. Thompson. It was rather a tiresome journey of three days and three nights, going via Detroit, Cincinnati, Louisville, Memphis, and then straight on to Dallas, passing thru immense fields of cotton. Corn and tobacco were other crops largely in evidence in the states thru which the trip was made.

Dallas, the chief compares in appearance and size with Hamilton. The convention was really well attended, but it was decided hereafter to hold the conventions in a more centrally located city, and it is possible a permanent place of meeting will be decided upon. Washington gets the convention next year.

Interesting papers were read, the one most discussed having to do with the use of rubber tires for apparatus, which was generally concurred in; the preference as between combination hose and chemical wagons or chemical wagons alone was to be taken by firemen in the building bylaws of their own community.

Gloom was cast over the convention by sudden death of Dr. J. H. Sprague, Chief of Sprague of Paterson, N.J., retiring president of the association. Chief Tyson of Louisville, too, had to hasten home owing to the illness of his wife's father and a series of special trips, which he had planned to give some of the delegates, had to be abandoned.

Chief Kellogg of St. Louis, Iowa, is the new president and Chief Tyson of Louisville vice-president of the association.
