In changing seasons the Underwear question is of first importance to men of all ages and forms. This by way of introduction. Our stock is full of freshness. Not a 1901 piece to be found anywhere in the limits of the whole department. What of the prices? They range from 25c for a dependable balbriggan to \$10.00 for a silk combination suit. The sum total of satisfaction goes with Eaton underwear. What more can we say?

### Day Bicycles

Wheel-wise folk know the truth of the statement that a bicycle can be reasonable in price and worthy as well at one and the same time. The old idea of splendid workmanship and fancy prices going hand in hand was exploded long ago.

Our Day Bicycles at \$25.00 and \$35.00 are dependable wheels-beautiful of form, rugged of strength and, as you see, easy in price. They are built on honor and merit—every wheel carrying the maker's guarantee to be free from defect in workmanship and material.

Suit yourself as to size of frame, turn of handle-bars and all other matters incident to bicycle buying for personal use. Don't expect the embodiment of any freak ideas however. The Day Bicycle is not an experiment, but a solid fact—a careful figuring out of the maximum value for a minimum price. The 1902 Dunlop tires hold it up. They're long-lived and of such sustaining powers as to inspire immediate confidence.
