# WHILE SYDNEY SENATE PO GREETED DUKE FIRE CONSUMED HOME AND PROPERTY

Worst Conflagration Nova Scotia Has Seen Since Windsor Was Wiped Out.

BEGAN WITH OIL-STOVE EXPLOSION.

Business Part of City

Sydney, N.S., Oct. 20.-Chaos reigns in Sydney to-night. Where large and flourishing mercantile establishments stood yesterday there is now nothing but smoulder ing ruins. Tall chimneys, charred brick walls and smoking debris tell the story of the greatest conflagration in the history of Sydney. The scene to-night is in striking contrast to the scene of last Sunday night, for there are very few stores standing, and those that are are enveloped in darkness. another about in their mad desire to gaze on the scene of devastation.

An Oil Stovs Overturns. to stay the progress of the flames. Shortly before 2 o'clock yesterday afternoon the alarm was sounded, and it was not long before the citizens of Sydney realized that the greatest condagration in the history of its fury, and all on account of the overturning of an oll stove in the large furniture store of Gordon & Keith, on the western side of Charlotte-street, which was being used for melting glue.

Firemen Handicapped. water pipe in the centre of the town, flames were coming out of every window. The firemen fought with vigor, the the heat and smoke were almost unbearable,

Co., and The Maritime Premium.

Leaped Across Street. northeast wind was blowing, and the flames soon leaped across the street ship canal. to buildings occupied by H. Balls & Co., to buildings occupied by H. Balls & Co., burefers; Chappell & Warren, bakers and confectioners, and Isaac Greenwell. A few doors north of the last-named store stood the brick three-storey department store of Prowse Bros. & Crowell, and the flames spread with lightning rapidity to it, and it was soon a mass of flames, and nearly the whole of the Prowse stock was contemplated the construction of two parallel dikes on the bed of the rapids, 150 feet west of the line of the international bridge, which crosses the international bridge, which crosses the street sumed. The blaze shot across the street sumed. The blaze shot across the street sumed. The blaze shot across the street sumed. The fall of water will be an organized a short time ago for the purpose, and vesterday made application to the Board of Supervisors, in accordance with the State Statute for permission to divert the waters of the river for the project. The plans contemplate the construction of two parallel dikes on the bed of the rapids, 150 feet west of the line of the international bridge, which crosses the international bridge, which crosses the sum of the purpose, and vesterday made application to the Board of Supervisors, in accordance with the State Statute for permission to divert the vaters of the river for the project. The plans contemplate the construction of the purpose, and vesterday made application to the Board of Supervisors, in accordance with the State Statute for permission to divert the State Statute for permission to divert the waters of the river for the project. The plans contemplate the construction of the purpose. The plans contemplate the case in which the large brown bear was enclosed, and was busily engaged in tearing to pieces a large duck. Mr. Carter at once obtained assistance and soon had the wild cat cage burners; Chappell & Warren, bakers and organized a short time ago for the pur-

sumed. The blaze shot across the street to Burns' corner, also down Prince-street, toward Bentinck-street.

In less than an hour the whole east side of Charlotte-street, from Prince William to Pitt, was in flames. The next street east of Charlotte is Bentinck, and a number of cottages on the west side of this street proved ready victims of the fire; ber of cottages on the west side of this street proved ready victims of the fire; and their sparks ignited a number of

the store of A. D. Ingraham on the corner getically endeavored to confine it there, and they succeeded. At Prince William a hard fight was waged, and it also proyed to be a victorious one, for here the fiend was held in check. Back of Gordon & Keith's another brigade worked hard, and succeeded in saving the Esplanade

But, while the firemen were successful worked with might and main. Eight thou-sand feet of hose were out, which included. 900 feet belonging to Glace Bay, 1000 feet belonging to North Sydney, and 1000 feet belonging to the Steel Commany. The local belonging to the Steel Company. The local firemen had the assistance of the brigades DIPLOMATIC AND SOCIAL EVENT. Falls to-day, she having been notified by also from the above-mentioned places. Be-

Steel Company, secured a large quantity of dynamite, and, with the assistance of some employes of the works, used it to good effect. For three hours the fire burned with great fury along the above-mentioned streets, and it was thought that the whole of the town would be destroyed. whole of the town would be destroyed. But shortly before 6 o'clock the conflagration about in the air formed a fascination to the out was under control. Vacant lots at the corner of George and Prince-streets prevented the spread of the flames in that direction. The City Hall and the Baptist Church, both on Bentinck-street, narrowly

## \*\*\*\*\*\*\*\*\*\*\* FIRE LOSSES AT SYDNEY.

The total loss is estimated at \$300,000, with insurance \$200,000.

It is hard to get at insurance losses, but J. E. Burchell figures that between \$60,000 and \$70,000 will cover the loss to the British America, the Canadian, the Liverpool and London and Globe, the Phœnix of London, the Queen, the Sun, the Union, the National, the Western.

A. M. Crofton calculates the following losses: The Royal. \$6000; the Phænix of Hartford, \$6000; The Hartford, \$8000, and the Caledonian, \$6000.

## **DUKE'S FAREWELL WORD TO CANADA**

Impressed With Heartiness and Cordiality of Reception Thruout the Dominion-Immigration is This Country's

was issued late to-night by the Duke of
York:

H.M.S. Corbin.

H.M.S. Ophir, at Hanfax, Nova Scotia, Oct. 19, 1901. Dear Lord Minto,—Before leaving Canada I am anxious to make known you with what regret the Duchess and I bid farewell to a people who, by their warm heartedness and cordality, have made us feel at home amongst them from the first moment of our arrival on

their shores.

I should like particularly to express
I should like particularly to express I should like particularly to express our gratitude for the generous feeling which has prompted all classes to contribute towards that hearty and affectionate welcome which we have met with. This has been strikingly snown, not only in the demeanor of the crowds, and the general manifestations of rejoicing with which we have been greeted, but also by the trouble and ingenuity displayed in the illuminatious and street decorations carried out with such consplcuous taste and success by private persons, as well as by the government and local authorities.

We are greatly touched to find in the smallest and most remote places thru which we passed what great efforts had been made by the inhabitants to manifest their kindly feelings towards us. GOLDWIN SMITH COMING HOME

I recognize all this as a proof of the strong personal loyalty to the throne as well as a declaration of the deep-sear ed devotion on the part of the people of Canada to that unity of the Em-pire of which the Crown is the sym-We wish to record our sincere thanks

to the Dominion government, the Pro-vincial authorities, the municipal bodies and private individuals, for their generous hospitality, their kind forethought and the extreme care and forethought and the extreme care and trouble they have bestowed upon all the arrangements for the reception and accommodation of ourselves and our staff. I feel that we are specially indebted to Mr. Pope, by whom so much of the detail was ably dealt with.

Wherever we have been the police during were admirably, capried out.

duties were admirably carried out. We wish to express our special obligation to the Commissioner of the Do-minion Police and other police offi-cials for the excellent manner in which they have discharged the important responsibilities devolving upon them. Short as, unfortunately, our stay in Canada had to be, it was sufficient for

us to understand something of its a spirit of enterprise, determination and willingness to work, desire to seek a wider, less crowded and richer field than that offered by the congested inlustries and professions of the Mothe

I trust that these possibilities may be taken advantage of in the future, and that suitable emigrants from the Mother Country may come in large numbers. At Calgary, we witnessed a large and representative gathering of Indians. Then and on other occa-sions addresses were presented from different tribes. I was glad to hear of the progress they have made and the contentment in which they live under the arrangements made for their benefit by the Dominion government. One of the most important features of our visit was the enormous distance traversed by rail, and we feel a difficuity in adequately thanking the Do-minion government for all that was organized and most effectually carried organized and most effectually carried out for our railway journeys. The train built especially for the occasion by the Canadian Pacific Railway was a marve! of convenience and comfort, and nothing seems to have been forgotten which might tend to reduce the fatigue inseparable from such a long journey. Special facilities were afforded to enable us to see the most striking points of interest in the vast regions of magnificent scenery thru which we passed. nificent scenery thru which we passed, while we received every possible attention and consideration from the officials and servants of the company. To the authorities of the Grand Trunk and Intercolonial Raflways also our special thanks are due for all trouble and consideration which they devoted to providing for the part of our journey which lay over their lines, and for the afficiency and success with which

which lay over their lines, and those the efficiency and success with which all the services were performed.

We hope that the public did not suffer on account of the special arrangements made for our traveling, which, perhaps, necessitated some interference with the general traffic.

Most Crying Need.

Halifax, N.S., Oct. 20.—The following I am especialry anxious to record my Police. I had the pleasure of inspecting a portion of the corps at Calgary, and was much struck with the smart appearance of both men and horses, and with their general steadiness on parade. They furnished escorts thruour our

stay in Canada, frequently horsed our carriages and found the transport, all of which duties were performed with ready willingness and in a highly creditable manner. The reviews which were held at Quebec, Toronto and Halifax enabled me to judge of the nilitary capacity of the Dominion and of the splendid material at its disposal. Many of the corps showed smartness and soldier-like bearing. I was glad to find that a field

hospital organization has recently been provided, as well as a company of engi-I was much interested in our visit to if was much interested in our visit to the Royal Military College at Kingston to see what excellent provision the Dominion government has made avail-able for the preliminary military educa-tion of its militia officers. Every country now recognizes the ne-cessity of securing the greatest possible will transport to the present of the out-

military efficiency in return for its outlay on defence, and that the material at hand should not be sacrificed for the lack of adequate training and leading, which can best be insured by a fully qualified staff. I was delighted to have the opportunity of presenting a large number of medals to officers and men for services in South Africa, and it was most gratifying to see with what enthusiasm they were welcomed by their fellow citizens.

It was a great pleasure to us to be accompanied thruout our tour by the distinguished Prime Minister of the Dominion. As this must have been done at a great personal inconvenience we are all the more grateful to Sir Wilfrid Laurier for his valuable help and com-

Laurier for his valuable help and companionship.

And finally to Lady Minto and yourself we wish to express our most sincere thanks for the unfailing kindness and generous hospitality which we have received as your guests, and also for the great pleasure and valuable assistance that we realized in the presence of either Lady Minto, or both of Your Excellencies, during our long journey. I am further anxious to record my thanks to Major Maude for the efficient manner in which he and the rest of your staff dealt with the exceptionally heavy and dealt with the exceptionally heavy and anvious work, and overcame the numer-ous difficulties connected with our tour, and for all that they have done to

help me and my own staff.

We wish it had been possible to remain longer in Canada, and by availing ourselves of the many pressing invita-tions received from different centres. To become acquainted more intimately with its various districts and their people, but we have seen enough to carry away imperishable memories of affec-tionate and loyal hearts, frank and independent natures, prosperous and pro-gressive communities, boundless produc-tive territories, glorious scenery, stupendous works or nature, a people and a country proud of its membership of the Empire, and in which the Empire finds one of its brightest offspring.

Our hearts are full at saying farewell. We feel that we have made many friends in all parts of the Dominion, and that we owe and gladly extend to its people our shoere friendship, and its people our sincere friendship and good wishes. May the affectionate re-gard which all races and classes have so generally shown us knit together the peoples of Canada and strengthen the existing tie that unites the Emple.
Believe me, dear Lord Minto, very sin-

cerely yours, Palm Garden open all winter. Delici ous Hot Soda with Whipped Cream and Ice Cream Soda Bingham's Drug Store, 100 Yonge Street.
