**WAITERS HAVE A SYSTEM TO HOLD OUT ON EMPLOYER**

Swindle Operations Broken Up by Dismissal of Several Employees With "Captain."

A combine of waiters for the purpose of systematic stealing from the McConkey Restaurant by a system of false dismissal of several of the waiters and a "captain," who is a little above a waiter, but below a head waiter.

Suspicion was directed to the men waiting on the private rooms at the King-street restaurant, where the payment on checks by reason of the fact that a large proportion of the patrons of this part of the restaurant leave by a side entrance and do not pass through the office.

The check pads at the McConkey place are issued by these captains, and the men were given a duplicate set. The order of the customers was taken down on one of these and the charge made and paid. Then a false check was made out for a lesser amount and the difference pocketed by the waiter.

Detectives were called in from police headquarters, but, beyond dismissing the men a few days ago the company has taken no action in the matter, although the shortage has been missing for a considerable time. It was not learned that the customers were being stung in any way.

**WIRE MEN ASK EXTRA PAY SUNDAYS AND HOLIDAYS**

G.T.R. Transportation Manager Brownlee Refuses Demands of Telegraphers.

Representatives of the G. T. R. telegraphers met Mr. Brownlee, transportation manager, yesterday and asked for an increase of \$4 a month on main lines and \$3.50 on branch lines above the present minimum rate, which is \$4.50 on main line and \$3.50 on the branches.

They also wanted extra pay for Sundays and holidays. The latter clause Mr. Brownlee balked at and as a result negotiations have been called off.

The telegraphers are now waiting to see higher authority, either Mr. Fitzhugh or Mr. Hays.

Eight hundred men are affected by the present negotiations and 98 per cent. of them are said to be willing to walk out if it is found that it is necessary to enforce their demands.

**GERMANY HOPES FOR INTERMEDIATE TARIFF**

Morning Post Refers in Scathing Terms of the Newfoundland Incident.

BERLIN, Oct. 16.—(C.A.P. Cable.)—The Neueste Nachrichten predicts that the result of the negotiations proceeding between Germany and Canada will be the conclusion of a commercial treaty, whereunder Canada will concede the intermediate tariff she has already conceded to France.

The paper remarks: "We shall be obliged to tolerate the exceptionally favorable treatment Canada concedes the mother country."

The Morning Post reiterates that the annals of British diplomacy can hardly contain a more humiliating story than that unfolded in the Newfoundland correspondence. The Americans desired by the simple method of declaring their intention to exercise them in any case. The Post adds that it might have been expected that Premier Bond would now realize how necessary it is that Newfoundland should join hands with Canada.

## BLIND RIVER'S FIRE CHIEF IS NOT GUILTY

Was Overheard to Say "They Are on Our Trail," But Magistrate Had Doubt in His Mind.

SAULT STE. MARIE, Ont., Oct. 16.—(Special.)—Last night the summary trial of George Raymond, chief of the fire department at Blind River, who was accused of causing incendiary fires there, came to an end at a late hour and the accused was discharged. Raymond elected summary trial before Magistrate Williams on the charge of arson, in connection with Edwards' and King's boarding houses.

He pleaded not guilty and was defended by Barrister Mulligan of Sudbury. The case for the prosecution was conducted by V. McFadden of the Soo, who acted for the crown attorney. A large amount of evidence was taken and the trial consumed the whole day.

The municipality of Blind River had three secret service men in town endeavoring to locate the fire flingers.

On the night of the Edwards fire Charles Rogers, clerk in the Huronic Hotel, swore he heard Raymond talking to two unknown men and using the words, "They are on our trail; we must be careful."

At the same time Raymond is said to have referred to Edwards' boarding house and the Presbyterian Church. When Rogers drew the information to the police several constables were put on guard.

Detective Hart of the Thiel Secret Service Agency positively identified Raymond as the man who set a fire between the Edwards and King boarding houses. The magistrate stated there was some doubt in his mind as to the guilt of the accused and dismissed the case, also he expressed the opinion that recent fires had all been of incendiary origin. Three other suspects, Goovra, Lablane and Gaudreau were allowed to go.

**WILDCAT KILLED AT BALL LAKE**

Ferocious Animal Pursued in a Punt by River Drivers and Killed by Blow on Head.

LINDSAY, Oct. 16.—(Special.)—A specimen of the ferocious wild cat family was killed by river drivers at Ball Lake and brought to town on a log of logs.

The animal is extremely long and thin. It is of light brown color on the back, turning to nearly white on its breast. It has a formidable row of teeth and long claws, and a bobtail completes a fierce-looking picture.

The cat was first seen swimming rapidly thru the water, was followed in pursuit of a deer and a rabbit. The drivers took after it in a punt. The beast turned at bay, but was killed by a blow over the head.

**JOE BOYLE THINKS HE WAS HANDED A LEMON**

Was Sold Two Claims and Some Machinery in Yukon and Asks Half Million More.

OTTAWA, Oct. 16.—(Special.)—Some newspaper have recently published sensational statements imputed to J. A. Boyle, editor of the Fort Frances Times, as to alleged cannibalism on the part of Indians between the eastern shore of James Bay and Labrador.

As this area covers a very extensive territory it is impossible for either the Indian department or the mounted police department to confirm or deny the statements which have been imputed, erroneously, it is believed, to Mr. Osborne.

Meanwhile, letters have been sent to that gentleman on behalf of the Yukon and Klondike companies, asking for a denial of the assertions credited to him.

**CONDUCTOR GRAHAM FREE JURY SAYS NOT GUILTY**

Judge Charged Strongly Against the Prisoner—Brakemen Were Acquitted on Instructions.

PARRY SOUND, Oct. 16.—The trial of Conductor Graham for manslaughter was concluded at the assizes here to-day. After two hours deliberation the jury returned a verdict of acquittal.

The case arises out of a head on collision which occurred on the Canada-Atlantic division of the Grand Trunk on May 31st last, in which fireman Alexander Hochen was killed. The judge's charge to the jury was strongly against the accused, pointing out as he did the fact that the train order had been disregarded.

His Lordship, Mr. Justice Clute in discharging Graham, told him he had had a very narrow escape, and that the jury had taken a very merciful view of the case.

The two brakemen, Archibald Looker and Joseph Lighthall, who were indicted on the same charge in this case, were acquitted also, the judge directing the jury to acquit, which was done without the jury leaving the box.

It was not shown in the evidence that these men knew of the stop-over orders.

**GAS ON IN ROOM.**

Alfred H. Wilson, S. A. Veteran, Found Dead in Bed.

The body of Alfred H. Wilson, a young Englishman, was found in his room yesterday morning at 34 Baldwin-street, by his landlady. The gas jet in the room was turned on full and the case bore indications of suicide.

Wilson, who was a South African veteran, was a private in E Company of the Royal Grenadiers, and Col. Gooderman yesterday purchased a plot in Necropolis Cemetery, where he will be buried to-day from A. E. Miles' College-street undertaking rooms, where Ven. Archdeacon Sweeney will conduct the service.

Chief Coroner A. J. Johnson decided that no inquest will be necessary.

## SOLDIERS' POET IN TORONTO

Continued From Page 1.

speaks on Friday at the Canadian Club and leaves that evening he has not a minute to spare. His one idea last night as he left the train was to hurry off to the hotel and have a tub and get his mail.

As the train reached the Union Depot Mr. Mackay jumped on board and took the distinguished gentleman and his wife to a carriage, and they were so charmed by the sight of him that they hurried off to the hotel.

**Rush Thru Canada.**—Mr. and Mrs. Kipling are going to their farm in South Africa in December, so they have not much time to spare in Canada. It has been a rush thru the country, great scenes, splendid air and plenty of champagne. Rudyard has grasped the situation everywhere. He has talked to lieutenant-governors and immigrants, unchained with politicians and had a meal in a shack near Medicine Hat. He has driven over the prairie and ridden on a trolley along a line of construction, and he has kept his large eyes open.

Although shortighted nothing escapes his vision, and Mrs. Kipling follows his example.

Mr. Kipling's Pullman was crowded with literary and artistic friends, full of luggage, bearing labels from Calcutta to Charing Cross, London, via the Cape of Good Hope.

At Ottawa the Kiplings are going to stay at Rideau Hall as guests of Lord and Lady Grey.

To-day he has been asked to open the fair at Woodbridge and will try and keep his appointment.

## ABOUT RUDYARD KIPLING

—BY—  
BAY BANDOUBUST NAGAN

Rudyard Kipling was born 42 years ago in Bombay, the gateway of India, a city many writers have tried to describe, and many have failed to do justice. "Bombay hangs like an oriental ear-jewel across the mouth of this bow of bare hills filled with green water."

In the streets of the bazaar are to be seen half the faces of India—Persians and Parsees—and as Kipling has said: "A thousand miles roar thru me where I glean."

All races from all lands. Bombay is the first of Indian cities, and a suitable birthplace for one who has brought such striking personality to the literature of the century.

Kipling's father was a civil servant, one of those men who give their whole lives to India and work under the sun. For his services he was awarded a companionship of the Indian empire and a pension.

Leaving the land of regrets at an early age, Rudyard went to school at the United Service College at West Ward
